Mr. Business Man Sell or Trade

Do you know that Bradstreet and Dung have rated Tulsa as the fastest growing city in the world with the largest prospects of any?

Here is the best business corner in West Tulsa. Just what Third and Main is to Tulsa, the very center of that great manufacturing district which is destined to be the greatest in the southwest. Lot is 50x140 with a store building on it now renting for $90 per month. I will trade it for city or country property, or sell. No delay is to lose. See

This Company's subsidiaries are operating and producing platinum and gold in the Intendencia of El Choco, Republic of Colombia, S. A.

The platinum and gold resources of this district have been known to the mining world since 1737, and a considerable quantity of platinum has been produced for many years by crude native methods.

Exceptonal values of platinum and gold have already been blocked out.

Plans are being prepared to install additional equipment for mining by the most modern and scientific methods.

The majority of the shares of stock of this Company is owned or controlled by:

Development

21 wells drilling; 12 of these wells are drilling in the remarkable Northwest Extension of the Burkburnett Field, Texas, and are practically offsets to, and surrounded by, "gushers." They should all be finished within 40 days and if the results are only approximately what the Company is justified in expecting, a very large increase in production should be obtained; possibly 5,000 to 10,000 barrels daily.

35 wells, practically offsets, to be drilled. Another refinery under construction in the Burkburnett Field.
