*THE TRADE IN CHICAGO.*

Chicago, April 2 (Special).—There was a strong wheat market to-day, with a half-dozen bull motives. Liverpool was up 1 to 1¼ pence. Paris was strong. Everything indicated that the foreigners were being urged by the war prospect to increase and hasten their wheat purchases. The sale of a large amount of low grade wheat by Weare on Friday made a decided impression, as every one recognized that this sort of business had no element of manipulation. Charters were made for this business to-day, aggregating 500,000 bushels. Leiter declared he had entirely withdrawn from offering wheat, leaving it to the foreigner to make bids. As potent as anything else in the price was the scramble by shorts, particularly the St. Louis shorts, to cover. The biggest buyer of all was Kauffman. The market got over calls, and Leiter, who had these privileges, got most of the called wheat. There was good weather West, but the weather considerations were dropped temporarily for the more urgent ones. The trade even stopped talking of those very bearish crop reports which are expected next week.

Clearances for the day were 319,000 bushels, for the week 3,550,000 bushels. Primary receipts were 328,000 bushels, against 292,000 bushels last year; Northwestern receipts, 299 cars, against 256. Receipts here were 67 cars, with 40 estimated for Monday. The contribution to the contract stock was 112,000 bushels, making 793,000 bushels for the week. It is expected the visible supply on Monday will decrease at least 1,500,000 bushels, and that the local stock in store will decrease about 1,300,000 bushels. So far none of the wheat-laden boats have sailed, but they are likely to at any hour, and there may be a large decrease in the amount of wheat afloat here. July wheat opened at 83⅝ cents, sold between 83⅝ and 85 cents, and closed at 84¼ cents. On the curb it was 84¾ cents. May sold at $1.05¼ and closed at $1.05, with little trade in it. From the low point at the close of last week, 81¼ cents, July has rallied almost 4 cents. The talent to-night is rather on the fence as to the prospect next week. A good deal depends on the Washington news.

Liverpool was higher on corn, up to ⅜@¾ penny. That helped the price here. Of course, the wheat strength counted, too. Shorts were the active interest on the buying side—Patten, Pacaud, Friedman and others. There was heavy commission-house selling of a rather mysterious sort, Irwin-Green, Weare-Leland, Montague-Bennett and Nash-Wright leading in it. May sold at 29⅝ and at 29⅝@29½ cents, and closed at 29⅝@29½ cents. Receipts were 158 cars, with 145 cars estimated for Monday. Clearances were 860,000 bushels. There was not a general shipping demand, but one concern reported over 500,000 bushels sold for export. New-York put its export business at 65 loads.

Oats were up ¼ cent, May selling from 25⅛@25¼ cents to 25⅜@25½ cents, and closing at 25⅜@25⅝ cents. There was a general disposition to cover shorts, but there was no noteworthy general trading. Receipts were 366 cars, with 210 estimated for Monday. Seaboard clearances were 76,000.

Provisions were strong, led by an advance in lard. Pork closed 15 cents over Friday, lard 12½ cents over, ribs 10 cents over. Provision stocks closed much smaller than anticipated. The world's stock of lard, 354,000 tierces, showed a decrease for the month of 61,000 tierces, and a decrease for the year of 179,000. The figures were remarkable, bearing in mind that the hog-packing had greatly exceeded a year ago. The Cudahys led the buying.
