MORE TROUBLE FOR POOR JOHNNY BULL

The Rossia of St. Petersburg Roasts England.

SHE MUST SETTLE SCORES

Her Adversity Is Russia's Opportunity—A Scathing Arraignment In the Imperial Publication—No Time to Be Lost.

ST. PETERSBURG, Feb. 21.—The Rossia has a vigorous article on the text that England's adversity is Russian opportunity.

"England has fettered Russia by many treaties. The moment has come to break these fetters. Now is the time to pay off old scores. Europe has many and heavy ones to settle with England. As England did not scruple to turn to her own advantage Russia's weakness after the Turkish war, so Russia should not hesitate to avail herself of the opportunity presented by England's difficulties in South Africa. There is no time to be lost.

"Russia must not wait for promised reorganization of the English military system. If she does her hour will have passed and it will be too late."

CRONJE REPORTS ATTACK

Spunky Fighting by the British at Schoizmek Laager.

PRETORIA, Transvaal, Feb. 21.—A portion of an official report from General Cronje, dated Sunday Feb. 18, has been given out as follows:

"Yesterday morning about 6 o'clock, while removing the laager near Schiozmek, we were attacked by the British. The fight lasted until 7:30 in the evening.

"Although on the whole the British were driven back, they each time renewed the attack. The loss to the British must have been considerable. Thus far the Boer loss has been eight killed and 12 wounded. This morning the British shelled us with cannon. Chief Commandant Ferreiras' force was too small to stop the cavalry from entering Kimberley."

Philadelphia Recess Officials.

PHILADELPHIA, Feb. 21. — Returns of yesterday's election in this city did not come in from some of the outlying wards until almost daylight this morning. Sixteen magistrates were voted for and the result shows a decided victory for the candidates named by the municipal league in opposition to the regular Republican and Democratic nominees. While the Republicans elected by reduced pluralities the ten candidates they were entitled to under the law, only two of the six Democratic candidates were successful, the municipal league electing the other four.

Unseating of Quay.

Mr. Penrose of Pennsylvania this morning gave notice that on Washington's birthday, immediately after the reading of Washington's funeral address by Senator Foraker, he would call up the senate resolution providing that the "Hon. Matthew S. Quay is not entitled to take his seat in this body as a senator from the state of Pennsylvania." Mr. Penrose directed attention to the fact that the question involved was privileged and intimated therefore that it would take precedence over other matters.

France Reciprocity Treaty.

The senate committee on foreign relations today ordered a favorable report on the treaty of reciprocity with France. No amendment was made to the treaty.

IDAHO MINING TROUBLES.

Witnesses Testify in the House Investigation.

WASHINGTON, Feb. 21.—The investigation of the mining troubles and on conduct of the United States forces in Idaho last summer continued today before the house committee on military affairs.

Frederick C. Robertson resumed his narrative begun yesterday, giving the legal proceedings he adopted in behalf of the imprisoned miners and the difficulties he claims to have encountered from the military authorities, state officials and the courts.

"He said he was refused to be present at the inquest of those killed during the outbreak and was unable to communicate with the accused miners as to the their rights, although representatives of the mining company were present. He protested to the attorney general that miners were being denied the right of counsel. Throughout the proceedings the witness said the military authorities were in control of affairs and United States soldiers guarded the imprisoned men, bringing them to and from court.

The witness said General Merriam was in charge of the bull pen. These were improvised quarters, as no prison was available, and consisted of old buildings and box cars surrounded by a wide fence. Mr. Roberts expressed the opinion that the United States forces should have been used to preserve order and uphold the civil authorities, but in fact, he declared, they superseded the civil authorities, and in some instances, which were detailed, arrested men in no way connected with the outbreak.

VENEZUELAN WAR A HOAX.

Consul General Says People Are Enjoying a Clean Government.

NEW YORK, Feb. 21.—Reports which were cabled from Trinidad, under date of Feb. 5, to the effect that General Jose Ignacio Pulido, minister of war of Venezuela, was planning a revolution against the administration of President Castro are declared by that official to be without foundation and calculated to do him an injustice in Caracas.

Senor E. Gonzales Esteves, consul general of Venezuela in New York, alleges that President Castro is securely seated, is giving the people a clean administration and has the respect and support of a great majority of all Venezuelans. The members of his cabinet are peculiarly loyal to him. Senor Esteves has received a cable dispatch of which the following is a translation:

"Report from Trinidad, dated fifth inst., is inexact. I am in full sympathy with the policy of General Castro and with the liberal party. Please have this statement published in the New York Herald.

"GENERAL JOSE IGNACIO PULIDO,
"Minister of War."

Senor Esteves also says that conspirators in other Central American republics are constantly plotting against the peace of Venezuela and it was probably one of these irresponsible persons who set afloat the untrue report concerning General Pulido.
