Lightning Kills Few.

In 1906 lightning killed only 169 people in this whole country. One chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robt. Madsen, of West Burlingson, Iowa, proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They are the best stomach, liver and kidney remedy and blood purifier on earth. Only 50c, at Fort Pierce Drug Co.
