The Brownsville Herald
COOKING SCHOOL OPENS TOMORROW

Noted Culinary Expert Comes To Brownsville

To Conduct Five-Day, FREE Cooking Demonstrations And Lectures At High School Cafeteria

Myra Oliver Dougan

Here is an unusual opportunity for every woman reader of this paper to obtain first-hand instruction in the art of scientifically preparing foods so as to make them more tasty as well as more wholesome.

It is your privilege and duty to hear these diatetic lectures and see the cooking demonstration of Myra Oliver Dougan who has made a life study of Domestic Science and Home Economics. You cannot afford to miss a single class of this school.

School Starts Monday, Nov. 12
Continues Through Friday Nov. 16

Begins Each Afternoon at 2:30 o'Clock, Ends about 4:30

Free
Everyone Welcome

Learn the Science of Correct Food Preparation

Most eveyrone can prepare an eatable meal but there is much more to domestic "chemistry" that the mere mixing, cooking and serving. Do you know that most everything the doctor does with medicines can be better done with the correct selection and proper preparation of foods.

You are cordially invited by this newspaper to attend these FREE cooking school classes that will give you new ideas in culinary as it is applied in serving your health, as well as your taste. Do you know a correctly balanced diet for a healthy adult? This is one of the many things you'll learn.
