RED OF CINCINNATI LICK TINKER'S CUBS

Home Team Wins from Chicago in the Third Game of the Series, Four to Three.

THEY LIKE SCHNEIDER'S CURVES

CINCINNATI, April 14.—Cincinnati, playing an uphill game until the sixth, won out from the Chicago Cubs in the third game of the series today, 4 to 3. The visitors took kindly to Schneider's curves and forced his withdrawal after three innings, but they could do nothing with McKenery, who relieved him, getting only one hit in the remaining six innings. Hendrix was steady for four innings, but the locals bunched their hits with his two bases on balls in their last four innings and gathered in just enough runs to win. Groh carried off both the fielding and batting honors. Score:

Pirates Lose to Cards.

ST. LOUIS, April 14.—Costly errors by Pittsburgh infielders were responsible for Pittsburgh's defeat at the hands of St. Louis here today, 5 to 3. With the visitors leading by one run in the seventh, Snyder reached second and Schultz's throw over first. Butler batting for Jasper, singled, putting Snyder on third. Beck singled to right, scoring Snyder, and when Hinchman threw to third to head off Beck, no one was there to back up Vlox, and Butler raced in wit hwhat proved to be the winning run. Score:

Johnson Elected Captain Commerce Basket Tossers

Walter R. Johnson was elected captain of the High School of Commerce basket ball team for the coming season at a meeting held yesterday afternoon. Ten men were awarded letters. Lennart Millberg was also nominated for the place, the vote being 7 to 3.

Coach Drummond announced that the following ten men will receive Cs for their services on the basket ball team: Miro Rokusek, captain; Lennart Millberg, John Nicholson, John Fiss, Max Moskovitz, Charles Cambier, Glenn Reeves, Wade Reeves, Paul Carlisle and Walter R. Johnson.

Of these men all but five will graduate this June, which will leave a number of good experienced players for next year's squad.

RAW WEATHER PUTS STOP TO SIOUX CITY PRACTICE

FAIRBURY, Neb., April 14.—(Special Telegram.)—The Sioux City ball team returned from Beatrice last night and will go into practice again today. After a few days of ideal baseball weather another raw spell of weather is prevailing here, not conducive to good practice.

Manager Gasper put the players through their usual practice at the park today. The pre-season games have been staged for Sunday and Saturday with the Lincoln Western leaguers.

Paddy Livingston and a group of the leaguers proved to be entertainers in minstrel specialties at the Marcotte hotel this morning. They proved to the spectators they could sing as well as play ball.

Danes Are Willing To Pull Swedes if There is Coin in It

Emil Toldbod, captain of the Danish tug-of-war team, which won the championship of Omaha recently at the tournament at the Auditorium, comes to bat with an answer to Captain Samuelson of the Swedish team, who last week declared the Danes refused to meet the Swedes in a finish pull. Toldbod says his men will pull the Swedes in a tug-of-war of any way, shape or form providing the Swedes would back their team with a sum between $500 and $1,000. "We are tired of pulling for nothing, but if the Swedes are so anxious to combat with us, let 'em put up some coin," said Toldbod. "Any time they post their money we'll cover it in a hurry."

AMES GIVES WHITEWASH TO SIMPSON COLLEGE TEAM

AMES, Ia., April 14.—(Special Telegram.)—Ames cleaned Simpson college, 6 to 0, in nine innings on State square today. DeForest's pitching and Davis' circumnavigation in the fifth were bright spots of the Ames play. Score:

New Process is Found for Making Radium Photographs

(Correspondence of The Associated Press.)

PARIS, April 6.—Charles Vaillant, head of the radiographic laboratory of the Lariboisiere hospital in Paris, has announced a successful means of replacing the present costly process of X-ray photographing on a glass negative with printing directly on to paper.

Vaillant's new process uses ordinary sensitized paper for taking million photographs. The cost of the paper is only a twentieth of that of the glass negative, and there is also a saving in weight and space.

Vaillant has only three fingers left out of ten, namely two forefingers and a thumb, the forefinger of the left hand and the thumb and forefinger of right. The rest of his fingers he lost, one after the other, by holding them at the end of a tube, thus trying on himself the penetrative effects of the radium rays. Repeated amputation, however, did not lessen Vaillant's enthusiasm. He is already the discoverer of a radiographic method of determining whether or not an infant was born dead or alive.

The infant born dead colors not on the negative completely dark, whereas one having uttered a cry, or lived an instant, an hour, or few hours, is proved by the development on the plate first of the stomach and then of the lungs. The practical legal result is that infanticide can now be detected without recourse to an autopsy.

CHEAP MERCANDISE TO BE FORCED OUT WHEN WARENDS

(Correspondence of The Associated Press.)

COPENHAGEN, March 26.—Henrick Bergsoe, Norwegian merchant, who has spent twenty years in Germany, asserts that in that country there is now stored $150,000,000 worth of cheap merchandise, mostly produced by women, ready to be sent to the world immediately peace is declared.

