BLANCO REACHES CUBA.

WEYLER STEPS DOWN AND OUT AT LAST.

CHARACTERISTIC PROCLAMATION FROM THE RETIRING COMMANDER—OFFICIAL CHANGES AT HAVANA.

Madrid, Oct. 30.—An official dispatch from Havana received to-day announces that Marshal Blanco, the new Captain-General of Cuba, has arrived there and has taken over the command of that island from General Weyler, the retiring Governor-General.

Havana, Oct. 30.—The Marquis of Palmerola, who recently tendered his resignation as Civil Governor of Havana, to-day turned the office over to his secretary. The Chief of Police of Havana has resigned his office and will be succeeded by Major Fernandez de Castro, of the gendarmes. Colonel Tejerizo, the military commander in Guanabacoa, will shortly return to Spain.

The President of the Republic of Santo Domingo has telegraphed General Weyler a farewell greeting and a wish for the peace and prosperity of Spain.

General Weyler issued the following proclamation to the inhabitants of the island:

More accustomed to the inclemency of the camp than to the enervating pleasures of the parlor, I am rude and concise. You all know the state of the island when I arrived, and you are convinced that shortly peace will be re-established in the island, extending the already excellent influence that dominates in the provinces of Havana, Pinar del Rio, Maranzas and Santa Clara up to the Jucaro trocha.

The sugar estates are preparing for grinding. The railroads are in good condition for passengers and merchandise, and the country can be travelled without ambuscades, while incendiarism has been stopped. To reach this stage I have been compelled to resort to rigorous measures, but I have always offered pardon in the name of generous Spain to her unnatural sons. I leave the rebellion so reduced as to guarantee Spanish sovereignty, and only by artful means and by a complicity unworthy of Spaniards will the enemies of Spain be able to imperil it.

CARLIST LEADER ARRESTED.

GENERAL BON, JUST FROM FRANCE, TAKEN IN CUSTODY AT BARCELONA.

London, Oct. 30.—A dispatch from Madrid announces that General Bon, a prominent Carlist, has been arrested at Barcelona, on arriving there from France.

SPANISH TRADE STATISTICS.

Madrid, Oct. 30.—The imports for the first nine months of 1897, it is officially announced, have increased 6,741,717 pesetas, as compared with the same period of 1896, and the exports, it is added, have increased 43,415,121 pesetas, compared with exports of the first nine months of 1896.

The customs receipts for the first three months of the present financial year, however, have decreased 4,627,373 pesetas.

A PESSIMISTIC "SPECTATOR."

London, Oct. 30.—"The Spectator" takes a pessimistic view of the situation between the United States and Spain, and expresses the opinion that the chances are in favor of war, "which would gravely concern England, because of the consequent rise in the price of wheat, and, owing to the extent of British shipping, dangerous marine questions in regard to privateering, the neutrality of search and the supply of munitions would arise, while Spain's insolvency would involve a grand crash in banking circles in Paris."

"The Spectator" also expresses the fear that the fact of war existing might have the same effect upon the strained situation in Europe as "shooting among gunpowder barrels."

"The Spectator," continuing, expresses the belief that, "in addition to the horror of Spanish excesses and unrest, the Westerners are hungering for new excitement. The protectionists' interests are anxious for heavy expenditures, which will make a revival of a low tariff impossible, and they are all egging the Government to fight."

At the same time, the paper adds, the Queen Regent and Government of Spain may be "willing to accept and possibly provoke a war, as the best way of saving the throne of Alfonso II."

CANADA WANTS PELAGIC SEALING.

BOTH PARTIES WORKING TO PREVENT THE UNITED STATES FROM STOPPING IT.

Victoria, B. C., Oct. 30.—Sir Charles Tupper, leader of the Opposition in the Provincial Parliament, addressed a large meeting here last night. Referring to the sealing question, he said a greater indignity had never been perpetrated than the seizure of Canadian sealers by the United States, and it was through the fact of kinship that Great Britain had dealt so leniently with the United States in the matter. Canada was working urgently to prevent the United States from stopping pelagic sealing, which would give Americans a monopoly of the seal business, and the Opposition would support the Ministers as long as they maintained a firm stand.

In his many brilliant speeches in Great Britain Premier Laurier had not said a word about the progress of Canada, evidently because he knew progress was brought about by the action of the Conservatives. Sir Charles spoke strongly in favor of a preferential trade in the Empire, and said that, although Laurier had advocated it before election, he had rejected a proposal from the Duke of Devonshire which would have brought it about. The present Government could not claim credit for denouncing the German and Belgian treaties, this having been brought about at the request of the Premiers of all the colonies. He closed with a general denunciation of the present Government and prophesying that at the first opportunity the people would sweep it from power.

CHAPMAN THROWN OVERBOARD.

OHIO DEMOCRATS MAKING DESPERATE EFFORTS TO SAVE THE LEGISLATURE.

Toledo, Ohio, Oct. 30 (Special).—Chapman, the Democratic candidate for Governor, is to be thrown over by his party in a last despairing effort to save the Legislature. This is given out in semi-confidence from H. Walter Doty, one of the Democratic candidates for State Senator in this (the XXXIIId) district.

"Laying politics aside," said he, "Governor Bushnell has given us a business administration, and that's what the people want. I think that Ohio would be perfectly safe with either Bushnell or Chapman at the helm."

"How about the State election?" was asked of Doty.

"I am satisfied that Bushnell will be elected, though not by any such majority as his friends claim. He won't have as big a majority as McKinley had last fall."

Mr. Doty was quite talkative to a crowd that had gathered around him at a meeting held in the Auburndale Precinct, and he practically conceded that all hope of Chapman's election had been given up, and that where trades could be made that would benefit the candidates for the Legislature no hesitancy would occur in embracing such opportunities.

WAGES INCREASED IN READING.

Reading, Penn., Oct. 30.—The Reading Iron Company this evening posted notices of an increase in wages of all its employes, numbering about twenty-eight hundred. The increase is different in various departments, but will average 5 per cent.

RAN AWAY AND WERE MARRIED.

Bellport, Long Island, was the Gretna Green to which William Lilly took a willing bride, Miss Olive Terry, yesterday afternoon. They were married by the Rev. Mr. Robinson. The bride is the only daughter of Captain Norman W. Terry, a well-known yacht captain. Captain and Mrs. Terry have strongly opposed the marriage. The young couple returned to Centre Moriches, and are sheltered by a neighbor, waiting for the anger of the parents to subside.

CLOSE OF THE VIRGINIA CAMPAIGN.

THE REPUBLICAN TICKET WELL SUPPORTED, BUT THE DEMOCRATS PRACTICALLY SURE OF VICTORY.

Richmond, Va., Oct. 30.—The campaign in Virginia practically closed to-night. Governor, Lieutenant-Governor, Attorney-General, half the Senate and a full lower house are to be elected. The Legislature will elect a success to United States Senator J. W. Daniel. The canvass has been apathetic on both sides, but the Democrats, with the holdover Senators, will have a good majority in both houses, and will elect their State ticket.

The Republicans have a full State ticket in the field, which will be well supported, despite the recent factional fight in the party in the State, and they also have candidates in a number of Legislative districts. The Populists have a candidate in the field for Lieutenant-Governor, and this, it is thought, may draw some votes from the Democratic candidate for the same office, but not enough to endanger his election.
