PLATEAU GAZETTE.

Saturday, October 20, 1883.

The "GAZETTE" is published every Saturday, at the Publishing Offices, Central Avenue, Rugby, Morgan County, Tenn.

County and General Intelligence from the whole District, and notices of local events will be most thankfully received.

Correspondence on topics of interest is invited. The name and address of the writer must accompany all communications, if for publication.

This paper is entered at the Post-office at Rugby, Tenn., as second-class mail matter.

All correspondence should be addressed to the Editors and Publishers,

DAVIS & BERRY,
P. O. Box 146,
Rugby, Tenn.

Birth.

COMPTON.—On the 13th inst., near Rugby, the wife of A. L. Compton, of a daughter.

NOTES AND COMMENTS.

Stormy weather.

The Tabard grapes are delicious.

Mr. Kimber's new house is fast approaching completion.

Gather your chestnuts now and boil them to keep through the winter.

Mr. Ross' pet deer have returned after an absence in the woods for a month and are now in the Tabard enclosure.

We have wrote to a number of delinquent subscribers during the past two weeks. Please remit, or we will be compelled to drop you from our list.

Mr. A. L. Crawford, accompanied by a Mr. Blanchard an experienced Railroad Contrator made a trip of inspection to Fentress County this week—what next?

We call attention to the weather report we publish every week, which is to be found on top of 3rd page. This report is carefully and correctly compiled by the former Editor of this paper and will be found to be very useful. The compiler

There will be an excursion from Toledo, Ohio, Tuesday evening, Oct. 23, to Allardt, Tenn. The excursion is under the special management of Stephens & Gernt. All railroads give reduced rates. From latest advice there will be quite a large party.

The other day we had the pleasure to meet Mr. J. S. Smith, of Howels, Mich., who, with his wife and two children, are sojourning at the Tabard. He says that if the climate is suitable he will make Rugby his home. That's the way to talk.

The lumber and shingle mill belonging to the Board of Aid is to be at once put into order and run, as formaly, under the able management of Mr. S. H. Giles. The past summer Mr. Giles has passed upon his farm at Orchard Grove, Fentress County, erecting a good house, and fencing and preparing the land for cultivation. He moves with his family into Rugby to-day.

It would well pay all newspaper and business men, and the public generally to read the *Philadelphia Agents Herald*. Its "Fraud Department" is a great feature, and money in the pockets of those who give it their attention. Its "Lexiconic Orthography Department" is also a noted feature. We will supply it with the GAZETTE for $1.65. Specimen copy may be seen at our office.

Rev. Petroleum V. Nasby (D. R. LOCKE,) will travel through the Southern States during the Fall and Winter, for the purpose of writing a series of letters to his paper, the TOLEDO BLADE, his impressions of the great South. The million readers of the BLADE who have read "NASBY IN EXILE," (Nasby's Letters from Europe,) will appreciate how the subject will be handled.

Every reader in the South is invited to send for a Specimen Copy. See advertisement in another column.

If your lungs are weak, if a cold causes you quick distress, you will breathe easier, you will cough less, you will strengthen the pulmonary organs, you will feel better every way if you will occasionally use Dr. Wistar's Balsam of Wild Cherry. Ask your druggist for it

We are to have a telephone, running from Rugby to Sedgemoor, and then on to Glen Mary, to have connection with telegraph. It has been needed ever since the Colony started, but only talked about, until several enterprising men—may they increase—took the matter in hand and started a subscription for it. In a few weeks we hope to be able to say it is under, or near, completion.

There is a proposition on foot to take the present hotel—the Tabard—for a College, and build another upon the bluff at the further end of the gardens. The site talked of would give a magnificent view, where, in fact, the surrounding country could be seen. Together with such a magnificent offer, and the site lit upon being "just the place," we are sure it will be given proper consideration before the subject is dismissed.

PERSONALS.

Mr. A. L. Ross paid Cincinnati a flying visit last week.

Mr. J. W. Giles, one of Rugby's old-time boy's, is on a visit here from Florida. What is the attraction?

Mrs. Gatrell, with her family, is now settled in her new Rugby home, we offer a welcome to such families to come and locate.

