The wheels are then revolved, and a number is drawn from the wheel (No. 5,409) and at the same time a Prize is drawn from the other wheel. BRIMFIELD, MASS., 20th Dec., 1855.

DR. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Cough, Hoarseness, Influenza, and the concomitant symptoms of a cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints.
EBEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your PECTORAL myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Hooping Cough, Influenza.

SPRINGFIELD, MISS., Feb. 7, 1856.

BROTHER AYER: I will cheerfully certify your PECTORAL is the best remedy we possess for the cure of *Whooping Cough, Croup* and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.
HIRAM CONKLIN, M. D.

AMOS LEE, Esq., MONTEREY, Va., writes, 24 Jan., 1856: "I had a tedious influenza which confined me in doors six weeks; took many medicines without relief; finally tried your PECTORAL by the advice of our clergyman. The first dose relieved the tightness in my breast and lungs; less than one-half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."
J. PUGH, Nancy County.

Asthma or Phthisic, and Bronchitis.

WEST MACUNGIE, PA., Feb. 4, 1856.

SIR: Your CHERRY PECTORAL is performing marvellous cures in this section. It has relieved several from a running symptoms of consumption and is now curing a man who has labored under an affection of the lungs for the last forty years.
HENRY L. PARKS, Merchant.

A. A. RAMSEY, M. D., Albion, Monroe county, Iowa, writes, Sept. 6, 1855: "During my practice of nine years I have found nothing equal to your CHERRY PECTORAL for giving ease and relief to consumptive patients, or curing such as are curable."

Among the volumes of evidences, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. None as human aid can reach, but even to those the CHERRY PECTORAL affords relief and comfort.

ASTOR HOUSE, NEW YORK CITY, March 5, 1856.

DOCTOR AYER, LOWELL: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been five months laboring under the dangerous symptoms of consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.
Yours with gratitude and regard,
ORLANDO SHELBY,
of Shelbyville.

Consumptives, do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—*Phila. Ledger.*

THE GREATEST INVENTION OF THE AGE.

West's Patent Galvanic Cement
For Roofing.

THE subscriber is now prepared to cover roofs of buildings with a new and better article than ever before known. The public are aware that our Government has had scientific men experimenting, and that it has been the study of Architects and Builders, for years, to discover an article for roofing purposes, that would stand the sudden changes of the weather, and be impervious to fire and water, and remain a permanent fixture. As yet, nothing has been attained without costing more than the people wish. The contraction, expansion and rusting of metal roofs, are so great in changeable climates, that they become useless, unless being repaired at great expense yearly. Shingles are not fire proof, and cannot be used on flat roofs, and the various Compositions and Cements that have been brought into use for roofing, do not stand the action of the weather, but they run when it is warm, and crack when frosty, and after one or two years become crumbly, and worthless; whereas, the inventor of the Galvanic Cement, has labored twenty years to combine articles to obviate those difficulties, and can testify from his long experience, and numerous testimonials from reliable persons, who have had his combination applied to their buildings, that his Cement is the cheapest and best article ever before known. The combination of this Cement is such that it is excellent for only a new roof, flat or steep, covering over old shingles without removing them; lining eave-troughs, ceasing around battlements, chimneys and skylights. Covering cornices, steamer-decks, &c. This Cement, by its non-corrosive and gummy properties, prevents metal roofs from rusting and unroofing, and resists the extremes of heat and cold, better than any thing ever invented, for either roofs or for covering metal and the out side of wood buildings, making them fire proof. Its appearance is like slate; beautiful for the rich palaces or the humble cottage.

The undersigned having secured the right to the State of Tennessee, will sell rights of Territory, by Counties or Towns, on reasonable terms.

The subscriber is also prepared to cover roofs of buildings, in any part of the State, at the shortest notice.

This Roof is now being put on in this city, for the benefit of all concerned, and warranted to cost all other modes of Roofing. The subscriber has used his mode of Roofing he tends as to its qualities, during the last year and a half in the city of Memphis, which has proved satisfactory, to which a number of the most prominent citizens can testify.

W. S. BENNETT, Proprietor.

Attached is a note from John L. Morgan, Esq., Architect, by which may be seen the opinion of Mr. Samuel Sloan, the celebrated Architect, and writer upon Architecture, whose experience with this mode of roofing, wiho it is doubt, is satisfactory to all.

MEMPHIS, March 12, 1857.

MR. W. S. BENNETT.—When in Philadelphia, Pa., a few days ago, I called upon Mr. Samuel Sloan, the celebrated Architect, and author of the Model Work on Architecture. I asked his opinion as to the durability, &c., of West's Patent Roof, such as you are using in the city of Memphis and he informed me he had not had the relation in saying to me that it is a good and durable roof, and he did not hesitate to recommend it to be used for the purpose, and that he advocates claim it to be; for her saying that he is using it on a fine building for himself. Respectfully,
JOHN L. MORGAN, Architect.
