Failing!

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is BROWN'S IRON BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

Mr. Simon Blanchard, a well-known citizen of Hayesville, Meade county, Kentucky, says: "My wife had been sick for a long time, and her constitution was all broken down and she was unable to work. She was advised to use Brown's Iron Bitters, and found it to work like a charm. We would not now be without it for any consideration. We consider it the best medicine in the world."

BROWN'S IRON BITTERS is *not* a drink and does not contain whiskey. It is the only preparation of iron that causes no injurious effects. Get the genuine. Don't be imposed upon by imitations.

The Little Ones.

People have no idea what pleasure, what amusement, they deprive themselves of if they habitually put children out of their hearts and close their doors upon them. Of course the little creatures meddle with things, and leave the traces of their fingers on the wall, and cry and "bother" a little, but when one gets into the way of it, as mothers and other loving relatives do, those things become of minor importance. Children say such pretty things, and do such funny things, the touch of their little hands is so soft, the sound of their little voices so sweet, their faces are so pretty, their movements so graceful and comical, the whole family goes baby mad—and it is no wonder. No book was ever written that was half as interesting as a little child that is learning to talk and to think, that is developed from a tiny animal into a being with a conscience and a heart.

Gladstone has the correct idea about the inducements held out to the poorer classes in England to become Mormons. It is the passion for the land, which they know can never be granted in their own country, which leads them to take up with the doctrines of the Latter Day Saints. They argue that they cannot be in worse straits than they have been in all their lives, and hence they go willingly with the elders, who paint the delights of the western Canaan.

The Walla Walla *Union* says: Packers are charging 8½ cents per pound for freight into the Coeur d' Alene mines from Rathdrum. The following good old time market rates prevail in the diggins: Flour, $22 per 100 lbs; bacon, 50 cents a pound; beef from 25 to 30 cents per pound; potatoes from 12½ to 15 cents per pound; onions from 20 to 25 cents per pound.

A writer of mathematical bent finds from the census returns that there are about 17,000 dentists in the United States, who, he estimates, pack into the teeth of the American people a ton of pure gold annually. Continuing his speculations, he predicts that in the twenty-first century all the gold in the country will be buried in the graveyards.

A correspondent of the Tacoma *News* at Davenport, Lincoln county, W. T., says that the blackleg is killing off the young stock in that locality. The weather has been remarkably mild and open this fall and farmers are still breaking prairie.

The Night Watch.

Mr. Charles T. Hollis, of the New York Club Stables, says that he is night-watchman, and one night was attacked by rheumatism so acute he could only get down stairs on his hands and knees. St. Jacobs Oil was applied twice. After this he took his watch again the next night, cured.

BAD BLOOD

SCROFULOUS,

INHERITED,

CONTAGIOUS

IN 1870 Scrofulous Ulcers broke out on my body until my breast was one mass of corruption. Some of these ulcers were not less than one and one half inches in diameter, the edges rough, ragged and seemingly dead, the cavity open to the bone and filled with offensive matter. Everything I gave to the medical faculty was tried in vain. Gradually the bone itself became diseased, and then the suffering began in earnest. Four Ulcers began to take the place of those hitherto on the surface. I became a mere wreck, for months at a time I could not get my hands to my head because of extreme soreness.

COULD NOT TURN IN BED.

Knew not what it was to be an hour even free from pain. Had reason to look upon life itself as a curse. In the summer of 1879, after ten years of this wretched existence, I began to use the CUTICURA RESOLVENT, and after two years' persistent use of them the last ulcer has healed. The dread disease has succumbed. All over the breast where was once a mass of corruption is now a healthy skin. My weight has increased from one hundred and twenty-three to one hundred and fifty-six pounds, and the good work is still going on. I feel myself a new man, and all through the Cuticura remedies. JAMES E. RICHARDSON,
Custom House, New Orleans.

Sworn to before United States Commissioner J. D. Cazaworth.

TO CLEANSE THE BLOOD

of Scrofulous, Inherited and Contagious Humors, and thus remove the most prolific cause of human suffering to clear the Skin of Disfiguring Blotches, Boils, Tortures, Humiliating Eruptions and Loathsome Sores caused by Impure or Poisoned Blood, to purify and beautify the Skin, and restore the Hair so that no trace of the disease remains, CUTICURA RESOLVENT, the new Blood Purifier, Diuretic and Aperient, and CUTICURA and CUTICURA SOAP, the great Skin Cures and Beautifiers are infallible. They are the only remedies that succeed when physicians and all other means fail.

GREAT BLOOD MEDICINES.

The world has not been told as to the great curative powers of the CUTICURA REMEDIES. I have paid hundreds of dollars for medicines to cure diseases of the blood and skin, and never found anything yet to equal the CUTICURA REMEDIES. CHAS. A. WILLIAMS,
Providence, R. I.

SLIGHT ODDS.

A Little Story with a Large Moral —One Man who Knew his Own Business.

"No, my dear," said the venerable keeper of a country store to a timid little girl whose head scarcely came up to the level of the counter. "No, my dear, we haven't any red flannel, but we have some first rate New Orleans molasses." Softly hinting that she didn't think that would answer the purpose quite as well, the child went her way in search of the article she wanted.

"Have you BENSON'S CAPCINE PLASTERS?" asked a gentleman of a certain druggist whose name could be given were it desired. "I am troubled just now with a touch of my old friend, the lumbago, and the Benson's Plaster seems to go to the spot almost as soon as it touches the skin."

"Not at present," replied the druggist, genially "but, we have lots of plasters just as good. There is Allcock's, the Capsicum and others—won't one of them do as well?"

"My dear sir," retorted the gentleman, with a slight show of temper, "I say nothing against those articles, but I am a business man, and always ask for precisely what I want, and for nothing else. I may enlighten you, however, when I say that sometime ago, for another disease, of which the Capcine has since cured me, I tried all those you mention, with no appreciable benefit. They are inefficient, every one of them, the meanest act of the proprietors of some of them being this: that they make plasters with similar sounding names to deceive the unwary into believing they are the same thing. Experience taught me the difference. I'll go to the next man in your line. Good day."

Be on your guard against imitations. The genuine has the word CAPCINE cut cleanly in the middle of the plaster. All others are impositions.