Mr. and Mrs. Riddell have moved to Chattanooga, and locked up their fine residence.

Will Robinson's smiling phiz was on our streets last week.

Miss Ada Mitchell, of Groesbeck, Ohio, is visiting Mrs. A. L. Compton, of Fentress County.

Mr. Marcus Travers with his family of wife and five children from Queensland, Australia are sojourning at the Tabard. Mr. T. has traveled for the past three years through Europe and America, and when asked how he liked Rugby, replied: "Charming—the climate is delicious," and such is the opinion of most visitors to our Mountain Home.

Arrivals at the Tabard for the past two weeks:

Rev. H. A. Grantham, London; W. L. Mallory, Shelby City, Ky.; J. W. Blanchard, Council Bluffs, Iowa.; A. L. Crawford, Pa.; W. C. Robinson, Cincinnati; J. S. Young, Knoxville; J. E. There is nothing so essential to the health and happiness as pure rich blood. It prevents exhausted vitality premature decline, nervous and physical debility, besides untold other miseries. *Parson's Purgative Pills* purify and enrich the blood, and will change the blood in the entire system in three months.

It makes every humanitarian sad to see invalids seek such relief as is given them by the use of bitters, kidney medicines, and other nostrums. The first few doses may make them feel better on account of its stupefying ingredients, combined with some strong cathartic and diuretic that are used in its composition, but they eventually grow worse. The only cure for weakness, nervousness, debility, aches, pains, rheumatism, sores, urinary and digestive troubles, is to make the blood rich, red and pure, by using Dr. Guysott's Yellow Dock and Sarsaparilla, a remedy widely indorsed by physicians who have examined into its composition and effect.

ITCHING PILES.—SYMPTOMS AND CURE.—The symptoms are moisture, like perspiration, intense itching, increased by scratching, very distressing, particularly at night, seems as if pin-worms were crawling in and about the rectum; the private parts are sometimes affected. If allowed to continue very serious results may follow. "SWAYNE'S OINTMENT" is a pleasant, sure cure. Also for Tetter, Itch, Salt Rheum, Scald Head, Erysipelas, Barbers' Itch, Blotches, all scaly, crusty Skin Diseases. Sent by mail for 50 cents; 3 boxes, $1.25, (in stamps). Address, DR. SWAYNE & SON, Philadelphia, Pa. Sold by Druggists.

The Link of Gold.

Lost—somewhere—a golden hour,
Of this glowing autumn day;
Since the sunrise, ere the sunset,
I have lost it on my way.

Was it when I sat and loitered
That short chain of such great cost,
Slipping idly through my fingers
That my golden hour was lost?

Was it talking to my neighbors,
Weighing all their hopes and cares,
And too full of idle gossip
Well to mind my own affairs?

Did I fret away the minutes?
Was I murmuring? Was I cross?
Where could all my sense have flown to,
That I met with such a loss?

For my hour was a jewel,
And with sixty small ones set;
Round each minute sixty seconds
Make the radiance brighter yet.

They could buy me, oh, what riches!
And what wisdom could they bring!
Each was worth in its true value,
All the jewels of a king.

For the Lord would give me something
(If I went to him) for each;
Oh, how precious those short lessons
He can in a minute teach.

Oh, how grand those views of glory
Which a second can make known!
Oh, my hour! oh, my minutes!
Never more, alas, my own.

Some I might have well invested,
Other people's lives to bless;
Those bright moments wisely traded,
Purchase healing for distress.

Oh, has anybody seen it?
Seen my precious hour of gold?
I would go to buy another
But such treasures are not sold.

God prepared for me a number
Just how few I do not know;
Did He give them for no purpose,
But that I should lose them so?

GENERAL NEWS.

The prospectors have arranged to bore a hole 1,000 feet deep at Rich Hill, Mo., to see what they can find.

The coast oil resources of Santa Barbara, Cal., will make this the principal source of fuel supply in the State.

Five thousand acres of rich coal land in the Warrior coal field, Ala., have been purchased for development.

The wells in Russia are principally in the hands of American experts, who are good judges of the raw material.

