AFRICAN GIRL TO BECOME A MISSIONARY.

BROUGHT FROM THE SOUTH AFRICAN REPUBLIC BY BISHOP TURNER.

Atlanta, Ga., June 1.—The home of Bishop M. Turner, the well-known colored ecclesiastic, who has just returned from an extended visit to Africa, has a new and attractive inmate, in the person of a native African girl, Adelaide Tantsi. In his short stop at Lessiton, thirty miles from Johannesburg, Bishop Turner met and was impressed with Miss Tantsi.

She is just seventeen years of age, speaks Dutch, Zulu and Kaffir, and is wonderfully quick and intelligent. At present she is the Bishop's clerk, but she is to receive a course of training which will fit her to return to her own people in the capacity of a missionary.

NEW RAIL CONNECTIONS WITH ST. LOUIS.

BRANCH OF THE MOBILE AND OHIO TO BE OPENED.

St. Louis, June 1.—Mr. Harris, general agent of the Mobile and Ohio road, announces that the new branch of that line, extending from Columbia, Miss., to Montgomery, Ala., 158 miles, will be put in operation for regular trains on June 5. The road is laid with 60-pound steel rails.

There are two branch lines, one of eleven miles to the Warrior coal fields, and the other about thirteen miles, to the Cahawba coal fields. The new line will put St. Louis in direct connection, by way of the Mobile and Ohio Railroad, with Alabama, Georgia and Florida, through Montgomery connections with the Plant system, the Western Railroad of Alabama, the Georgia and Alabama and the Central of Georgia roads.

ROCK ISLAND ANNUAL MEETING.

TOTAL DIVIDEND OF FIFTEEN PER CENT FOR THE YEAR DECLARED.

Chicago, June 1.—At the annual meeting of the Rock Island Railroad Company to-day President R. R. Cable was elected chairman of the Board of Directors. First Vice-President Warren G. Purdy was elected president, to succeed Mr. Cable. Third Vice-President William Trusdell was elected first vice-president; H. A. Parker, second vice-president; J. F. Phillips, treasurer, and George H. Crosby, secretary. The quarterly cash dividend of 1 per cent was declared, with an extra cash dividend of ¼ per cent.

An extra stock dividend of 10 per cent was also declared, making a dividend of 15 per cent in all for the current year.

The gross earnings for the road for the year ending March 31, 1898, were $19,548,583, against $17,146,652 last year, an increase of $2,401,930.

Operating expenses were $11,741,403, against $10,748,148, an increase of $993,254.

RHODE ISLAND LAWMAKERS AT WORK.

Newport, R. I., June 1.—The General Assembly to-day, in Grand Committee, elected Walter R. Stenes, Judge Advocate-General; Albert E. Landers, State Auditor; John E. Kendrick and Samuel W. K. Allen, members of the State Board of Education, and re-elected the old Sheriffs, clerks of the Supreme Court, and justices and clerks of the District Court, with two exceptions.

Governor Dyer presented a message recommending complete changes in the military law, legislation authorizing cities and towns to support the families and dependents of soldiers and sailors enlisted in the war with Spain, and changes in the ballot law that will enable enlisted men to vote in Congressional and other elections in the State.

SCHOONER STETSON RUNS ASHORE.

Chatham, Mass., June 1.—The three-masted schooner Isaiah K. Stetson, of Bangor, Me., bound from that port for New-York, with a cargo of ice and spars, is ashore on Shovelful Shoal. She was sighted this morning by the crew of the Monomy life-saving station, who put out to her. The captain of the Stetson stated that she ran ashore at 10 o'clock last night. By throwing over a sufficient amount of the cargo it is thought the vessel will float at high water.

TO OVERTHROW LIQUOR TRAFFIC.

Boston, June 1.—A call for a meeting to be held in Worcester on June 8 for the purpose of discussing plans to overthrow the liquor traffic has been sent to over three thousand ministers in this State. The call is signed by the Revs. Scott Hershey, Smith Baker, William A. Thurston, Elliott White, Albert Coats, Harry L. Canfield and George F. Clark.

Dr. Lorimer will call the conference to order.

GENERAL MARKET REPORT.

New-York, June 1, 1898.

