Chicago, May 3, 1905.

To the Stockholders of the CHICAGO AND NORTH-WESTERN RAILWAY COMPANY.

At a meeting of the Board of Directors, held on the second day of May, 1905, the following preamble and resolutions were adopted:

"WHEREAS, The Stockholders of this Company, at a Special Meeting called for that purpose and held on the tenth day of February, 1903, adopted resolutions increasing the Capital Stock of this Company by an amount of common stock sufficient to make the aggregate Capital Stock $100,000,000, and authorizing the Board of Directors to issue such common stock from time to time and in such amounts, within the total authorized Capital Stock, as such Board of Directors might determine, and for any purpose allowed by law.

"RESOLVED, That to obtain funds to improve and extend the Company's property and to provide additional equipment as well as for other proper corporate purposes, there be issued an additional amount of common stock equal to fifteen per cent. of the total preferred and common shares now outstanding;

"RESOLVED, That all stockholders of the Company shall be entitled to subscribe to such additional stock at the rate of $100 per share, to the extent of 15% of their respective holdings, as shown upon the transfer books at the close of business on Thursday, the first day of June, 1905, and that the right to such subscription shall terminate with Saturday, the first day of July, 1905.

"Payments for all amounts subscribed shall be made on or before Saturday, the fifteenth day of July, 1905, and certificates of stock for the amounts so paid shall then be issued for all full shares, which stock shall be entitled to all dividends thereafter declared; and that scrip certificates which will pass by delivery, but which will not be entitled to participate in dividends, shall be issued for fractions of shares. Such certificates shall be exchangeable for stock certificates in amounts aggregating a full share or multiple thereof, providing such exchange be made on or before November 1, 1905. After that date no exchange shall be made, but fractions shall be redeemable at their proportionate value at the rate of $100 per share. The Board of Directors shall have power to sell or dispose of such stock as may not be subscribed for by stockholders, or, if subscribed for by them, shall not be paid for, in such manner and at such price, but not less than $100 per share, as may in their judgment be deemed best.

"To carry the foregoing resolutions into effect and to pay the dividends upon July 1st, 1905, the transfer books of the stocks of the Company will be closed upon Thursday, June 1st, 1905, and will reopen on Saturday, the first day of July, 1905.

"Warrants representing the subscription rights in the additional stock authorized by such resolutions, accompanied by a circular containing full explanations, will be mailed by the Treasurer to Stockholders as soon as possible after the closing of the transfer books upon June 1st, 1905.

By order of the Board of Directors.