Borax is one of the best roach exterminators. It should be pulverized and sprinkled around the infested places.

The municipal election at Nashville, last Thursday, resulted in the election of the entire Reform ticket, Phillips beating Kercheval for Mayor over 1090 votes.

Heroes and Heroines of the Border.

In American history there are no more interesting figures than the Heroes and Heroines of the Border. Bold, dashing, adventurous and patriotic; loyal to friends, to country and to the interests of society, their work was singularly effective in the advancement of American civilization. With seeming recklessness, their efforts were in the interest of law and order, and the people owe them a debt of gratitude they do not forget. Their page in history is as fascinating as it is honorable, and there is a peculiar pleasure in reading the narrative of their wonderful exploits.

The times which produced those heroes and heroines mark a period in American history of absorbing interest alike to old and young. It is proper that it should be so. These hardy pioneers coupled virtue with courage, humanity and love of country with the stern duties of frontier life and battle, and the example of their lives not only interests but strengthens our faith and admiration in human courage and unselfish purpose.

In American pioneer history there are three distinct eras marked as distinctly by three geographical divisions; from the Allegheny Mountains to the Mississippi, marking the first; from the Mississippi to the Rocky Mountains the second; California and the Pacific Slope the third. The settlement of these vast regions developed great leaders, whose achievements have made them justly and widely famous. They have a warm place in the hearts of the people, and a prominent one in their admiration. It is appropriate that their achievements should be recorded, and we note with pleasure the forthcoming of a new book, now ready, from the press of N. D. Thompson & Co., Publisners, New York and St. Louis, Mo., called: *Conquering the Wilderness, or New Pictorial History of the Life and Times of The Pioneer Heroes and Heroines of America.*

It is written by Col. Frank Triplett, an accomplished writer, whose literary qualifications and great experience on the frontiers are said to eminently fit him for so noble a task.

A special feature of the book is its apt and profuse illustration, embracing 220 superb engravings, illustrating incidents and persons—the latter embracing nearly 100 life-like portraits, of pioneer leaders, never before given—men and women—which make it a sort of *picture gallery*, as well as a book of thrilling narrative, that will lend to the book a charm and interest not to be resisted.

It is sold by subscription, through canvassing agents, and presents an opportunity to agents to make money especially inviting. We advertise it in another column.

Nervous, dyspeptic individuals, whose distress of mind and body make life miserable, if your sufferings have been prolonged and increased by the use of bitters and pretended cures of kidney and liver diseases, throw all such nostrums aside and find health, strength and vigor in that simple remedy known as Dr. Guysott's Yellow Dock and Sarsaparilla. It purifies the blood, strengthens the urinary and digestive organs, and infuses new life into all parts of the body. No other remedy equals it. Have your druggist get it for you.

HEALTH AND CLIMATE.

All health seekers, whether from Northern or Southern States, should try the climate of the Tableland. The recent United States Census shows it to be almost the only district east of the Rocky Mountains, entirely free from malarial, pulmonary and intestinal diseases.

The Plateau has a double climate, one resulting from latitude and the other from elevation. The air is pure and invigorating. The water is freestone; cool and sparkling. Mineral springs are numerous.

The mean summer temperature is 72 deg. Fahr., and in winter 37 deg. Fahr. The nights are always cool and refreshing.

SOIL.

The soil is a sandy loam upon a mulatto clay subsoil. It is light, friable, holds manure, is easily cultivated and responds readily and generously to the least fertilizer.

CROPS AND GRASSES.

Corn, wheat, rye, oats, and barley all grow well, though this is not claimed as a grain growing soil. Tobacco is a profitable crop here, as also is sorghum. Herd grass, orchard grass, German and pearl millet, timothy and red clover have all been tried, and take hold and root well. Kentucky blue grass also thrives wherever introduced. The natural pasturage is abundant.

VEGETABLES

Grow abundantly. Cabbage, onions, beans, sweet and Irish potatoes all make a fine return. The Irish potatoes are unexcelled by any grown in America. Sweet potatoes and onions yield 500 bushels per acre.

FRUIT AND GRAPE CULTURE.

