BAND ORGANIZED.

Starting off Right From the First—List of Officers.

It will be remembered the Eagle a few days ago mentioned the determination of those interested to get up a band here and to allow nothing to interfere with the successful consummation of the movement. In accordance with this determination a meeting for the purpose of organization was held at the city hall Wednesday night when the following officers were elected: W. W. Harris, manager; Luther Taylor, assistant manager; Richard Newland, leader; Joe Wren, assistant leader; C. G. Parsons, secretary and treasurer. Other charter members are H. F. Campbell, A. S. Coleman, Charles Vesmirovisky and L. R. Bonneville. These are all experienced band men, who will receive applications for membership up to about twenty.

A number of applications are already in, and there will be no trouble about secureing the full complement of men. A committee has been appointed to circulate a subscirption list Monday for donations towards the fund for the purchase of instruments. It is estimated that $350 will be required to buy the necessary instruments, and the plan proposed is to pay one-fourth this amount down, get the instruments, begin practice, and pay the balance in nine equal monthly payments. The donations asked each time after the first will be small and the band proposes to pay the people back in the way of free concerts. This plan of getting up and permanently maintaining a band has beed successfully pursued in many towns and we can see no reason why it cannot be made to work here.

A. and M. College Appropriation.

The appropriation bill as finally adopted allows the A. and M. college a total of $103,900 including the following items and amounts: Maintenance and support, $20,400; university fund, $500; agricultural and horticultural building $31,000; dormitory, $28,000; student labor fund, $5000; sub-experiment station fund, $2,500; repairs, $2,500; sewerage system, $5000; new dwellings, $6,500; water works, $2,500.

It will be noted that provision is made for a sewerage system and for the extention of the water works system which are most important items to the college.

The erection of the new buildings indicated will also be a long step forward in the work of building up the college, which is just now reaching a point which gives evidence of the grand future before it.

Card Parties.

Miss Parker gave a card party to young and married lady friends of Bryan and College, in honor of her sister, Mrs. S. J. Bain, yesterday afternoon. The attendance was very large and the game of six-handed euchre much enjoyed.

Miss McKenzie gave another card party last night to the J. A. O. club, Miss Gibson of Dallas being guest of honor. There were about thirty couples of young people present. Following a spirited game of six handed euchre light refreshments were served.
