BUTLER'S MERCANILE,
RECORD AND COPYING EXCELSIOR
FLUID INKS,
Manufactured by Jas. J. Butler, Agent,
N. E. CORNER OF COMMERCE,
CINCINNATI, O.

I MAKE THREE DISTINCT VARIETIES differing one from the other only in their degree of fluidity, and designated by the label:
RECORD—For Ledgers and Records only;
COPYING—For Letter-Press only;
MERCANTILE—For Books, Letters and general purposes.

These Fluids change from a GREENISH BLUE to a deep and permanent BLACK COLOR, which no length of time will FADE or DESTROY. These FLUID INKS were first offered to the Public in 1854—since which time there has been awarded them FOURTEEN DIPLOMAS, TWO BRONZE and ONE SILVER MEDAL. An enumeration of them is deemed unnecessary, as they may be seen at my office. They are largely used in the Prominent Cities and Towns of the West and South, and to some extent in Eeastern Cities.

Since the publication of my principal circular, I have received the following letter from STATIONERS, which are respectfully submitted to the consideration of other large STATIONERS, Eeast or West.

CINCINNATI, July 24, 1857.

Mr. JAS. J. BUTLER, Agent, Cincinnati.

DEAR SIR:—For some time past we have been selling your WRITING FLUIDS to our Customers, and take pleasure in stating, that they give very general satisfaction.

As far as our own judgment is concerned, we believe them to be fully equal to Arnold's English Fluid, and are to be preferred from the fact that they present a more uniform DEPTH OF COLOR, when first used—and so far as we have seen free from mold.

Yours Respectfully,
MOORE, WILSTACH, KEYS & CO.,
ANDERSON, GATES & WRIGHT,
RICKEY, MALLORY & WEBB,
C. F. BRADLEY & CO.,
APPLEGATE & CO.,
GIBSON & CO.

We have sold Mr. J. J. Butler's WRITING FLUIDS to our customers for sixteen months past with general satisfaction, and believe them to be of superior quality. As we do not use Arnold's Fluid, we do not feel at liberty to draw a comparison.

TRUMAN & SPOFFORD.

The following testimony from Bookkeepers of Leading Banks and Mercantile Firms is respectfully submitted.

Jas. J. Butler's Record Fluid,

And Elsewhere.

A CARD TO THE SCEPTICAL.

CINCINNATI, April 6, 1857.

Mr. Jas. J. Butler, Agent, Cincinnati.

DEAR SIR:—We have for a number of years past been using Arnold's English Fluid as the best in the market; for some time past we have been using your RECORD FLUID, and take pleasure in stating that in our opinion it is fully equal to Arnold's, and in some respects to be preferred. It has a more uniform depth of color when first used, and has never MOLDED. When it has attained its deepest black tint the color is fully equal to the best of Arnold's we have ever used, while the flow is about the same.

DOCTOR MORSES
INDIAN ROOT PILLS

CAUTION.

Merchants and Traders will be on their guard and not be imposed upon by a counterfeit of Morse's Indian Root Pills, signed *A. B. Moore*. All genuine Indian Root Pills have the name and signature of *A. J. Wade & Co.*, on each box.

DR. MORSE'S INDIAN ROOT PILLS.

Dr. Morse, the inventor of Morse's Indian Root Pills, has spent the greater part of his life in traveling, having visited Europe, Asia and Africa, as well as North America—he has spent three years among the Indians of our western country. It was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from impurity of the blood—that our strength, health and life depend upon the vital fluid.

When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted, and diseased; thus causing all pains sickness and distresses of every name, our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become choked and cease to act, and thus our light of life will forever be blown out. How important then that we should keep the various passages of the body free and open. And how pleasant is it that we have it in our power to put a medicine in your mouth, namely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountains cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific, which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely root out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die is because they do not get a medicine which will pass to the affected parts, and which will open the natural passages for the disease to be cast out; hence a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's pills have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness.—Yes, thousands who have been racked or tormented with sickness, pain and anguish and whose feeble frames have been scorched by the burning elements of racing fever, and who have been brought, as it were, within a step of the silent grave, now stand ready to testify this they would have been unshaken with the dead, and had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised, in witnessing their charming effects. Not only do they give immediate ease and strength, and take away all sickness, pain and anguish, but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown carefully by those who use these Pills, that they will so cleanse and purify, that disease—the deadly enemy—will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days.

Morse's Indian Root Pills sold by W. Morrow & Co., Brookville Ind., and all dealers in medicines. A. J. White & Co., 50 Leonard street, N. Y., sole proprietors. Wm. Mudge & Co., proprietors of Dr. Franks Magnetic Ointment, Bartville Morrison & Co., N. Y., General Agents. Price 25cts per box.

DR. ROBACK'S
BLOOD PURIFIER AND BLOOD PILLS.

BOTANY · CHEMISTRY · EXPERIENCE · PHARMACY.

DISEASE VANQUISHED
By Dr. Roback's Scandinavian Remedies

AFTER FIFTY YEARS of study and experiment, Dr. Roback, the eminent Swedish Physician succeeded in producing a medicine from twenty-three different species of mountain herbs of his native land, which acts directly on the causes of disease in the blood, and by restoring the corrupted fountain of life to a condition of herth and purity, expels disease from the system, whaever it may be located, or whatever may be its char cter. Indigestion, nervous complaints, epileptic and other fits, coughs, consumption in its early stages, sore throat, bronchitis, fever and ague, asthma, low spirits, sexual incapacity, feminine weakness, pricking of the skin, symptomatic of paralysis; rheumatism, neuralgia, tumor, cancer, diabetes, lassitude and debility, diarrhea, and all other disorders of the organs of respiration, the liver, the kidneys, the stomach, the nerves, or the muscular fiber, are unerringly cured by this preparation. It is to the materies morbi or seeds of diseases what an alkali is to an acid; it neutralizes them with absolute certainty, at the same time it regulates the secretions, removes obstructions from the bowels, creates appetite, renews bodily vigor, and regenerates every animal function. Such is the nature, such are the effects of Dr. Roback's famous Scandinavian Blood Purifier, which, if taken in conjunction with his Scandinavian Blood Pills, will not only obliterate the most painful diseases, but prevent their recurrence, and lengthen life beyond the ordinary span.

