CIRCULAR.

To the Voters of Tippah, Pontotoc, Lafayette, Panola, DeSoto, Tunica, Coahoma and Marshall Counties.

FELLOW CITIZENS:

The Legislature at the late called session having provided that the Clerk of the District Chancery Court, be elected by the people, I, having become a Candidate for that office, have adopted this mode of presenting my name before the people of the District, from the fact that it will not be in my power to see and become personally acquainted with all my fellow citizens, from whom I am soliciting suffrage.

The first and highest of our earthly duties is the support of our family, and to this end I have been most anxiously and industriously engaged in my profession, until such affliction and ill health have greatly impaired my ability to undergo the arduous duties connected with its pursuit, and imperatively demand that I shall desist from the labours and exposure consequent upon my professional avocations. To discharge this duty then in my case, I must abandon it, if it is possible for me otherwise to procure the means for its accomplishment. Believing that both my education and pursuits in life, together with a desire closely to apply myself in the discharge of the duty that may be incumbent upon me, will fully enable me to fill with entire satisfaction to the country the station to which I aspire, I confidently appeal to a generous public for their suffrage and support.

I have for many years past been a resident of *Holly Springs, and have become pretty generally* known to the citizens of Marshall County. By such a character as I have formed among those who have known me longest and best, I am willing to stand or fall. And when the inquiry which is proper and right to be instituted in regard to all Candidates for office shall be made, Is he honest—Is he capable—Is he faithful to the country? If the answer, so far as I am concerned, shall not be satisfactory, it will be the duty of every patriot to vote against me, but, if on the contrary the reply shall be in the affirmative, I may justly hope to receive the confidence and support of my fellow citizens.

As the office is entirely disconnected with the political questions of the day, I shall not even allude to the position which I occupy in regard to this subject. To you the selection which is to be made, among the Candidates before you, may be a matter of but little care—to me it is a matter of vast interest and importance; and I trust that the examination and enquiry which you may institute in regard to the character and qualifications of those who are running for this office, will lead you to the conclusion, that the discharge of its duties, and the interest of the public, in connection with them, may be safely entrusted to

Your ob't servant and
Fellow Citizen.
J. O. WALKER.

The miracle of the nineteenth century! The great American Newspaper.

DOLLAR WEEKLY.

Edited by T. L. Nichols, Published by Herrick & Ropes, No. 162 Nassau Street, N. York.

Every number of the Dollar Weekly contains twenty-eight Columns of choice reading matter, or equal to one hundred and fifty duodecimo pages, or fifty pages, illustrated by from three to six Splendid Original Engravings

Each Volume of the Dollar weekly will contain one thousand four hundred and fifty six columns, equal to eight thousand seven hundred and thirty-six duodecimo pages, or fifty volumes of the choicest reading, illustrated by more than Two Hundred Superb Engravings, of scenes and characters, in American life, by the best artists All for One Dollar.

To give an idea of the astonishing cheapness of the Dollar weekly, the Publishers have made the following estimates. The original matter of each volume, at the most moderate price paid to writers of established reputation, will cost not less than Five Thousand Dollars—the bare composition, or setting of type, will cost Two thousand—the drawings and Engravings over three thousand Without reckoning rent, materials, paper, press work or incidentals, the publishers incur an outlay of over ten thousand dollars. The talents and character of Mr. Nichols are familiar to the American people, and a sufficient guarantee of the sterling ability, the exciting interest, the high toned morality, and perfect independence of the Dollar weekly, upon all subjects, and all occasions. Splendid tales Choice Essays, Brilliont Sketches, and an infinite variety of articles of Poetry, wit and humor, and Intelligence, will find its varied columns giving the bright and dark shades of Our School System. Its grand tendency will be towards Reform, Progress, Individual Enjoyment, and Social Happiness—in every thing, the elevation of the many, and "the greatest good of the greatest number." The complimentary notices of the whole American press, afford the strongest evidence of its real merit, and the surest indication of an unparalleled success.

