The Foote-Motor Company, Ford dealers, state there will not be a new model Ford car on the market August 15th, with ventilating windshield and one-man top. **FORMER PRESIDENT S. A. COMBS SENDS GREETINGS TO THE OLD SETTLERS**  
Boise, Idaho, Aug. 13, 1921. To the Pioneers and Old Settlers of Dakota County, Neb., Greeting: I was pleased to get word from you. You may be assured I will never forget the people of Dakota county, while life lasts. From all who have been here any length of time, the same answer to southern Idaho is—the most perfect climate the year round that can be found. In the

summer, warm days and cool nights; in the winter, it is uncommon for it to get down to zero. Last winter my daughter says it got to 13 degrees above zero, and then only for a part of one day. All kinds of crops are raised here. It is an all-round farming and dairy country. If anyone wishes to know all about it I will see that you get information, by sending stamps, as I am not in any business. June 15, 1921, was declared Nebraska Day, and an association was formed. The county offices closed, and 365 signed up as charter members. Mrs. Combs and I, also Mrs. Nellie Combs-Branson, and husband are in the list; but you can rest assured that we shall never forget Dakota county, Nebraska. Mrs. Combs and I visited with Caleb Antrim and family at Greenleaf, and J. Jester and family, of Caldwell. They are all, and doing fine. Wishing you one of the best days you ever had, and may God bless you, one and all. S. A. COMBS.

**GIGANTIC FEATURE IS ADDED TO BIG CIRCUS**  
Ringling Bros. and Barnum & Bailey Program Includes Europe's Great Wild Animal Show  
With Europe's biggest trained animal show as one of many splendid features, the Ringling Brothers and Barnum & Bailey combined shows will exhibit afternoon and night at Sioux City Wednesday, August 31st. This marvelous circus of 1921 offers the greatest congress of attractions in history. Without eliminating any of the thousand thrills produced by hundreds of the most skillful men and women performers, Ringling Brothers have added, without additional charge the most sensational of wild beast displays. Not only will you see the artists who occupy the three rings, five stages, the great hippodrome track and the aerial rigging in the tent top, but four spacious steel arenas filled with wild beasts as well. Tigers riding peacefully on the backs of elephants, black-maned African lions springing to and from galloping horses, great troops of polar bears walking ropes or playing at see-saw leopards jumping through hoops of fire—these are some of the marvelous things these wonderful animals do. While these beautiful creatures are under absolute control, they are presented only in great arenas of steel. Elsewhere in the main tent you will see camels performing much after the fashion of horses—an act never before presented anywhere. There are five troupes of trained seals, whole beavies of remarkable dogs, monkeys, pigs and pigeons. Twenty-six elephants will perform at one time. Others will do tricks at the top of high pedestals and others circle the entire tent, kicking footballs as they go. Splendid groups of trained stal-
