TRAGEDY IN GEORGIA AT A MARRIAGE

Two Leading Families of That State Shrouded in Gloom Over Murder.

MARRIAGES IN NEW YORK INDICATE GOOD TIMES

Indian Chief Secures Augmented Popularity by His Engagement to Denver Heiress.

Atlanta: That this is a weird and pathetically tragic story that comes from the beautiful little Georgia town of La Grange. Within the sound of the laughter and song incident to the wedding of a sister, a bright and promising young Georgian, scion of one of the oldest, proudest, and most aristocratic families in the south, is shot down for an offense personal in its nature, but seemingly inadequate for a just defense, by a grandson of the greatest Georgian who ever sat in the senate of the United States.

Briefly, the story is this: Young Hill, of Atlanta, grandson of the famous Senator Benjamin Hill, had been very attentive to the younger sister of Dr. Frank Ridley, of La Grange. For some reason the engagement of the young people was opposed by the Ridleys, young Hill being denied the house. At the wedding of another of Dr. Ridley's sisters, both Miss Ridley and Mr. Hill were present. Prone ever to laugh at locksmiths, love laughed as usual in this case, and young Miss Ridley and Hill engaged in conversation. After the ceremony uniting the hearts and hands of the bride and groom, Ridley and Hill had some words on the veranda of the Ridley home. During the progress of the quarrel Ridley knocked Hill down. Hill arose, pulled his pistol and shot the doctor.

MARRIAGE INCREASE IS INDICATIVE OF PROSPERITY

New York: Dr. Darlington, health commissioner, has summoned up the year's marriages in the city. He said that the great increase in marriages and births in the year 1906 over 1905 and all other years caused him to believe that the people must have been prosperous in the past twelve months.

"People must have money before they decide to marry," said Dr. Darlington.

The number of marriages in Greater New York was 48,355, an increase of 5,700 over the year 1905. Three-fourths of these marriages, according to Dr. Darlington, were performed in Manhattan. The number of births reported in Greater New York was 111,772, an increase over 1905 of 8,000. This is the highest number of births ever reported to the health department.

"The increase in marriages and births," said Dr. Darlington, "shows a state of prosperity."

SANTA CLARA INDIANS ELECT A GOVERNOR.

Colorado Springs: Advices from the Santa Clara Indian pueblo, near Espanola, are to the effect that on last Thursday the braves of the tribe unanimously elected in jig time Aldino Chazaria governor of the pueblo.

Governor Chazaria has long been a leader among the Santa Clara Indians. A few months ago he achieved a large amount of publicity through his engagement to Miss Cora Arnold, a Denver heiress, and owing to the many difficulties, which made their appearance, the two could not be married in the capital city. The wedding day of the Denver girl and her distinguished dusky lover had been set, and it was found that the Episcopal clergy of the church Miss Arnold belonged to would not perform the ceremony.

GIRL NIGHT OPERATOR PREVENTS BAD WRECK.

Hutchinson, Kan., Nora Breckinridge, night operator at Arlington, near here, prevented a wreck of two Rock Island freight trains on Thursday night. Through a confusion of orders a westbound freight cleared from Arlington just as an eastbound freight left Turon, two stations west. A moment later Miss Breckinridge was ordered to hold the westbound train. Langdon station, which was between the two trains, is not a night telegraph office.

After Miss Breckinridge had tried in vain to reach Langdon she resorted to the telephone and located John Spence, a farmer who lived near the railroad track. She told Spence the situation, begged him to get a lantern, wrap it with a red cloth and hurry to the track. He did so and arrived in time to flag the westbound train, with the second train only half a mile away.

INFORMATION IS NOT STEALABLE, SAYS JUDGE.

Chicago: A man trapped into the commission of a crime cannot be punished under the Illinois law.

Equally is it impossible to punish one who steals "information."

Both rulings were made by Judge Crowe in the criminal court.

Peabody, Houghton & Co., brokers, asked the imprisonment of John Flynn, charged with the theft of a book containing the names of bond investors.

The firm represented that they found Flynn, recently a clerk in their service, to be planning a change of employment, and suspected that he sought to take information to their rivals.

As a test they left the bond investors' book where he could find it. They say he took it. The firm places a value of several hundred thousand dollars on the volume.

FORMER BOSTON MAYOR FORCED INTO BANKRUPTCY.

Boston: A petition in involuntary bankruptcy was filed against Josiah Quincy, ex-mayor of Boston, by Geo. Warner, of Lynn, who holds a note for $900, dated November 21, and Charles R. Worcester, of Boston, who holds a note for $900.

The petition alleges that Mr. Quincy has admitted his inability to pay his debts, and his willingness to be adjudged a bankrupt.