In the SCANDINAVIAN VEGETABLE BLOOD PILLS, Dr. Roback presents the result of twenty years of experience, hard study and experiment as to what a perfect pill should be. No one can doubt their superiority after one single trial. Price of the Scandinavian Blood Purifier, $1 per bottle, or $5 per half-dozen; Scandinavian Blood pills, 25 cents per box, or five for $1.

Carlisle Station, Wagon Co., O., March 8, '58.

C. W. Roback, M. D.—Dear Sir: For the benefit of suffering humanity permit me to say that I have found your Scandinavian Blood purifier and Blood Pillsare cure for Dyspepsia and Liver complaint. I have suffered from the above mentioned diseases for five years, and have tried a great many medicines but all to no purpose. At that time I was living in Cincinnati and was advised by a friend to try your Purifier and Pills. I went to your office and purchased one Bottle Purifier and one box Pills to commence with, and bless the day I found your valuable medicines, for I am now enjoying good health, and feel confident that the cure is permanent. Let others buy and use what they please, as for me give me the Purifier and Pills for all chronic diseases arising from impure blood or disordered digestive organs. Yours, T. V. DUBOIS.

From the Rev. Mr. McMullen, Pastor of Roberts Chapel: Indianapolis, Oct. 5, 57.

Dr. C. W. Roback—Dear Sir: I have used your Blood Purifier for a nervous affection, from which I have suffered much at times. While it is pleasant to the taste, it certainly has a happy effect upon the nerves. Please accept my thanks for your kind regards and acts, and believe me,

Yours, J. W. T. McMULLEN.

Cincinnati, Friday, Sept. 4, '57.

Dr. Roback—Dear Sir: Having been afflicted with neuralgia or rheumatism for the past year and a half, and having seen your medicine, called the Scandinavian Blood Purifier, highly recommended by gentlemen with whom I am acquainted, I was induced to try it, but not before I had used various other medicines. After using two bottles, I felt its effect very sensibly, and upon using two more, I found myself perfectly cured. You will allow me therefore, to congratulate you upon making a discovery in medicine which is proving itself to be a worker of such wonders in the diseases of the human family. GEO. S. BENNETT,
Local Editor Cincinnati Daily Enquirer.

Indianapolis, Wednesday, Sept. 2, '57.

Dr. C. W. Roback—Dear sir: Having been troubled for several years with extreme debility and weakness, so much so that I was unable to attend to my ordinary business at times, and having heard of the wonderful cures that your Scandinavian blood Purifier and Pills were effecting, I was induced by a friend to try them.

I have been using the Purifier for the last twelve months, and find the medicine fully equal to its recommendations. So valuable is its use to me that I cannot now dispense with the use of it at my advanced age of life—seventy-seven years.

I cheerfully give this information for the benefit of those similarly affected. MORRIS MORRIS.

This Press operates with almost magical rapidity, receiving the paper in long rolls or strips, and besides printing the cards at the rate of 15,000 to 20,000 per hour, feeds itself with the most unerring certainty and precision, and proceeds to cut, count, and if desired, to number them consecutively from one up to millions, without a possibility of mistake, which places it above all competition for doing a great variety of work. It is equally well adapted to be operated by hand, and also to print single cards, thus embodying another improvement found in no other rapid Card Press.

PROSPECTUS
OF THE
Thirty-Seventh Volume
OF THE
Indiana State Journal.

THE JOURNAL IS NOW ENTERING ITS Thirty-seventh volume. It was established in 1822, and is the oldest paper in Indiana. It is equal in age to the City of Indianapolis, and is nearly as old as our State Government. It was established when Indiana was little else than a wilderness, and when Indianapolis scarcely existed except in name. It has lived and grown upon its own merits—seldom receiving official patronage or governmental favors. Its name is as a "household word" throughout the length and breadth of the State, and its position upon all public matters—political or otherwise—is so well known that anything said in reference to its course upon any of the questions now before the people would be superfluous.

While the Journal will continue to advocate the great principles of freedom, and give its support to the Republican Party, as the party of the people—acting with the party when right, and repudiating it when wrong—it will be for the coming year more of a family paper than it has ever yet been, and be made more acceptable to the general reader than a purely political paper could be.

The Session of Congress under a new Administration is always fraught with more or less importance to the welfare of the country, and the present Session will be looked upon with feelings of peculiar interest. The position of the Administration upon Kansas affairs is a matter of much public concern. The Utah question, and the progress of the anticipated war in that quarter, will be a subject of great public interest as long as it remains unsettled.—Events are transpiring in our own country and throughout the world to make a newspaper indispensable to every individual.

Bountiful crops have blessed the husbandman throughout the land; peace, plenty, and prosperity smile upon all, and we appear before the public, asking for its support, feeling that we shall receive it liberally. The past course of the Journal will be the best index of what the future will be, and promising to improve upon former efforts in producing an acceptable family and political newspaper, we submit our claims to a generous and intelligent people.
