

AMERICANS ABROAD IN RED CROSS WORK

United States Citizens Far Away Enthusiastic Members of the "Fourteenth" Division.

Among the most enthusiastic and energetic members of the American Red Cross are those citizens of the United States who live outside the continental boundaries of their country...

These people compose the Insular and Foreign Division of the parent organization, generally known as the "Fourteenth" Division, which has jurisdiction of all territory outside the country proper...

The main object of this division is to give our citizens everywhere the opportunity to participate in the work of the organization which stands for the best national ideals...

During the war these scattered members of the Red Cross contributed millions in money, and millions of dollars' worth of necessary articles for the men in service...

RED CROSS ASSISTS DISABLED VETERANS

The American Red Cross is carrying on a wide program of service for the disabled World War veterans receiving treatment in United States Public Health hospitals...

In each of the Public Health Service hospitals Red Cross workers devote their time to the general welfare of the service men from the day they enter the receiving ward until they are discharged...

Great service has been rendered by the Red Cross in mental cases in identifying those who have appeared in state hospitals for the insane...

In the Federal Board's various district offices the Red Cross worker, acting with the Home Service Section, makes necessary loans to the men, arranges suitable living conditions...

The Red Cross agents find men "lost" to the Board, help clear up delayed cases and aid the college counselors in their friendly work with the men...

To the American Red Cross Institute for the Blind near Baltimore, Md., more than half of all the Americans blinded in the World War have come for training...

Aid for Spanish Red Cross. The Iberian chapter of the American Red Cross, composed of Americans resident in Spain, has just contributed \$490 to a fund being raised by the Spanish Red Cross...

NATIONWIDE FIGHT AGAINST DISEASE

American Red Cross Will Have Health Centers in All Parts of United States.

The American Red Cross has launched upon a nation wide campaign of fighting disease and physical defect among the American people.

Officials in charge of the department predict that before long this new health activity will be in actual operation all over the country...

The interest of the American Red Cross in the fight against disease is not, however, of recent origin. Long before the war the organization began this health service through its medical units in disaster relief work...

The American Red Cross has determined that all this valuable experience in health service abroad and at home shall not go to waste.

How Organization Works. The Red Cross Health Center is governed by business principles, applies business methods, and in its more simple form, can be established and conducted by lay people.

It proceeds upon the demonstrated fact that health is a commodity that can be bought and sold like brooms and soap.

The Red Cross Health Center is of service to the sick in that it gives out reliable and complete information about existing clinics, hospitals, sanatoria and other institutions for the sick and the defective...

Teaching Disease Prevention. The Red Cross Health Center is, however, of even greater service to the well. It teaches people how to prevent sickness and disease.

Already more than a hundred of these Red Cross Health Centers are in actual operation throughout the country. Many of them also conduct medical clinics, but in one chief, outstanding feature of the American Red Cross Health Center is its health education service...

FRENCH PRAISE FOR OUR RED CROSS WORK

Lauding the work accomplished by American philanthropy for war-stricken France, Andre Tardieu, former high commissioner from that nation to the United States, in a recent article widely commented on throughout the French press, says:

"The American Red Cross has accomplished a work which calls for the heartfelt gratitude of every true Frenchman. In 1918 this great relief organization spent in behalf of France nearly 87,000,000 francs, and in 1919 its expenditures on charitable projects in our country attained the tremendous total of 171,000,000. It has recently turned over to the French relief organizations huge stocks of supplies whose value must be counted in the hundreds of thousands of francs."

"Fifteen million American boys and girls, banded together in the Junior Red Cross of America, are back of a movement to establish the closest ties between themselves and France's younger generation through the charitable works they have financed and are now carrying out among our little war-stricken neighbors."

Arthur G. Wray Candidate for Governor

Born in Nebraska 40 years ago. Graduate of York schools and Baptist State College. Practicing attorney, County Judge, York; seven years. Now mayor of York. Member of resolutions committee Roosevelt convention, 1912. Member of many boards and committees in active work for suffrage, child welfare and prison reform.

Judge Wray believes in a genuine curbing of the profiteers and a square deal for the common folk. He believes in genuine economy in public affairs and the selection of competent men for public service instead of cheap politicians.

His friends point to his good performance of public duties and to his clean public and private life as a guaranty of honest service to state in the Governor's office.
