Law of Newspapers.

1. Subscribers who do not give notice to the contrary, are considered as wishing to continue their subscription.

2. If subscribers order the discontinuance of their papers, the publisher may continue to send them until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are held responsible till they have settled the bill, and ordered them discontinued.

4. If subscribers remove to other places without informing the publishers, and the papers are sent to the former direction, they are held responsible.

5. The Courts have decided that, refusing to take papers from the office, or removing and leaving them uncalled for, is *prima facie* evidence of intentional fraud.

☞ Postmasters who notify a publisher that a newspaper is not taken from the office, are required to give the reason why they are not taken out. (See Post Office Instructions and Laws.

THE GOVERNORSHIP.

In reply to the inquiry, frequently put at us by our political friends, as to "who is to be our next Governor?" We give the name of a gentleman, who has been favorably spoken of in the Athens *Messenger*, than whom, a more competent individual cannot be selected, and in every way "fit for the place," viz: Gen. Dwight Jarvis of Massillon. He is known in Carroll, as a profound lawyer, a gentleman and a scholar. We do not intend to urge the *specific* claims of any gentleman, but we speak that we know of the gentleman recommended.

☞ In the *Messenger* of the 3rd inst., in the absence of the editor, appeared the suggestion of the name of General Dwight Jarvis, of Massillon, as a suitable candidate for Governor at the next election. All who know Gen. Jarvis will at once admit his superior qualifications and fitness for the post, and without committing the future course of any one in respect to other candidates, it may be safely apprehended that he would receive a liberal and hearty support among his old friends in case of his nomination by the Republican convention. Under our forms and customs it is eminently proper that the names of candidates for high offices should be placed before the people for free discussion and due consideration

☞ We invite attention the Special Notice of Granger's Commercial and Mathematical College Columbus, Ohio. The inducement offered to young men are of a rare character

THE PERFUME
OF THE
WESTERN HEMISPHERE,
FRESH FROM LIVING FLOWERS.

MURRAY & LANMAN'S
FLORIDA WATER.

THIS rare perfume and cosmetic is prepared from tropical Flowers of surpassing fragrance, without any admixture of coarse essential oils, which form the staple of many "Essences" and "Extracts for the Toilet." Its Aroma is as inexhaustable as that of the "Farina Cologne," and as fresh and delicate as the breath of Living Blossoms.

WHAT ARE ITS ANTECEDENTS?

For twenty years it has maintained its ascendency over all other perfumes throughout Cuba, South America and the West Indies. It has been introduced into the United States, in response to the earnest demand growing out of its Southern reputation. A cure for

Headache and Faintness!

As an odor for the handkerchief, it is as delicious as the "Otto of Roses." It lends freshness and transparency to the complexion, and removes headache and faintness.
