Council Bluffs Loan and Trust Company.

First Mortgage Loans Negotiated. Commercial Paper and all Good Securities dealt in. 89 Pearl street, and 506 First avenue, Council Bluffs.

FINANCE AND COMMERCE.

FINANCIAL

NEW YORK, November 2.

Money—Easy at 2@3 per cent, closing at 3 per cent.

Prime Paper—6@7 per cent.

Exchange Bills—Firmer at 4.81½; demand, 4.84.

Governments - Lower.

The stock market excited no feature to-day, except general firmness in the maintenance of prices, in spite of the dullness, with the exception of Texas & Pacific, which is weak, partly on account of the reported small earnings for the year, and partly on account of the avowed determination of income bondholders to refuse scrip and try to compel the payment of interest in cash. There have been no specially weak stocks on the market to-day. The general change of prices from last night's closing prices is fractional. At the close stocks were strong, and generally at the highest prices of the day.

THE WEEK IN CHICAGO.

Special Dispatch to THE BEE.

CHICAGO, November 2.—Business on the Board of Trade for the past week shows a decided improvement and prices are at a higher range. The general feeling that wheat and corn, at present figures, are very cheap, has stimulated speculation among the country traders whose support is needed to make the market. On several days trading was excited. The export demand continues to improve slowly and cables each day indicate that England and the continent are beginning to buy our grain. A local combination have bought wheat heavily during the past week, making it the center of interest. Its fluctuations have been confined within a range of about four cents. Corn was strong and active. Toward the close of the week it materially advanced on decreased receipts and a larger shipping demand New England is a heavy buyer of corn. Predictions are freely made that the demand for corn from that quarter will put the price up to 65 cents. The decline in receipts is attributed to the bad condition of the roads and the inability of the farmers to get it in. Provisions were very active. Reports of a shortage in the hog crop and receipts not above the average, together with a common belief in the existence of a bull clique, have operated to improve prices of all hog products. Fluctuations in pork on some days were wide, ranging at 20@30 cents. Dry good and groceries show no change. The market is firm, especially the former for flannels and worsteds. The cold weather has stimulated their buying. Shipments to the country are about the average amount. Railroad receipts continue to exhibit a decrease. Some uneasiness prevails in business circles on account of the failure of a large stationery house. It is currently reported that their collapse will be followed by further failures equally large.

GRAIN AND PROVISIONS.

CHICAGO.

Sheep—Unchanged; fair to good muttons, 3 40@3 75; prime, 3 80@4 00; Texans, 2 50@3 50.

FOREIGN GRAIN TRADE.

LIVERPOOL, November 2.—A leading weekly grain circular says: The better feeling noticed at the beginning of the week continued, and received fresh impetus from the publication of the stock of wheat in Liverpool, which, contrary to expectation, shows a marked decrease. There was an average attendance at to-day's market and an improved feeling. Wheat was steady and in moderate demand at 1d advance. Flour is in rather better inquiry at recent prices.

BERLIN, November 2.—The bureau of statistics states that the imports of grain into Germany from the beginning of January to the end of September showed a decrease, compared with the same period in 1882, while the exports showed a marked increase, especially wheat and oats, the quantity of both being nearly doubled.

OMAHA MARKETS.

Wholesale Prices.

DUFRENE & MENDELSSOHN,

ARCHITECTS

REMOVED TO OMAHA NATIONAL BLD

THE Admiration OF THE WORLD.

Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

First Mortgage Loans a Specialty

This Company furnishes a permanent home institution where school Bonds and other legally issued Municipal Securities to Nebraska can be negotiated on most favorable terms. Loans made on improved farms in all well settled counties of the state through responsible local correspondents.

THE NECESSITY

FOR THE SPECIALIST,

DR. H. WAGNER,

Has long been acknowledged and more so at this day than any other. The vast field of medical science is ever increasing, and its numerous branches are brought nearer and nearer to perfection, and no one man can any longer grasp them all. Hence the necessity for dividing the labor. And it is true beyond all doubt that disease, affecting the genito-urinary organs need special study more than anything else, if we would understand and know how to treat them properly.

DR. H. WAGNER is fully aware that there are many physicians, and some sensible people, who will condemn him for making this class of diseases a specialty, but he is happy to know that with most persons of refinement and intelligence a more enlightened view is taken of the subject, and that the physician who devotes himself to relieving the afflicted and saving them from worse than death, is no less a philanthropist and benefactor to his race than the surgeon or physician who by close application excels in any other branch of his profession. And fortunately for humanity, the day is dawning when the false philanthrophy that condemned the victims of folly or crime, like the lepers under the Jewish law, to die uncared for has passed away.

