Field and Garden.

HONEY VINEGAR.—Take thirty gallons of rain water, heat it, and put it into a barrel; add two quarts of whiskey, three pounds honey five cetns. worth of citric acid and a little mother of vinegar. Fasten up the barrel and put it in the cellar and in a short time it will contain vinegar unsurpassed for purity and elegance of taste.

GINGER SNAPS.—Take two cups of molasses, one cup of butter, one tablespoonful of ginger, and one of soda, dissolved in a little warm water, add flour sufficient make soft dough; roll thin and cut into small cakes.

BOSTON CAKE.—Take one pound of flour, one pound of sugar, half pound of butter, one cup of sour cream, five eggs, and one teaspoonful of saleratus. Cream the butter; add the sugar, beaten yolks, cream with saleratus dissolved in it, then flour and beaten whites alternately. Makes one large loaf, and is *nice*.

MARBLE CAKE.—*Dark Part.*—Take two cups of brown sugar, one cup of molasses, one cup of butter, one and a half cups of sour cream, five cups of flour, two tablespoonfuls of cinnamon, one tablespoonful of cloves, one tablespoonful of allspice, one tablespoonful of nutmeg, one teaspoonful of soda, and yolks of seven eggs.

Light part.—Take two cups of white sugar, one cup of butter, one and a half cups of sour milk, one teaspoonful of soda, three cups of flour, and whites of seven eggs. These two parts must be beaten separately; then put into the cake dish a spoonful of each, "time about," so that the cake may be *marbled* as much as possible.

WAFFLES.—With two fresh eggs, half a pound of flour, quarter of a pound of sifted sugar, two slices of butter, melted in a little milk, and some drops of orange flour water, composes a batter well mixed, containing lumps, and which ropes in pouring. Heat your waffle iron, grease it inside with butter, fill it with the batter, close it and return to the fire, browning the waffle on both sides. After being assured that it is a good collor, take it out and keep hot until the moment of serving.

NO 4 POTATO PASTE.—Mash, while hot, one pound of boiled potatoes, and rub them through a colander; then add a quarter of a pound of butter, one tea-cup of cream, and one teaspoonful of salt; mix it with flour enough to roll it out on the moulding board.

APPLE PIE.—Green apples, to be used in pies, should be previously stewed. Pare, core, and quarter them, and stew them in enough water to prevent their burning; when well done, strain them through a colander add a bit of butter, a little mace, a grated rind of lemon, and sugar enough to make them pleasant; line your pie dishes with paste No. 5, fill them to a level with the inside rim, with the stewed apple, cover it with the same paste, wetting the edges of the crust to make them adhere, and bake in a moderate oven twenty minutes.

GRAPE PIE.—Pick the grapes when half grown, wash them, and cut them in halves; line the pie dishes with paste No. 1, fill them full with the grapes, add four large tablespoonsful of fine white sugar and a tablespoonful of water; cover them with the same paste; cut a slit in the centre of the cover, through which the vapor may escape; bake thirty-five minutes.

If you prefer to stew the grapes, you must bake them in dishes lined with paste No. 5, they will bake then in twenty minutes. If you prefer to sweeten the grapes with molasses instead of sugar, it will not be necessary to add any water.

APPLE SAUCE.—Pare, core, quarter, and wash one dozen ripe pippins; stew them, until they are tender, in half a tea-cup of water over a slow fire, keeping the stew-pan covered so that no steam can escape; they should stew about twenty minutes, but not long enough to break; when they are done, turn them out whole into your dish, and serve.

If you use greenings or spice apples, a little sugar and nutmeg will be necessary to season the sauce.

GERMAN CUSTARD SAUCE.—Beat to a cream the yolks of four eggs and two tablespoonsful of white sugar; stir in one glass of Sherry, one of water, a little grated orange peel, and a little salt; best this mixture well, put it over a moderate fire, stir it until it boils, then serve hot in a sauce tureen.

VIRGINIA EGG BREAD.—Dissolve one tablespoonful of butter in three and a half pints of milk; add one quart of Indian meal, half a pint of wheat flour, a little salt and two eggs well beaten; mix all well together; and bake in a buttered tin.

SOUFFLE BISCUIT.—Rub one quarter of a pound of butter into one pound of wheat flour, add a little salt, and milk enough to make a dough; knead it, mould it, roll it out as thin as paper, cut into biscuits with a tumbler, and bake on butered tins to a light brown.

MAKING CIDER VINEGAR.—Vinegar is made from cider by exposing it in barrels not quite full, with the bung open, in a warm place, as the south side of a building, to the full action of the sun's rays. The addition of a quart or two or even a gallon of molasses to each barrel, hastens fermentation, and makes better vinegar.—The addition of a sheet of brown paper placed upon the surface also hastens fermentation, by giving auditional facility to the action of the air. The mother in vinegar consists of the concrete organic matter in the cider, which promotes fermentation, and then settles to the bottom in a sort of gelatinous mass. We suppose the old-fashioned way of separating the vinegar from it, described by Dean Swift, is as good as any, namely—

"First rack slow, and then rack quick,
Then rack slow till you come to the thick."

