Calomel Today! Sick Tomorrow!
I Guarantee Dodson's Liver Tone

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver.

If you are bilious, feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tone instead of using sickening, salivating calomel. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful; full of vigor and ambition.

Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents, under my personal guarantee that it will clean your sluggish liver better than nasty calomel; it won't make you sick and you can eat anything you want without being salivated. Your druggist guarantees that each spoonful will start your liver, clean your bowels and straighten you up by morning or you get your money back. Children gladly take Dodson's Liver Tone because it is pleasant tasting and doesn't gripe or cramp or make them sick.

I am selling millions of bottles of Dodson's Liver Tone to people who have found that this pleasant, vegetable liver medicine takes the place of dangerous calomel. Buy one bottle on my sound, reliable guarantee. Ask your druggist about me. adv.