A Few Reasons

Why you should try the celebrated Dr. H. Wagner's methods of cure:

1. "Dr. H. Wagner is a natural physician." O. S. FOWLER, The Greatest Living Phrenologist.
"Few can excel you as a doctor." DR. J. SIMMS, The World's Greatest Physiognomist.
3. "You are wonderfully proficient in your knowledge of disease and medicines." DR. J. MATTHEWS.
4. "The afflicted find ready relief in your presence." DR. J. SIMMS.
5. "Dr. H. Wagner is a regular graduate from Bellevue Hospital, New York city; has had very extensive hospital practice, and is thoroughly posted on all branches of his beloved science, especially on chronic diseases." DRS. BROWSELL & EWING.
6. "Dr. H. Wagner has immortalized himself by his wonderful discovery of specific remedies for private and sexual diseases."—Virginia City Chronicle.
7. "Thousands of invalids flock to see him."—San Francisco Chronicle.
8. "The Doctor's long experience as a specialist should render him very successful."—Rocky Mountain News.

Plain Facts Plainly Spoken.

At one time a discussion of the secret vice was entirely avoided by the profession, and medical works of but a few years ago would hardly mention it.

To-day the physician is of a different opinion; he is aware that it is his duty—disagreeable though it may be—to handle this matter without gloves and speak plainly about it; and intelligent parents and guardians will thank him for doing so.

The results attending this destructive vice were formerly not understood, or not properly estimated; and no importance being attached to a subject which by its nature does not invite close investigation, it was willingly ignored.

The habit is generally contracted by the young while attending school; older companions through their example, may be responsible for it, or it may be acquired through accident. The excitement once experienced, the practice will be repeated again and again, until at last the habit becomes firm and completely enslaves the victim. Mental and nervous afflictions are usually the primary results of self-abuse. Among the injurious effects may be mentioned lassitude, dejection or irrascibility of temper and general debility. The boy seeks seclusion, and rarely joins in the sports of his companions. If he be a young man he will be little found in company with the other sex, and is troubled with exceeding and annoying bashfulness in their presence. Lascivious dreams, emissions and eruptions on the face, etc., are also prominent symptoms.

If the practice is violently persisted in, more serious disturbances take place. Great palpitation of the heart, or epileptic convulsions, are experienced, and the sufferer may fall into a complete state of idiocy before, finally, death relieves him.

To all those engaged in this dangerous, practice, I would say, first of all, stop it at once; make every possible effort to do so; but if you fail, if your nervous system is already too much shattered, and consequently, your will-power broken, take some nerve tonic to aid you in your effort. Having freed yourself from the habit, I would further counsel you to go through a regular course of treatment, for it is a great mistake to suppose that any one may, for some time, be t every so little, give himself up to this fascinating but dangerous excitement without suffering from its evil consequences at some future time. The number of young men who are incapacitated to fill the duties enjoined by wedlock is alarmingly large, and in most of such cases this unfortunate condition of things can be traced to the practice of self-abuse, which had been abandoned years ago. Indeed, a few months' practice of this habit is sufficient to induce spermatorrhœa at later years, and I have many of such cases under treatment at the present day.—ED.

Young Men

Who may be suffering from the effects of youthful follies or indiscretions will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. Wagner will guarantee to forfeit $500 for every case of seminal weakness or private disease of any kind and character, which he undertakes to and fails to cure.

Middle Aged Men.

There are many at the age of 30 to 60 who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of thin milkish hue, again changing to a dark and torpid appearance. There are many many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. W. will guarantee a perfect cure in all cases and a healthy restoration of the genito-urinary organs.

Consultation free. Thorough examination and advice, $5.

All communications should be addressed, Dr. Henry Henry Wagner, P. O. 2389, Denver, Colorado.

The Young Man's Pocket Companion, by Dr. H Wagner, is worth its weight in gold to young men. Price, $1,25. Sent by mail to any address.

Let Your Light Shine.

Dr. Wagner, the celebrated specialist, of Denver, Colo., 343 Larimer street, believes in letting the world know what he can do, and is doing for thousands of his fellowmen. His treatment for lost manhood is sure to win him a name that posterity will bless. Ten thousand testimonials from all over the United States from those he has cured, is proof positive that he does cure the worst cases of these diseases. The afflicted from chronic and sexual diseases of every kind will find him their best friend. Read his advertisement in all our city papers, and call on him for advice, as we know you will corroborate us in saying he is the sufferer's true friend.—Rocky Mountain News.

Relief to the Afflicted.

In medicines, as in science, the specialists are the ones who always comes to the front and accomplish great results. This remark is especially applicable to Dr. H. Wagner, of this city. He stands at the top of his profession, and the cures he performs for the unfortunate would seem wonderful if not properly viewed in the light of scientific acquirements. He is endorsed by the most eminent of the medical faculty. His office at 343 Laramie street, where he will speedily effect a
