The Zealandia took on eight extra men for work in the steward's department. Some additional coal passers were also engaged for the passage.

The W. G. Hall was over a half hour late in getting away yesterday afternoon. This was on account of the delay in the arrival of her installment of fertilizer.

The British steamer Cape Otway, Savage master, arrived in port and hauled alongside the Pacific Mail wharf at about 9:30 o'clock last night. She will sail for Sydney today. The Otway left Vancouver on the 7th inst. and had a pleasant trip to this port. She has no cargo for Honolulu. Henry Clay Caldwell, United States Circuit Judge, with Mrs. and Miss Caldwell, left yesterday for the family home at Little Rock, Ark. Judge Caldwell spent several months in Honolulu and liked the place very much. He may write some articles upon the social, economical and industrial aspects here.

ONCE PATRONIZED — ALWAYS PATRONIZED

Is the motto of those who visit the Criterion Barber Shop. Some shops experience a boom of customers for a time, but sooner or later the business drops back to the old rut. The reverse is the case at the Criterion Shop, business is steadily on the increase.

BICYCLE OIL.

It is a well known fact among mechanics in these Islands, that their light lubricating Oils are utterly useless here. They dry up or run out of the bearings: in fact you must use a far heavier oil here than in colder countries. Oil bottled in the United States for sewing machine use is of no use to lubricate a Bicycle.

Bicycles here, do not, as a rule, get enough lubricant. Of twenty Bicycles overhauled on Monday in

The Honolulu Cyclery,
231 KING ST.,

Sixteen of them were absolutely dry. They needed.

Bailey's Best Bicycle Oil

Put up in tin cans, 25 cents each, which is just as cheap as light thin oil.

Sailors and the Moon.

A sailor on one of Uncle Sam's warships writes to a newspaper in his native city as follows:

"Whatever scientists say to the contrary, every sea Captain knows that moonlight can twist a man's face out of shape if it shines on him while he sleeps. And that it will spoil food, too, much quicker than sunlight. One might as well tell me that a whale does not know when its trail is crossed, even when it is miles away. Whalers all know that, and if they can't explain it, they are just as sure of it as they are that there is a rise and fall of tides.

"Moonlight will sour milk, too, a lot quicker than sunlight, and it will spoil pork or fish quicker, too. Townfolk don't believe all this, but most farmers know it.

"Every seafaring man has seen how moonlight acts. Down in the South, where I've been a good deal, they say that if the moon shines on a new-born baby it will have green eyes. They say the same thing in France, too."—Exchange.

REWARD OF MERIT.

At the CHICAGO CYCLE SHOW in 1897, each visitor on entering the Show was handed a coupon reading as below:

"After viewing the exhibits, kindly fill in the name of the Bicycle which pleases you best as regards beauty and mechanical merit, and deposit the coupon in ballot box near exits. Name of Bicycle....."

The "Shirk" received 17,489 ballots against 12,377 the next highest. When it is known that all the leading makes of wheels in the United States were on exhibition at this Show, the above speaks for itself. The HONOLULU BICYCLE CO. have secured the Agency for this strictly high grade wheel.

IT WILL INTEREST YOU TO CALL AND SEE IT.

The SHIRK is the best thing that ever happened. *