COTTON—Considerable old local long stuff was dislodged to-day by the bear crowd, who were encouraged to hammer the market by generally favorable crop news and predictions for continued good weather. A decline of 2@4 points on the opening was in response to signs of weakness in the English market, but following the call crop news was the governing factor. Throughout the session trading was spasmodic, and chiefly for local account. A few scattered orders to buy the nearer positions were received from Southern points, and Europe sent a moderate number of orders for both the sale and purchase of cotton early in the session; but, aside from this, the professional element had the market pretty much to themselves. The disappointing feature of Liverpool cables was the small business reported in the spot department, despite a decline of 1-32d. Sales reached but 6,000 bales, and, if private dispatches are to be relied upon, indications point to continued apathy on the part of Manchester and Continental spinners unless the condition of the crop should take a turn for the worse.

Shorts were restrained somewhat by the firm temper of New-England dispatches regarding the situation in the print cloth market and advices from the South to the effect that little let-up is noted in the demand for spot cotton. Absence of outside support seriously handicapped efforts of longs to check the decline. The market closed quiet at a net loss of 5@6 points. Total sales futures were 81,900 bales. To-day's Government weather crop bulletin sums up the situation in the cotton belt as follows: "There has been a general improvement in the condition of cotton, except in Florida. The crop is clean and well cultivated, and the early planted crop is now forming squares. In Southern Louisiana it is needing rain, and in Texas insects are causing damage in localities." The local market for spot cotton closed dull, with quotations unchanged, on the basis of 6 9-16c. for middling uplands and 6 13-16c. for middling Gulf. Sales included 600 bales for export, direct shipment, and 2,400 bales for delivery on contract. Southern spot markets, middling quoted, were as follows: New-Orleans quiet, 6 11-16c; sales, 1,500 bales. Mobile nominal, 5 15-16c. Savannah steady, 6c; sales, 8 bales. Charleston nominal; sales, 352 bales. Wilmington steady, 6 5-16c; sales, 171 bales. Norfolk steady, 6 3-16c; sales, 49 bales. Baltimore nominal, 6¼c. St. Louis quiet, 6c; sales, 150 bales.

COFFEE—Operations on the Coffee Exchange to-day were exceptionally narrow and of a local character, with the general tendency of the market downward under bearish news from European markets, liberal Brazilian receipts, local offering and absence of outside speculative support. The opening was steady at unchanged quotations to a decline of 5 points. Immediately following the call, however, the market became unsettled and further eased off with trading well scattered through the list. There was a sharp reaction in the afternoon on reports of an advance of ½d to 7 7-16d in the Rio rate of exchange. One of the chief drawbacks to ventures by outsiders was the expectation of sensational developments in the political situation and apathy shown by consumers in the spot department. The close of the market was firm at unchanged prices to 10 points net higher. Total sales reached but 15,500 bags.

The arrival of the steamer Manitoba with 3,000 bags of Rio and the steamer Hogarth with 32,664 bags of Santos was reported in the forenoon. The stock of coffee at Hamburg at the present time shows a slight falling off as compared with last month, actual figures being 458,000 bags, including 479,000 bags of Brazilian, as compared with 676,000 bags and 513,000 bags, respectively, May 1.

The market for spot Brazilian coffee was dull and barely steady, with quotations about unchanged, on the basis of 6½c. for invoice lots of No 7 Rio.

GRAIN—WHEAT—Conditions were all favorable to another heavy outpouring of long wheat to-day, and prices had a bad break all along the line, closing almost at the lowest point, which was 6¾c off on July and 2@2½c lower on other months. From top point of the year, therefore, cash wheat has tumbled 75c, July wheat 81c and September wheat about 13c per bush. As was the case yesterday, aggressive bear selling accompanied the break. This interest has become more and more confident as the days go by, with no injury to the crop and everything pointing to a record-breaking yield. Rumors that clique interests still had a hand in the market were not borne out by to-day's actions, and caused little disturbance among bear ranks. The idea now prevailing among scalpers is that prices must recede to a legitimate level, based upon the crop outlook and foreign demand, which is at present very light. On the other hand, it is generally conceded that the heavy marketing of wheat to catch May prices has left the country quite bare of supplies. Once the May deliveries are digested, bulls contend that the value of cash wheat in all markets of the country will gradually but surely work toward a higher level. Just at present the speculative situation being narrow and confined almost entirely to professional operations is particularly favorable to the bear side of the account. Liverpool's opening this morning, after its three days' holiday, was not weak, as had been expected, but it soon got in line with the heaviness on this side, and closed ¼@7¼d lower than Friday. French markets opened a little better, but, like Liverpool, turned weak and closed 15 points lower on wheat and 50 points off on flour. The weather in France has not
