VOL. 32. SANTA FE, N. M., MONDAY, NOVEMBER 25, 1895 NO. 234

Smooth talk is their specialty. A good iron is indispensable when fine laundry work is to be done. That means a genuine steel article such as we carry in our stock. There are no better irons than these in this country, and none sold at a better price for buyers. Always come to us for genuine goods at hard pan prices. Cheap articles of hardware are not cheap at all; on the contrary, they're dear, so dear that buying them is wasting money. You can't get the worth of your money out of them. We don't carry shoddy cheap goods, but real cheap goods.

Washington Rapidly Filling Up with Senators, Representatives and Other Statesmen.

WILL THE SENATE BE REORGANIZED?

Populists, Under Leadership of Senator Peffer, Threaten to Act Independently—Nothing Contraband on Board Detained Schooner.

Washington, Nov. 25.—The arrival of a number of senators and members last night and to-day, including ex-Speaker Reed, has served to increase the discussion over the reorganization of the two houses of congress.

The speakership is universally conceded to Reed.

Mr. Henderson and Mr. McDowell are still the only two candidates for the house clerkship, and it is not believed that any dark horse will develop.

Senator Peffer, who is generally regarded as the leader of the third party, advocates the maintenance of an independent position and it is considered probable that this advice will be followed to the extent of putting a ticket in the field at the beginning of the contest if the Republicans attempt a reorganization of the senate.

The Republicans claim, however, that they will secure Senator Stewart's vote and that Senator Jones will also probably stand with them. These acquisitions would be sufficient to enable the Republicans to take the organization.

It appears altogether probable that the question will be postponed until after the seating of the Utah senators, which can not happen until some time in January or February, depending upon the expedition displayed in their election by the Utah legislature.

There will be an effort on the part of some senators to compromise the claims of the silver and anti-silver Republicans in connection with the committee on finance by enlarging the committee to eleven and giving the silver men one of the new places and the gold men the other.

ASSURANCES FROM MINISTER TERRELL.

The latest dispatches to the state department from U. S. Minister Terrell states that he is officially assured of the protection of the three ladies at Hadjin. That the provinces have been quiet during the last three days and that the outlook is better. He adds that telegrams from Aintab and Marsovan report that missionaries there are safe and that all of our 172 missionaries in Turkey are now protected. The porte, he says, gives assurances that tranquility will soon be restored.

NOTHING CONTRABAND ON BOARD.

In view of the statement of the deputy collector of customs at Lewis, Del., that thorough search had failed to discover arms, ammunition or men on board the Joseph W. Foster, the secretary of the treasury to-day ordered the vessels released.

COMMERCIAL CONGRESS.

Trans-Mississippi Congress Organized at Omaha To-day—Three Hundred Delegates Present—Ex-Gov. Prince Responds to Address of Welcome.

Omaha, Nov. 25.—The eighth annual convention of the trans-Mississippi congress convened at 11 o'clock to-day. President George Q. Cannon, of Salt Lake presided.

Through the terrific storm throughout the west delayed many delegates, 300 faced the presiding officer when the convention opened.

After prayer by Rev. Frank Crane, President Cannon introduced Mr. I. W. Carpenter, of Omaha, who welcomed the convention in behalf of the business men of the city.

Gov. Silas A. Holcomb performed a similar duty for the state. The band played "America."

Then ex-Gov. Prince, of New Mexico, responded to the welcome addresses.

The convention adjourned two hours for lunch.

At the afternoon session, the committees were appointed, credentials examined and the convention regularly organized.

WANT TERRELL REMOVED.

A Baptist Preacher in Kansas City. Fresh from Turkey, Savagely Attacks American Minister at Constantinople.

Jefferson, City, Mo., Nov. 25.—Rev. J. T. Johnson, D. D., pastor of the first Baptist church of this city, just returned from a three months tour in Turkey and the Holy Land, last night, in a sermon on the Armenian troubles made the statement that American Minister Terrell, ought to be hanged. He declares that the minister to Turkey has joined the Mohammedan church and is thus aiding the persecution and killing of Christians instead of protecting them. He said that the situation was far worse than reported to the papers, and that Terrell sends out false reports. Rev. Johnston and a party of thirty-four members of his church have signed a petition to President Cleveland to remove Terrell.

ABOUT THE BIG BRUISERS.

Announcement that Fitzsimmons will Certainly Fight Either Corbett or Maher on January 10 Near El Paso.

Houston, Tex., Nov. 25.—Martin Julian, Robert Fitzsimmons and party are here. In an interview Julian says Corbett must crawl or accept Stuart's proposition. Fitzsimmons has signed the articles in blank and concedes to Corbett the privilege of dictating every detail, only reserving the demand that the fight must be to a finish with small gloves. He will also agree that Corbett and Brady shall select the referee. "There are only two in the present negotiations with Stuart as the middle man," said Julian. "All the fakirs except Corbett and Brady have been discarded, and if there is no fight the people will know who is the coward. Stuart's proposition could be no better, and Corbett must accept or run up his white feather, and I think he has one. We will remain in Texas."

