PROPOSALS FOR WATER BONDS OF THE VILLAGE OF WHITE PLAINS, WESTCHESTER COUNTY, N. Y.
Bids will be received for One hundred and thirty thousand Dollars of Bonds of the denomination of $1,000.00 each, to draw interest at the rate of 4% per annum, payable semi-annually, principal of bonds to become due and payable as follows: $4,000.00 of bonds to become due and payable on the first day of August, 1914, and $9,000.00 to become due and payable on the first day of August in each and every year thereafter until the whole issue or amount of bonds are paid.
These bonds are to be issued under the authority conferred upon the Water Commissioners of the Village of White Plains, by Chapter 709 of the Laws of 1896, and for the purpose of paying the award made by the Commissioners of Appraisal in the Condemnation of the property of the Westchester Lake Water Works Company and for the purpose of paying the expenses of such proceedings and for other purposes of said act.
The property acquired consists of upwards of twenty acres of land, with buildings, machinery, stand pipe, 18 miles of water mains, hydrants, meters, etc.
Bids will be received by the Board of Trustees of the Village of White Plains until the 20th day of July, 1898, when said Board will meet at the Trustees' Rooms in said Village at 7:30 P. M. for the purpose of opening bids.
Each bid must be accompanied by a Certified Check for 10% of the face value of the bonds which the purchaser offers to take, as an evidence of good faith, such checks to be returned, to the unsuccessful bidders. All bids may be rejected if deemed best by the Board of Trustees. Bids may be addressed to the Board of Trustees of the Village of White Plains, in care of Howard E. Foster, Village Treasurer.
White Plains has a population of about 7,200, is situated on the line of the Harlem Rail Road about twenty-two miles from N. Y. City. The assessed value of the Village is over $8,000,000, exclusive of personal property. These bonds are much the smallest issue of real and personal property within the Village limits.
The income from the water rates is at least $16,000 a year, exclusive of maintenance; water consumers over 6,000.
In addition to the security offered by these bonds in the shape of taxation the Village has an annual revenue of at least $14,000 to pay the interest on the bonds and establish a sinking fund at maturity.
By the under which the bonds are issued, all funds received from the sale of water are to be applied to the expenses of maintenance of the plant and the payment of the principal and interest of these bonds.
Dated July 14th, 1898.

GENERAL MARKET REPORT.

New-York, July 16, 1898.

COFFEE—There was some twitching on the Coffee Exchange to-day in an effort to transfer interests to the latest delivery. The market on it moderately active but fluctuated, with a weak undertone, after opening steady at unchanged prices to a decline of 5 points. The easy feeling resulted from lower Hamburg cables and indications of full receipts at Rio and Santos, supplemented already existing bearish conditions—namely, the large American visible supply, the unsatisfactory deliveries from United States warehouses, the continued apathy of speculation and the indifference of spot buyers. There was no cable news from the Havre market, which remained closed on account of the Bastile holidays. Monday the Havre market will reopen, after the expiration of the Bastile holidays, with a somewhat prolonged holiday in France. Havre will do anything more than to conform to the small changes that have taken place in Brazil, Hamburg and the markets of this country. The whole situation as to Brazilian coffee futures is destitute of energy, and only a dragging market is looked for until the inevitable "unexpected" happens. To-day's market closed barely steady, without quotable change, on sales of 32,750 bags, exclusive of Brazilian coffee futures, 17,250 bags. Spot Brazilian coffee ruled dull and nominal, with a weak undertone, at about former prices. No 7 invoice lots, 6¾, and jobbing parcels, 6¾c.