Postmasters are authorized, by the rules of the department, to send money for newspaper subscriptions free of postage.

***Newspapers copying the above, will be entitled to an exchange with either "the Atlas" published at the same office, or the "Dollar Weekly," as they may prefer.

GREAT REDUCTION!

The Mammoth BOSTON NOTION.

ONLY FOUR CENTS PER COPY

AND

TWO DOLLARS PER ANNUM!!

On and after this date, May 10, 1843, the price of the BOSTON NOTION will be only four cents single copy, and $2,00 per annum in advance, for all new subscriptions. The Notion will continue to be printed in the same size and style of typography as heretofore, and no effort will be neglected to make it the most sterling and valuable Literary, Miscellaneous, and General Newspaper in the country. A Farmer's Department is now attached to the Notion, and two or three of the immense columns of the paper are occupied each week with articles of special interest and value to the Farmer.

POPULAR LECTURES—BY A LOOFER—is another new feature added to the paper. These Lectures are intended as a "take off" of the numerous humbugs that are constantly rising up—and the several numbers that have already been published have given the LECTURES a great celibrity throughout the country. The most popular Tales of the American and English Magazines—and occasionally Sermons from eminent Divines, will continue to be given in the Notion as heretofore. All these matters united with the EXCEEDINGLY CHEAP PRICE, must necessarily give the Notion a very large sale in every city and town throughout the country. It should be borne in mind that the Notion is TWICE the size of the three cent papers and nearly one third larger than the Philadelphia weekly's, for by so doing the extraordinary cheapness of the Notion will be more duly appreciated.

☞Our Agents througout the country, will please take notice of these reductions in the terms of the Boston Notion, and they *will oblige* us by causing it to have as *much* publicity as *possible in their several districts.* The price to agents will be $3,00 per hundred

THE NEW YORK

Weekly Tribune.

IS PUBLISHED IN THE CITY OF NEW YORK.

Saturday Morning,

IN QUARTO FORM ON A VERY LARGE SHEET,

And afforded to Subscribers in the Country at

$2 PER ANNUM.

☞SIX copies will be forwarded a year for TEN dollars; TEN copies for $15; and any larger number in the latter proportion Payment in advance invariably required, and the paper stopped whenever the term of such payment expires.

THE TRIBUNE—whether in its daily or weekly edition will be what its name imports—an unflinching supporter of the People's Rights and Interests, in stern hostility to the errors of superficial theorists of unjust or imperfect legislation, and the schemes and sophistries of self seeking demagogues. It will strenously advocate the Protection of American Industry against the grasping and to us heightening policy of Europe an government, and the unequal competition which they force upon us, it will advocate the restoration of a sound and uniform National Currency; and urge a discreet but determined prosecution of Internal Improvement. The Retrenchment wherever practicable, of Government. Expenditures, and of Executive Patronage will be zealously urged. In short, this paper will faithfully maintain and earnestly advocate the principles and measures which the People approved in devolving on Whig Statesmen the conduct of their Government.

But a small portion of its columns will be devoted to purely political discussions. The proceedings of Congress will be carefully recorded, the foreign and domestic intelligence early and lucidly presented and whatever shall appear calculated to promote morality, maintain Social Order, extend the blessings of Education, or any way subserve the great cause of human progress to ultimate Virtue, Liberty, and Happiness, will find a place in our columns

N. B—Where ten persons club together, and remit $15 at one time in funds not over 4 per cent. discount in New York, the paper will cost but $1 50 per year.

It is believed that there is no paper in the United States devoted to literature and the entire Current News of the Day which contains so much reading matter and is afforded at so cheap a rate as the Weekly Tribune.

THE LADY'S WORLD OF FASHION AND LITERATURE.

THE Cheapest and most elegant Magazine in the Union. ☞ Twenty copies for twenty dollars.☜ This elegant and most popular Lady's Magazine will commence a new volume, in a style of rare magnificence, with the January issue, a number containing FOUR Splendid Engravings of the most costly and expensive character. The publisher has experienced, during the past year, the most unqualified success, and enters upon the New Year with a determination to outstrip all cotemporaries.