GERMAN CRUISERS VISIT SOUTHERN PORTS.

Key West, Jan. 7.—The German cruiser Panther has arrived here and will remain until the 10th. Her crew will commence their shore leave tomorrow. The Bremen will visit Galveston in a short time and remain for eight days. The Bremen and Panther will be at Pensacola from January 31 to February 9, and at Tampa from the 11th to the 28th of February. Both cruisers will then steer south and visit Vera Cruz and Aspinwall prior to their sailing back to Stettin, in Germany. It is expected that other German cruisers will visit the gulf ports in February and March and Baron Von Sternberg has notified the state department at Washington to this effect. The officers and crews of the Bremen and Panther will be hospitably entertained while here and in Tampa.

FARMERS TO FIGHT WHEAT CORNERS.

Spokane, Wash., Jan. 7.—Farmers all over this state are forming branches of the United States Wheat Growers association for the purpose of pooling interests and getting better prices for products. The main object of the association however, is to protect the members of the association from corners and combinations. In some parts of the state farmers still hold one-third of the 1906 grain crop as the present quotations do not go above 50 cents. The farmers as a rule are out of debt, and rather than sell at these prices they will hold the grain until next spring when big prices will rule.

AMERICAN FEDERATION OF LABOR MEETING.

New York, Jan. 7.—At a meeting of the American Federation of Labor in the Cooper union Saturday Samuel Gompers, the president, announced that the federation was conducting an investigation into a number of problems confronting the wage earners of the country, the pricipal matters being the apprentice question, displacement of child labor by the machine; graduates of the trade school, manual training school and school of technology; child labor and unsanitary conditions in home and shop.

MEETING OF PENNSYLVANIA HISTORIANS.

Harrisburg, Pa., Jan. 7.—The Pennsylvania State Federation of Historical societies met here today All the affiliated societies in the state, thirty in number, will be represented. Interesting papers dealing with the history of the state will be read and some old prints exhibited. To the society's collection has been added a picture of the monument erected to the one hundred and twenty-seventh Pennsylvania regiment, Sauphin county's war regiment, at Marys Heights, Fredericksburg.

ENORMOUS VAULT FOR A NEW YORK BANK.

Pittsburg, Pa., Jan. 7.—The National City bank of New York has entered into a contract with the Carnegie Steel company for the construction of the largest vault in the country. It will weigh 40 tons and will cost about $200,000. It will be built of armor plate; will be of the double deck type, and be both fire and burglar proof. It will be completed by the time the bank is ready to move into its new quarters on the site of the old custom house building in New York.

THE SIR HENRY IRVING MEMORIAL QUESTION.

London, Jan. 7.—In the Lyceum theatre today there was a large attendance of prominent theatrical folk including Ellen Terry, Beerbohm Tree, Arthur Bouchier, Lady Bancroft, George Alexander and Cyrie Maude, to discuss the Sir Henry Irving memorial question. It was announced that the $15,000 required for the monument was subscribed and it was decided to call on the more noted sculptors in the country to submit plans. It was also decided to take steps to secure a site in Westminister for the monument.

HISTORICAL SCOTCH CHURCH IS BURNED.

Glascow, Scotland, Jan. 5.—The parish church of Baldernock, where President Roosevelt's maternal ancestors, the Stobes and Bullocks, worshiped in by-gone days, has been burned to the ground. It was a historic pre-reformation relic, six miles north of here and was of unique construction. It had an outside stair leading to the loft and watch towers, in which guards were posted to watch over the dead in resurrectionist times.

FRENCHMEN SEEKING SITE FOR LARGE MILL.

Providence, R. I., Jan. 7.—The firm of Desurmount and company, manufacturers of yarns and woolen fabrics, of Tourcoing, France, have purchased a tract of land near Cherry Brook and are about to build a large mill.

Bware of Ointments for Catarrh That Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price, 75c. per bottle.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Albuquerque Citizen Can Afford to Ignore.

Danger Signal No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

Danger Signal No. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the coming of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently.

J. J. Young of Raton, N. M., passenger engineer between Las Vegas and Raton, says: "I used Doan's Kidney Pills and was greatly pleased with the results I got from them. I had been having backache and twinges of pain in my back and also a slight urinary trouble, and when I read about Doan's Kidney Pills I got a box. They cured me of the trouble, and I can speak highly of them. I know of a great many other railroad men who have used your remedy with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. *3.

The Grip.

"Before we can sympathize with others, we must have suffered ourselves. No one can realize the suffering attendant upon an attack of the grip, unless he has had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that has resulted in pneumonia or that has not recovered. For sale by all druggists.
