NO HUMBUG!!
THE undersigned have purchased the Patent right of C. H. WILLIAMS'
DOUBLE ACTING BALL VALVE
Force and Lift Pump,
For the States of Tennessee, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi and Louisiana. We have tested the Pump in all its recommended uses for ordinary purposes—in wells, and as fire engines; and hesitate not to say that it is superior to any pump now in use. It is simple and plain in its construction; can be taken to pieces or put together by an ordinary man, black or white, in half a minute. There is not a screw or bolt about the pump; there is the least imaginable friction—hence its durability. It is almost impossible for it to get out of fix by usage.
When used for a well or cistern it can be converted into a Fire Engine in one minute, and by one man water can be thrown over the tallest houses in the country. It is invaluable as a Fire Engine, and especially in the country or country towns.
It is equally well adapted to all machinery, Railroad Tanks, &c., and will, when known, supersede all other pumps. It can be used for either hot or cold water.
Having fully satisfied ourselves as to the capacity, value and utility of the Pump, we are ready to make sales of the above territory by counties or States, (except the Western District of this State, which has been sold.) We confidently recommend the Pump to the citizens of the States mentioned.
The Pumps are cheap, and therefore within the reach of every family.