THERE WILL BE A FIGHT JANUARY 10.

Galveston, Texas.—Martin Julian said last night: "There will be a fight on January 10, either between Corbett and Fitzsimmons or Maher and Fitzsimmons, and it will take place three and a half miles from El Paso. Stuart leaves Dallas to-night for New York to sign with Corbett or Maher."

GLOVE CONTEST IN MEXICO.

Planks were hurled into the ring, the roof smashed and many people injured. The mob insulted the police, but was finally quelled by the troops threatening to fire.

EFFORTS TO RESTORE ORDER

Condition of Affairs at Constantinop'e Reported More Hopeful than for Days.

DISCUSSING DEMAND OF THE POWERS

Porte Afraid to Permit More Foreign Warships in Turkish Waters Lest a Naval Demonstration May Be Made—Missionaries Are Safe.

Copyrighted 1895 by Associated Press.

Constantinople, via Sofia Bulgaria, Nov. 25.—There is no doubt that efforts are being made to maintain order in the districts where disturbances are threatened and to suppress disorders where outbreaks have occurred.

The governor of Hadjin, who threatened to burn the convent there and set fire to the barley fields, has, owing to strong representations made to the porte on the subject by Mr. Terrell, been recalled and his conduct will be inquired into.

DISCUSSING THE DEMAND OF THE POWERS.

The main question now being discussed between the porte and the reprisentatives of the powers is the demand of Great Britain, Italy, Russia and Austria for firmans for the passage through the Dardanelles of extra gun-boats to be attached to their respective embassies.

While admitting that the powers possess the right to have two guard-ships each in the Bosphorus, the porte considers that the proposed increase of the number of foreign war vessels there, under present conditions, might excite the Musselmans and produce an effect far from the one desired by the powers.

In addition, the porte points out, in view of the measures taken to preserve order there, that an increase in the number of guard-ships attached to the embassies is not required. It can be said upon authority that this is the substance of the note the porte has sent to the representatives of the powers.

THE FEARS OF THE SULTAN.

In political circles, the repugnance of the porte to grant firmans is attributed to the belief, said to exist among the Turkish ministers and Abdul Hamid's entourage, that it would be a sad blow to the dignity of the sultan and a direct proof of a lack of confidence upon the part of the powers in his ability to govern and maintain order.

Behind this, it is claimed, that the Turks fear that the demanded increase in the number of the foreign guard-ships in the Bosphorus is really only a cloak for an intention of the powers to make a naval demonstration in Turkish waters in case of a renewed disturbance in Asiatic Turkey.

AMERICAN MISSIONARIES SAFE.

U. S. Minister Terrell has received a dispatch from Aintab announcing the safe arrival there of the American missionaries belonging to the central Turkey mission. Full protection was afforded them by the Turkish authorities when demanded from the porte by Terrill.

Definite information has been received here that the missionaries attached to the station at Kahrput have left that point under an escort for Constantinople.

PAPERS CONSOLIDATED.

Press and Journal of Chicago Merged Under One Management with Associated Press Service.

Chicago, Nov. 25.—When the Evening Press company was organized by George G. Booth, who purchased the Evening Mail and started the Evening Press, there began in Chicago a new era in newspaperdom, for, after enjoying usual prosperity, the Press company capitalized at $500,000, purchased the Journal a week ago, John R. Wilson, the Journal's proprietor, and James G. Scripps, of Detroit, becoming stockholders with Booth. The consolidated paper will be issued this afternoon.

The Journal used the Associated Press report and the Press that of the United Press. In other words Mr. Booth's "consolidated paper will utilize to the fullest extent the matchless service of the Associated Press, supplemented with a comprehensive special service." So the United Press loses another paper in Chicago.

Plenty of Snow in Nebraska.

Omaha, Nov. 25.—From five to ten inches of snow cover Nebraska to-day. Snow fell all night. While the snow comes quite late for much benefit to fall wheat and rye, it will undoubtedly save some of these crops and goes far to insure good crop conditions for the early spring.

Likam Brothers threshed 12,000 bushels of oats in Colfax county this fall.

Mayor J. W. Fleming, of Silver City, following the example of President Cleveland and Gov. Thornton, has also issued a Thanksgiving day proclamation.

How about that clue to the murderer or murderers of Dan E. Young in Union county? We are inclined to think it's all a clue without any foundation.—Springer Stockman.

H. M. Porter was in Springer on Monday and reported the cattle business booming. He informed the Stockman that he has shipped and sold 17,000 head within the last two weeks.

In the matter of the assignment of H. Goldberg up at Raton, a court order has been issued to Geo. B. Beringer, the assignee, empowering him to dispose of the stock of goods at retail, for cash.—Las Vegas Optic.

The Optic reports another case of a school director appointing himself a teacher has occurred out at San Ignacio, Celso Jaramillo being the individual so accused, he having resigned as director to hold the place that pays.