Hard and Timely Hitting and Faber's Good Pitching Win for Chicago.

SEVEN TO TWO IS THE SCORE

CHICAGO, April 14.—Faber's good pitching and hard and timely hitting by Chicago gave the locals another win over Detroit today, 7 to 2. Cunningham's spit ball possessed no terrors for the White Sox and he paved the way for some of the runs by passes. Felsch's triple in the sixth and doubles by Jackson and Schalk in the second were factors in Chicago's victory, Eddie Collins' wild throw, following Veach's single and steal accounted for the first Detroit run and Vitt's single and Cobb's triple netted the other. Lorillard Busy Man at This Time

(Correspondence of The Associated Press.)

ZURICH, Switzerland, April 5.—After publishing many joking stories of the efforts of George L. Lorillard, the recently appointed American charge d'affaires to Serbia, to find the court to which he was accredited, the Viennese newspapers are now praising his zealous activities in aiding Austrian and Hungarian prisoners of war in Albania.

According to the latest reports, Mr. Lorillard found 600 of these prisoners at Scutari and another 200 at Alessio. After satisfying himself that they were in good hands, Mr. Lorillard gave the Albanian families sheltering the men out of pure charity, a generous recompense. At Alessio he bought up all the fish and bread in the town and personally distributed it.

Ambassador Penfield's untiring labors in the interests of the Austrians and Hungarians scattered abroad are also thankfully acknowledged by the Vienna press. Between the end of July, 1914, and December 31, the embassy in Vienna had received 11,710 letters from these unfortunately situated persons, and dispatched 10,020 to them. Altogether the embassy had handled in this period 50,040 letters, of which 17,290 belonged to American citizens, or 1,000 less than those of Austrians and Hungarians. The remaining 30,030 letters belonged to Belgians, French, English, Italians and Japanese, all of whose interests are under the protection of the American embassy.

ROURKES READY TO OPEN ON HOME LOT

Will Mix With the Luxus Saturday and On Sunday Meet Bradford's Old Team.

FANS TO SEE MANY NEW FACES

Omaha base ball fans will get their first glimpse of Pa Rourke's reinforced ball club today when Omaha and the Luxus, amateur champions of Omaha last year, will tangle in a fray at Rourke park. The game will be called at 3:15.

The Rourkes break camp at Beatrice today. Krug's men showed they are ball players by handling Sioux City such decisive trouncings, and Omaha fans have been anxiously waiting to see them in action.

Johnny Denison promises he will send a strong lineup against the Rourkes so that Krug's hands will have to hustle for a victory. This is the way the teams will line up:

AUSTRIAN RIFLE RANGES TO BECOME BEAN PATCHES

(Correspondence of the Associated Press.)

VIENNA, March 25.—Parade grounds and rifle ranges in Austria, and all other lands set aside for military use, are to be devoted as far as possible to raising food. The war office has directed that such ground is to be planted with oats, peas, beans, early potatoes and fresh vegetables.

Throughout the country the military authorities are warned that they must refrain from doing the least damage to crops, no matter how small the area. Every available plot of ground must be used for increasing the supply of food and fodder.

Meets Former Wife—Weds.

John A. Hubbard, 63 years old, has decided that lonesome is as lonesome does.

His wife, Jennie, 43 years old, has decided the same thing.

A divorce decree, granted him at Eldora, Ia., last year after his wife had left him, only added to his lonesomeness, said Mr. Hubbard. He came to Minneapolis found his former wife living at 417 Tenth street south and found that she felt much as he did.

The two have been remarried by Court Commissioner W. E. Hales.—St. Paul Pioneer-Press.

Talks Too Much And Is Now a Man Without a Country

(Correspondence of The Associated Press.)

PEKING, April 6.—Dr. Nagao Ariga, the Japanese constitutional adviser to the Chinese government, is practically a man without a country.

Since Dr. Ariga addressed Yuan Shi-Kai as "your majesty" in a document widely printed in the Chinese press, supporting the monarchial movement, he has been ostracized by his fellow-countrymen residing in China and mercilessly attacked by the press in Japan. This action of Dr. Ariga, at a time when his country was opposing the Chinese monarchy, has been regarded as little short of treason by his fellow-countrymen. He was forced to resign from the Japanese club in Peking and is no longer welcome in the homes of the leading Japanese in this city. It has been frequently suggested to him through the press that he should surrender his Japanese citizenship and become a Chinese subject.

Dr. Ariga is one of the favorite advisers of Yuan Shi-Kai, and in both China and Japan he is regarded as the foremost authority on constitutional law in the orient. He is engaged in assisting with the new Chinese constitution and is in conference with high Chinese officials connected with the constitution drafting committee. He is a graduate of Tokio university and was in charge of affairs relating to international law during the Chino-Japanese war. He was formerly a professor at Waseda university, but has been forced out of that institution because of his work in China.
