TALK OF GOLD IMPORTS.

SHIPMENTS LIKELY TO LEAVE THE OTHER SIDE THIS WEEK.

RECOVERY IN STOCKS—WHEAT AGAIN ADVANCES—CALL MONEY AT 2 PER CENT.

It is considered likely that one or more lots of gold will be ordered shipped from Europe to New-York by a steamer sailing Saturday. The movement of gold in this direction was hardly expected to begin so early, but cotton and grain bills are pressing on the exchange market in large numbers, and exchange rates promise to break down rapidly. The present actual rate for demand exchange is 4.85¼, which is somewhat above the normal gold importing point. The flow of gold in this direction will be very heavy, in all probability, for not only is Europe a large buyer of American products, but it has now become a buyer of American securities on an extensive scale.

There was a sharp advance in stocks yesterday, which was due to the refutation of reports of probable complications with Spain over Cuba and to buying in the New-York market for foreign account. Some of the net gains in prices, comparing the closing figures with those of Monday, were: American Cotton Oil, 1; American Sugar common, 2; American Sugar preferred, 1; Brooklyn Union Gas, 1¼; Canada Southern, 1⅝; Consolidated Gas, 4¼; Delaware and Hudson, 1; Erie first preferred, 1¼; General Electric, 1⅝; Laclede Gas, 1¼; Lake Shore, 1¾; Metropolitan Traction, 1; New-York Central, 1¼; Northern Pacific preferred, 1¼; Northwest, 1¾; Omaha, 2; Pennsylvania Railroad, 1; Pullman, 1¼; St. Paul, 1; Union Pacific, 2¾.

There was another advance in wheat yesterday. The high price for December wheat was $1, and the final price was 98½ cents, or one-half cent above the closing price on Monday. September wheat touched $1 02⅝, and closed at $1 01⅝, or three-fourths cent above Monday's closing. There was a gain of one-fourth cent in corn.

Most of the banks have marked up their rate for call money to 2 per cent, and the rate for four months' money has been advanced to 4 per cent. The cause of the stiffening in rates is the large requirements for moving the crops. Telegraphic transfers of currency to the South and West yesterday through the Sub-Treasury for this purpose were $135,000. Direct shipments by the banks were much heavier.

IT PREDICTS A DROP IN PRICES.

London, Sept. 14.—"The Pall Mall Gazette," which heretofore has been booming American securities, thinks that the prices in many cases are now perilously inflated, and says: "While conditions in the United States have improved and are improving, the future is more than adequately discounted and prices are bound to descend."

THE TRACTION COMPANY DISSOLVED.

There were represented at the meeting of the stockholders of the Metropolitan Traction Company yesterday over twenty-four millions of the stock, out of a total of thirty millions. The vote in favor of the proposed dissolution of the traction company and the distribution of its assets to the stockholders was unanimous. An agreement was approved between the traction company and the Metropolitan Street Railway Company by which the assets of the traction company, other than the thirty million of street-railway stock in its treasury, were assigned to the street railway company and capitalized in the sum of $5,000,000. These assets covered about two-thirds of the capital stock of the Second Avenue Railroad Company, more than two-thirds of the capital stock of the Central Crosstown Railroad Company, six hundred bonds of the Metropolitan Crosstown Railroad Company and Broadway Surface Railroad Company, about $1,700,000 in cash, part of the stock of the Central Park, North and East River Railroad Company, also of the Forty-second Street and Grand Street Ferry Railroad Company, and $270,000 worth of improved city real estate, so that the traction company was found to have property and cash equal to about $8,000,000.

The directors recommended and the stockholders approved the accepting from the street railway company of a 5 per cent obligation in the way of a debenture, interest upon which should begin to run after the earning capacity of the property has received the benefit of the expenditures now being made.

THE ASTORIA WATER SUPPLY.

To the Editor of The Tribune.

Sir: The article in your morning issue expresses so inadequately the suffering, danger and distress under which the people of Astoria and Steinway are struggling that I feel it but right to give a true statement of facts as they stand at this moment. About half-a-dozen houses are supplied with tanks which can be filled from cisterns; these are already giving out. Except in the lowest portions of the city, the water for months has not risen above the basement floor, except at long intervals, and now it does not even reach that point when it could be utilized even at midnight. The great danger now is from fire and the illness which will surely come from such a condition of affairs. There is no water for flushing drains, and the little that can be drawn from a few wells must be kept for drinking and cooking purposes.

All this has been caused by the illegal and high-handed measures taken by the Mayor in closing the whole pumping station, when only twelve out of twenty-nine wells were condemned. The remaining seventeen, if opened, would relieve us from this unbearable state of things. Will not the people rise and demand that the State Board of Health investigate this matter? A SUBSCRIBER.

FORECLOSURE SALES.

SEVENTY-FIRST-ST.—New York, Supreme Court, City and County of New York.—The Equitable Life Assurance Society of the United States, plaintiff, against John T. Farley and others, defendants.

In pursuance of a judgment of foreclosure and sale, made and entered in the above entitled action, and bearing date the 13th day of May, 1897, I, the undersigned, the referee therein named, will sell at public auction, to the highest bidder, by William Kennelly, auctioneer, at the New York Real Estate Salesroom, No. 141 Broadway, in the City of New York, on Thursday, 7th day of October, 1897, at twelve o'clock noon, the lands and premises in said judgment mentioned and therein described as follows:

All that certain lot of land, with the buildings thereon erected, situated in the City, County and State of New York, and bounded and described as follows: Beginning at a point in the northerly line of Seventy-first street, distant three hundred and twenty-nine feet westerly from the corner formed by the intersection of the northerly line of Seventy-first street with the westerly line of Ninth (now Columbus) avenue, and running thence northerly, part of the way through a party wall and parallel with Ninth avenue, one hundred and two feet and two inches to the centre line of the block between Seventy-first street and Seventy-second street; thence westerly, along said centre line of the block and parallel with Seventy-second street twenty-nine feet; thence southerly and again parallel with Ninth avenue, one hundred and two feet and two inches to the northerly line of Seventy-first street; and thence easterly, along said northerly line of Seventy-first street, twenty-nine feet to the point or place of beginning.
