FINKLE & LYON Sewing Machine Comp'y.

538 BROADWAY, NEW YORK.

Any person who contemplates purchasing a Sewing Machine for Family or Manufacturing purposes, should fail to send for one of our Circulars, which contains cuts and full descriptions of the several styles and samples of work, all of which we send by mail free. We claim to have the

Best Sewing Machines in the World

For Either Family or Manufacturing Purposes,

And all we ask is a fair trial. Read the following:

IMPORTANT FACTS.

FACT No. 1.—The Company being duly incorporated, their Machines are protected against infringements or litigation.

FACT No. 2.—These Machines make the lock-stitch, alike on both sides—and use a little less than half as much thread and silk as the chain or loop-stitch machines.

FACT No. 3.—These machines are better adapted than any other sewing machines in the market to the frequent changes and almost endless variety of sewing required in a family. They will sew from one to twenty thicknesses of Materials without stopping, and make every stitch perfect. They will even sew from the finest gauze to the heaviest cloth, and even sewed hard leather, without changing the feed, needle, or tension, or making any adjustment of the machine whatever. Is not such a machine best adapted to family use? and if best adapted to family use, why not for every variety of light sewing manufacture? For work too heavy for our Family Machines we recommend our larger sizes.

FACT No. 4.—These machines make the most elastic seam of any sewing machine in use—a fact of very great importance in sewing elastic goods, or goods of any kind on a bias.

FACT No. 5.—No machine is more durable or more simple in its construction, or more easily understood. With exception of these machines sold, we need will fully demonstrate each of the above facts.

FACT No. 6.—These machines took the highest premium at the Franklin Institute, Philadelphia.

FACT No. 7.—These machines took the highest premium at the New Jersey State Fair.

FACT No. 8.—These machines took the highest Medal at the American Institute in the city of New York, together with the highest premium for fine Sewing Machine work.

FACT No. 9.—These machines took both the highest premiums at the Mechanics' Fair, Utica, N. Y.

FACT No. 10.—These machines can do the same thing generally, whenever properly exhibited in competition with other first class sewing machines.—but we have space for only one more fact—It is the most important fact of all.

FACT No. 11.—We warrant every machine we sell to give better satisfaction than any other sewing machine in the market, or money refunded.

☞ Send for a circular. AGENTS WANTED.

WINDOW CORNICE and Curtain Bands, at SILSBEE'S

GREAT REDUCTION

IN THE PRICES OF

SINGER & CO.'S

Standard Machines,

WELL KNOWN TO BE

THE BEST

For Manufacturing Purposes.

No. 1, Shuttle Machine, Formerly Sold at $90, Reduced to $70.

No. 2, Shuttle Machine, Formerly Sold at $100, Reduced to $75.

SINGER'S LETTER A MACHINE

—IS THE—

BEST MACHINE IN THE WORLD

For Family Sewing and Light Manufacturing Purposes.

PRICE, [*with Hemmer*, AND BEAUTIFULLY ORNAMENTED,] $50.

WE WOULD ask for our LETTER A Machines the special attention of Vest Makers and Dress Makers, and all those who want Machines for *light manufacturing purposes.* They embody the principles of the Manufacturing Machines, making, like them, the interlocked stitch, and are destined to be as celebrated *for Family Sewing* and light manufacturing purposes as our Manufacturing Machines are for manufacturing purposes in general.

FAMILY SEWING MACHINES are valuable in proportion to the number of things they can do well. See what ours can do before making a purchase.

There is no doubt as to the value of our Machines for manufacturing purposes, but it is only of late that the public began to learn *that the essential elements of a machine best adapted to the heaviest work, would also be the elements to be embodied in a Family Machine.* It is now well understood that our Letter A Machine is the only Family Machine yet offered to the public which has *simplicity, rapidity, durability, and certainty of correct action.* While as a general thing, the sewing-machine people are candid enough to acknowledge that our machines are unequaled for *manufacturing purposes*, they are almost sure to assert, in the same breath, that *Singer's Letter A, or Family Machines, are not as good as theirs!* This is a mere trick of the trade, and we confidently invite those interested in the subject to examine for themselves, and see what our Letter A Family Machines, with all the recent improvements, are capable of doing. While they will

SEW THE MOST DELICATE MATERIAL TO PERFECTION,

As already stated, they are also adapted to *light manufacturing purposes*, and this, be it remembered, cannot be said of any of the other Family Machines yet offered to the public.

The Nos. 1 and 2 Machines are of great capacity and application for manufacturing purposes.

Our No. 3 Machines are especially adapted to all kinds of

Light and Heavy Leather Work

IN CARRIAGE TRIMMING,

BOOT AND SHOE MAKING,

HARNESS MAKING, &C., &C.

They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. the table of these machines is 24 inches long, and the shuttle will hold six times as much thread as the shuttle of those used for tailoring purposes. The large machines work as fast as small ones.

We have always on hand,

Hemming Gauges, SILK TWIST,

LINEN AND COTTON THREAD ON SPOOLS.

Best Machine Oil in Bottles, &c.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the working of any machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the genuine articles.

In case of small purchases, the money may be sent in postage stamps or bank notes.

☞ Correspondents will please write their names distinctly. It is all important that we should in each case know the Post Office, County and State.

☞ All persons requiring information about Sewing Machines, their sizes, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices, for a copy of

"I. M. Singer & Co.'s Gazette,"

which is a beautiful Pictorial Paper entirely devoted to the subject.

☞ IT WILL BE SENT GRATIS.

☞ We have made the above

Reduction in Prices

with the two-fold view of benefiting the public and ourselves. The public have been

SWINDLED BY SPURIOUS MACHINES MADE IN IMITATION OF OURS.

The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, BADLY MADE, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability, and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal and finished to perfection.* We have the ways and means, on a grand scale, to do this.

The purchasers of Machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow rates* of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will earn *more money with less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machines as a gift.

Local Agents Wanted.

Past patronage gratefully acknowledged.

R. B. BUCKHOUT.

East Saginaw, Nov. 1, 1861.

Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual *Alterative* that can be made. It is a concentrated extract of Pure Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the disease Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to the large class of afflicted fellow-citizens. How completely this compound will do it has been proved by experiment on many of the worst cases to be found at the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, TUMORS, PIMPLES, BLOTCHES, TETTERS, BLOTCHES, SCALD HEADS, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, ULCERS, NEURALGIA or the DISTRESSING, DISABLING, DISCIPLINE AND INFLUENCE, RHEUMATISM, BONE on ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY of the BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many sickling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary gait of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY

DR. J. C. AYER & CO.

LOWELL, MASS.

Price, $1 per Bottle; Six Bottles for $5.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaints, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five boxes for $1 00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled excellence of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given, with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER's, and take no others. The sick want the best aid there is for them, and they should have it.

All our remedies are for sale by