This region is especially adapted to fruit, and particularly to the winter apple and the grape. The apple crop here has never been known to fail. The trees are healthy, and the fruit smooth, plump, juicy and firm, rarely ever specking or rotting. The grape is also a sure crop where proper varieties are planted. The vines are robust, and the grapes make excellent wines, which are in good demand. These two fruits are destined to become the great and staple products of the Tableland.

Strawberries, blackberries, raspberries, currants, cherries, plums, and nearly all the small fruits thrive and bear prolifically.

STOCK AND SHEEP RAISING.

The excellent natural pasturage, good drainage, abundance of running water and freedom from flies make these occupations eminently suitable and remunerative.

Stop feeding stock for eight months in the year. Come South, where you can buy cheap lands, work outdoors all the winter and turn your stock into the woods most of the year.

LAND.—TITLES WARRANTED AND DEFENDED.

The Board of Aid Estate, centrally situated on this plateau, consists of 35,000 acres of grazing, farming, fruit raising and vine growing lands.

IT SKIRTS TEN MILES OF FRONTAGE ON THE CINCINNATI SOUTHERN RAIL ROAD, WITH FOUR DEPOTS LOCATED ON IT.

The lands enumerated below are being offered in tracts suitable to all purchasers, at *low figures* and with deferred payments.

Board lands on the Cin. So. R.R., west of Glen Mary Station. About 3,000 acres of very desirable land fronting on the Cin. So. R.R., is here laid out in 100 acre farms. No farm is more than three miles from either Sunbright or Glen Mary Depôts; to the latter are adjacent the Crooke Coal Mines, employing 200 men and with an out-put of twelve car loads per day. Glen Mary has 200 inhabitants, three stores, telegraph station and post-office, and is stopped at by all trains, four passenger and four freight daily. Good and ready market, with best shipping facilities for either agricultural produce or timber and tan-bark.

Also several fine tracts of land fronting and lying on the east side of the C.S.R.R., and half a mile south of Glen Mary.

Board lands on the Cin. So. R.R., west of Sunbright. These lands lie directly south of the above and are close to the thriving town of Sunbright, with 200 inhabitants, two hotels, Masonic Lodge, six stores and post-office. They are well watered and timbered, and have excellent market, shipping and especially lumbering facilities.

Board lands on the Cin. So. R.R., half a mile east of Robbins Station. Splendid timbered lands; rich soil and abundant pasturage. Underlying this tract is the Robbins Coal Vein. These lands will be sold for farming, lumbering and mining purposes, in tracts of a size to suit purchasers.

RUGBY,

Founded in 1880, has many social advantages, viz., Two Good Hotels, Fine Church and School Building, Public Library with 6,000 volumes, Large Commissary, Drug Store, Weekly Newspaper, Post Office with two mails per day, and also numerous good houses and attractive villa residences. Choice building lots are now being offered at very reasonable prices.

Sedgemoor, the station for the above, has also been laid out in town lots, and the Board is prepared to offer liberal inducements to persons settling there for manufacturing or business purposes. Sedgemoor has two stores and boarding houses, and promises to be a flourishing town in the near future. The C.S.R.R. has just put in there a siding, 1,500 feet long.

The Board's Rugby lands comprise several tracts lying west of Rugby, in Morgan and Fentress Counties, as well as all their territory between Rugby and Sedgemoor and Robbin's Depôts on the C.S.R.R. These lands are traversed by the Rugby and Sedgemoor Pike, a graded road, seven miles long and pronounced the best dirt road in Tennessee, and are, on account of the superior communication, as accessible to the railroad as the less remote lands of the Board. They are situated on the direct and, in winter, only line of traffic from the C. S. R. R. to Jamestown, Livingston, Celina and Byrdstown, respectively the county seats of Fentress, Overton, Clay and Pickett Counties.

CONCLUSION.

The past season has been eminently successful as regards all farming and gardening operations, the crops being invariably full and of excellent quality. We invite all interested persons to correspond with settlers now upon the ground.

Maps and plans can be seen at the Board's Office on Central Avenue.

Intending Settlers will be most liberally dealt with, and any information cheerfully given by