Several wagons, each propelled by four burros abreast, came in Friday from Las Vegas, having been out eleven days. Each wagon was loaded with from 2,000 to 2,300 pounds of freight. They loaded with wool for the return trip.—White Oaks Eagle.

Late yesterday afternoon E. W. Dobson, master in the case, made final report in the cause of John W. Schofield, receiver, against S. M. Folsom, showing that after deducting the proceeds of the sale of property there is a deficit of $27,413, for which judgment was rendered.—Albuquerque Citizen.

Angus McGillivray, partner of Wm. McIntosh in the sheep industry, has returned to Albuquerque from a five months' visit to his old home in Scotland. John McIntosh, brother of Wm. McIntosh, who accompanied Mr. McGillivray to Scotland, came back with the latter as far as La Junta, Colo., and from there continued on to Denver.

A gang of Brazilian gypsies, as dirty a looking mob as one could find in the slums of London, are camped near Las Cruces. They are begging, stealing, horse trading, or any other means of subsisting outside of work. If they don't vamos poco tiempo of their own accord a committee may request them to do so. —Las Cruces correspondence. Doubtless this is the same outfit recently encamped at Santa Fe.

The Enterprise says that the masquerade ball given Friday evening under the auspices of the Daughters of Rebecca, I. O. O. F., was the greatest success ever made in Silver City at a masquerade. Fully 400 people were in attendance as participants and spectators, and all present had a hugely enjoyable time. Many of the costumes were exceedingly elegant and attractive.

Hon. Wm. Burns, deputy internal revenue collector, who recently fell air to six hundred thousand ? ? ? ? ? ? by the convenient collapse of his ould grandfather, in the ould dart, was in the city this week. We applied for a quarter million loan, which was promised as soon as rates of exchange come down. The stuff is still in Ireland. William will not pay exorbitant exchange to bring it over.—Silver City Enterprise.

Andrew Wilson, of Mescalero, was in town Saturday with a load of the finest apples we have seen this season. They were of the Bell Flower and Green Pippin varieties and met with a ready sale. He now has several tons yet undisposed of. He has one of the most productive apple orchards and vineyards in the territory. The apples brought here averaged about twelve inches in circumference and weighed twelve ounces each. The success in apple culture attained by Mr. Wilson at an altitude of close to 7,000 feet shows what the mountain regions of New Mexico are capable of doing in the production of this fruit.—White Oaks Eagle.

PICK, SHOVEL AND DRILL

Active Operations in the Hillsboro Gold District—Strikes and Mining Sales in Grant County.

The output of the Hillsboro gold mines for the week ended November 21 was 565; total output since January 1, 1895, 23,865 tons

Several big mining strikes are reported in Grant county, some of which, the Enterprise says, it is not at liberty to publish.

Col. C. G. Lott, of Albuquerque, has gone to the Cochiti mining district prepared to remain the winter developing the Hazel mine. There is a 140 foot tunnel on the property now and an encouraging show of mineral is made.

The excellent Hillsboro Advocate announces that it "will begin the year 1896 with a special issue descriptive of our mining resources and presenting, as heretofore, the result of the previous year's operations."

The Summit group of mines, the Davenport mines of East Camp and the Jim Crow mines, of Carlisle district, Grant county, changed hands this week. The purchasers are Paris and London capitalists, represented by H. W. Child. The price paid runs up into the hundred thousand dollar marks.

Steve Macy is opening up an immense body of lead carbonate ore in the Silver Spoons claim near the Opportunity hill at Hillsboro. The outcrop of this was found many years ago, but in following it down the miners left the ore and worked into the barren underlying lime. Since then the claim has been neglected and underestimated, but it is now expected that Hillsboro will soon appear as a shipper of lead ores in quantity.

The Hillsboro Advocate reports that Wm. L. O'Kelley, who has a lease on the Bonanza mine in Wicks gulch, has struck an eighteen inch streak of $60 ore in the drift, at a depth from the surface of about seventy feet; that Laramy & Dickey are again working the Susan mine in Wicks gulch, and are reported to be doing well; that Scott & Sanders are making another shipment of five ounce gold ore from the Garfield; that Jeff Owens is cross-cutting the Mountain King vein from the end of his tunnel; that within a few days Supt. Hall, of the Opportunity and Snake mines, will commence some important and extensive work for the repairing and re-opening of those great properties; that the Homestake mill is making a trial run of fifty tons of Wicks ore. If the saving effected is satisfactory to Supt. Williams, the whole milling product of the mine will be treated there in the future.

Pure Blood

Is the secret of the restoration to health which Hood's Sarsaparilla gives.

"It gives me pleasure to recommend Hood's Sarsaparilla. It has cured me of many complaints, and purified my blood. I was troubled with my liver, had hip disease and other troubles, with swelling of my ankles. For a long time I had to walk with a cane. For several years I was gradual- breaking down. I had the grip in a severe form. I procured six bottles of Hood's Sarsaparilla and it built me up. My recovery I owe to Hood's Sarsaparilla. All my ills have gone and I feel like a new person. I sleep well and eat heartily." MRS. CHARLOTTE KELLY, Haywards, Cal.
