THE OYSTER SEASON.

The oyster in his bed of ooze,
Waked with a start from his summer snooze,
Opened his shell, and said, with a yawn:
"I fear that our season of safety is gone,
For my pleasant dreams were disturbed by the jar
That is always caused by the letter R,
And I know by the keel of that hideous sloop
That some of us shortly will be in the soup!"

And so they will, for the sloop was filled with the finest and fattest. This sloop was sent out by Nick Apostle and these choice oysters are now for sale, done or raw, ready to chaw, at his restaurant. You can get them by the plate, dozen, hundred, barrel, dray load, wagon load or car load. Owing to the rush of business the serving of regular meals will be discontinued after this week, but special orders will be served at any hour of the day or night.

Sacrificed to Blood Poison.

Those who have never had Blood Poison can not know what a desperate condition it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones.

Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. The little one was unequal to the struggle, and its life was yielded up to the fearful poison. For six long years I suffered untold misery. I was covered with sores and ulcers from head to foot, and no language can express my feelings of woe during those long years. I had the best medical treatment. Several physicians successively treated me, but all to no purpose. The mercury and potash seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. We got two bottles, and I felt hope again revive in my breast—hope for health and happiness again. I improved from the start, and a complete and perfect cure was the result. S. S. S. is the only blood remedy which reaches desperate cases. MRS. T. W. LEE, Montgomery, Ala.

Of the many blood remedies, S. S. S. is the only one which can reach deep-seated, violent cases. It never fails to cure perfectly and permanently the most desperate cases which are beyond the reach of other remedies.

S.S.S. For The Blood

is PURELY VEGETABLE, and is the only blood remedy guaranteed to contain no mercury, potash, or other mineral.

MIDY

Perry's Sentence Commuted.

WASHINGTON, Ga., March 9.—Fred Perry, the notorious criminal who killed Mr. Jep Dennard, and who has been three times sentenced to hang for that crime, has again escaped the gallows through the untiring efforts of his attorneys. Perry was to hang here today, but the governor has notified the sheriff of the verdict of the pardon board, which gives the fellow life imprisonment in the penitentiary. The gallows and everything pertaining to the execution had been made ready, but if Wilkes county's record is followed the gallows will decay long before she swings a man into eternity. Every precaution was taken to prevent violence.

Mr. Phelps Weaker.

NEW HAVEN, March 9.—There was a slight change for the worse in the condition of Professor E. J. Phelps this afternoon. The official bulletin, issued by the attending physician, states that the patient is growing weaker; his death will probably not occur for two or three weeks, but no surprise will be occasioned if he dies at any time.

Debs Accepts Nomination

INDIANAPOLIS, March 9.—Eugene V. Debs, after having been offered the nomination for president by the amalgamated socialists this morning, consented to accept. Job Harriman will be nominated for vice president. Mr. Debs had positively refused to accept the nomination, but finally succumbed to persuasion.

Cannot Visit Thomasville.

WASHINGTON, March 9.—President McKinley has been obliged to decline an invitation to visit Thomasville, Ga., next week. It was stated that while the president would like to go, public business will not permit of his leaving Washington at this time.

Testimonial From Judge Gaston.

GREENVILLE, Ala., Aug. 10, 1899.

I take great pleasure in certifying to the purity and the merit of Wilkinson's Matchless Mineral Water. This natural mineral tonic, to my personal knowledge, is taken from a well three miles east of Greenville, in the exact condition in which it is sold. I have seen this water used, with wonderful success, for dyspepsia, indigestion, sore eyes and for eruptive diseases, sores and ulcers on man and animals. As a remedy for these troubles, I do not believe its equal exists. It is highly recommended by physicians for a number of diseases.