The Embellishments of the new volume are of the most splendid and costly character, combining every variety of style, and executed by the first artists the country can produce.

The work has been THE LADIES' FAVORITE, and this reputation it will continue to maintain. Hence, the character of its literature will continue to be such as to commend it especially to the sex. It will contain articles from the most popular and pleasing writers of the day, on every variety of subject, but the work will in the main time be devoted to the cultivation of the home virtues. Hence most of the stories will be of a practical, domestic character from the pens of our best female writers. The literary matter will not be the reflex of any one female mind, but will contain the choicest productions of a galaxy of female writers.

The effort shall still be to render the work as indispensable requisite to the boudoir of every lady of taste in the land, and, therefore, not its literary matter alone shall be compiled for their taste, but it will contain MONTHLY FASHION, elegantly coloured, which for excellence of drawing, correctness in every particular, and extreme beauty of the colouring and engraving, shall far excel any thing from other quarters. The fact that during the last year the "Lady's World" has been the "guide book" in matters of taste on custume in every city of the Union, has given it a position in the fashionable world, which cannot be shaken. The unwavering fidelity of its designs to the Parisian and London styles, in advance, too, at least six weeks, of all others, has placed it in the very front rank as a work of authority in matters of dress. It is a well known fact, that the styles of the "Lady's World" appear in the other periodicals, pretending to give the fashions, often four months later when the styles have become common or obsolete

LACE AND NEEDLE WORK—The most elegant and the newest designs of lace work, embroidery, &c., shall be given in the work, with the latest style of caps, curtains, headdresses, &c., rendering the Lady's World a sample of usefulness as well as of taste, on the centre table of every lady.

Of the various styles of engravings, which will grace the pages of this work, we must mention as among the most elegant Sartain's unrivelled Mezzotints, which will grace the coming volume, and excel, in the beauty of design and delicacy of finish, any thing that has heretofore appeared from his burin. Mr Sartain is known from one end of the Union to the other, as the master, in this country, of this celebrated style. We have already under way five or six magnificent plates, from this celebrated artist, for the new volume, and shall follow them up with Mezzotints from every artist of repute in the country. The most finished and beautiful Line and Stipple Engravings will also grace the pages of the work, from the hands of the very best artists the country can produce. In fine, every variety and novelty of embellishments that may be found elsewhere, may be confidently looked for in the "Lady's World." But the main design of the work is to furnish, in elegant and attractive style, the earliest, most correct, and fullest report in advance of all the other Magazines, and prior to the issuing of them here, of the Monthly Fashions, direct from Paris and London.

This department will be under the control of French and English artists of the highest celebrity, so that every costume which appears in the "Lady's World" may be safely relied on as not having been trumped up at second hand in this country, after they have been received. It is proposed not only to surpass in the excellence but to issue every month a number and variety of Costumes, which shall put to blush all other attempts at reporting for the fashionable world.

TIME OF PUBLICATION.—The "Lady's World" will be issued from the 15th to the 20th of the month preceding the month for which it will be published, or dated—or at out the time the steam-ships, which sail from Europe on the 1st of the month, usually arrive. Thus the work will be in the hands of every subscriber, with the most correct Fashions, before they can be got here, and anticipating all other Magazines at least six weeks.

THE CASH SYSTEM.—The publisher, adhering strictly to the cash system in all his dealings, is enabled to offer the work to the American public unprecedentedly low—no work of the kind ever having been sent out at any less than double the price.

THE TERMS.

1 copy, $2 per annum.	8 copies, $10 per an.
3 copies 5 " "	20 " 20 "

The advantages to Clubs and Postmasters, of the above terms, over any other periodical in the Union, are apparent. A specimen copy will be forwarded to any Postmaster who will notify us.

☞Editors who will copy this Prospectus, and send us a marked paper, directed to "The United States Saturday Post," shall be entered on the exchange list, and be regularly served with the work for one year.