Purifying by distillation makes the vinegar nearly colorless, but this mode is only adopted for druggists. Vinegar is sometimes manufactured in the course of a day or two with great rapidity, by allowing it to trickle through small holes in the bottom of a pan placed on the top of and fitting a barrel, which is filled with shavings. The vinegar runs down the surface of the shavings, and is thus thinly exposed to the air, which causes a rapid fermentation, completing the process, if skillfully conducted, in forty-eight hours.

The Great Medical Discovery!
Dr. WALKER'S CALIFORNIA
VINEGAR BITTERS,
Hundreds of Thousands
Bear testimony to their wonderful Curative Effects.
WHAT ARE THEY?

THEY ARE NOT A VILE
FANCY DRINK,
Made of Poor Rum, Whiskey, Proof Spirits, and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics" "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition. No person can take these Bitters, according to directions, and remain long unwell.
$100 will be given for an incurable case, providing the bones are not destroyed by mineral poisons or other means, and the vital organs wasted beyond the point of repair.
For Inflammatory and Chronic Rheumatism, and Gout, Dyspepsia, or Indigestion, Bilious, Remittent, and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.
They invigorate the stomach, and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.
Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Copious Discharges of Urine, Pain in the regions of the Kidneys, and a hundred other painful symptoms which are the offsprings of Dyspepsia, are cured by these Bitters.
Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
PIN, TAPE, and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed.
For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French, and Spanish.

PATENT MEDICINES
DR. J. BRADFIELD'S
Female Regulator!
Woman' Best Friend.
This valuable medicine is prepared for FEMALES exclusively, and to be used by women only. It is adapted especially to those cases where the womb is disordered, and will cure any irregularity in the "monses," except in such cases as require a surgical operation. As these latter are very rare, the FEMALE REGULATOR is of use of universal application. In a sudden check of the "monthly courses" from cold, trouble of mind or like cause, it acts like a charm, by *restoring the discharge in every instance*, thus relieving the fever, headache, pain in the back and "lower stomach," flushes of heat about the face, chilly sensations, burning of the eyelids, and general restlessness. Taken in time, all these symptoms pass away immediately, without injury to the constitution. Frequently, however, the proper remedy is not applied in time, the disease becomes chronic, and the foundation laid for numberless evils to the constitution of woman. The next "turn" comes around and there is no "show," or perhaps the "white" will appear—There will be some uneasiness about the womb, but very little or none of the natural gold escaping. The complexion becomes sallow, bowels swollen, a sort of greenish hue about the face, constant dull, aching pains in the head weight in the lower stomach and back, with or without whites, palpitation of the heart, pallor, exhaustion, indigestion, weariness, languor, aching across the loins loss of appetite, pain in the left breast, tightness across the chest, cough and giddiness. If still allowed to go on, "green sickness" will be fully developed; the headache become severe, with loss of memory, diminished sensibility, STOMACH, dyspepsia, no relish for food, loss of flesh, increased fluttering of the heart, SWELLING OF THE FEET, legs and body, and occasional spitting of blood. The slightest effort causes hurried breathing, almost to suffocation. The skin is dusky, and has a "doughy feel." This is a sad picture, but it is the condition of thousands of women between the ages of fifteen and forty-five, who are brought to the grave by ignorance, or neglect to take the proper remedy.
To all who are afflicted with any of the symptoms above mentioned, in connection with an irregularity of the "monthly sickness," we earnestly say, TAKE DR. BRADFIELD'S FEMALE REGULATOR. A few ounces taken, you will at once experience its benefit, and with a little patience you will be fully restored to health.
This remedy has been extensively used for upward of twenty years by many of the most experienced and successful physicians in Georgia. No family should be without two or three bottles.

THE WASHINGTON HOUSE.
LYNCHBURG, VA.,
IN NEW HANDS
BEING the owner of this valuable property, I have taken charge of it on my own account, with a determination of making it a FIRST CLASS HOTEL in all of its departments, having had it thoroughly refitted and furnished so as to accommodate both ladies and gentlemen with all conveniences and comforts.
The table will be kept well supplied at all meals with the best that the MARKET will AFFORD, while the bar will be furnished with the purest of LIQUORS, WINES, &c., and neither surpassed by any in Virginia.
The services of Mr. Levi W. Scoville have been secured to take charge as principal manager, assisted by Mrs. M. J. Gibbs, both of them highly capable of conducting the business of hotel keeping, and being well known as such, I can with confidence assure the public that in patronizing the house, they will have no cause to complain.
The omnibus will attend the Depots regularly to take passengers up to the house and return them to the depots free of charge. Being centrally located, convenient to the principal business of the place, with the Postoffice in the building and with first class accommodations at reduced rates, I confidently expect a fair share of patronage from my friends and the public.
