DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The opportunities of life end only with life itself. Youth has been quoted as a "book of beginnings." Maturity transcribes therein its best pages, but action and achievement need not end with maturity.

"Cato learned Greek at eighty; Sophocles
Wrote his grand Oedipus, and
Simonides bore off the prize of verse from his compeers
When each had numbered more than fourscore years;
And Theophrastus, at fourscore and ten,
Had but begun his Character of Men.
Chaucer, at Woodstock with his nightingales,
At sixty wrote the Canterbury Tales.
Goethe, at Weimar, toiling to the last,
Completed Faust when eighty years were past."
