NEW ORLEANS 15TH CITY

Has Population of 339,075, an Increase of 51,971.

DROPS FROM 12TH PLACE

Little Change in the Rate of Increase in Population of Cities in Two Decades.

Washington, Sept. 17.—According to an announcement issued by the Census Bureau to-day the population of New Orleans is 339,075, an increase of 51,971, or 18.1 per cent, as compared with 287,104 in 1900.

While New Orleans growth during the last decade was only slightly below her percentage of increase of the previous decade, the Crescent City, through the more rapid growth of other cities in the 100,000 class, loses its position of twelfth in the list of the country's biggest cities, and now occupies fifteenth; Detroit, with a 63 per cent increase; Milwaukee, with 31 per cent, and Newark, N. J., with 41.2 per cent, all have jumped ahead of New Orleans in the number of inhabitants, and now occupy twelfth, thirteenth and fourteenth positions, respectively.

The population of Holyoke, Mass., as given by Census Bureau statistics is 57,-730, an increase of 12,018, or 26.3 per cent, as compared with 45,712 in 1900.

Lowell, Mass., has 106,294 persons, an increase of 11,325, or 11.9 per cent, as compared with 94,969 in 1900.

Pittsfield, Mass., has 32,121 persons, an increase of 10,355, or 47.6 per cent, as compared with 21,766 in 1900.

The second bulletin of the census bureau showing the growth of cities was issued today. Of the thirty-eight cities which in 1900 had a population of 100,000 and more twenty-four are given, and to these are added five which have attained the 100,000 mark during the last decade. The aggregate population of these twenty-nine cities now is 13,596,819, as against 10,376,012 in 1900 and 7,904,140 in 1890. The absolute increase between 1890 and 1900 amounted to 2,471,872; between 1900 and 1910, to 3,220,807.

The percentages of increase for this aggregate population show very little change in the rate of growth during the two decades, being for the earlier one 31.3 per cent and for the later 31 per cent. The fact is noted that the high rate of increase is not confined to any one geographical section. Of the seven cities whose rate exceeded 40 per cent, two, Newark, N. J., and Bridgeport, Conn., are Eastern; one, Atlanta, is Southern, and four, Detroit, Denver, Kansas City and Columbus, are Western. Of the two cities with the lowest rate, one is Eastern and the other is Western.

Remarking upon the facts presented, the bulletin says: "The rates of increase for Atlanta, Detroit, Denver and Kansas City must be regarded as phenomenally high, but even more extraordinary is the high percentage for New York, which exceeds the average for twenty-eight cities in the group by 11.4 per cent, and is itself exceeded only by the rates of seven cities. The New York City rate, moreover, has been maintained at its present high point for two decades, and may, therefore, be regarded as a normal rate for that city."

Fifty-four cities of between 25,000 and 100,000 are given, showing an aggregate population of 2,722,438, as against 1,901,766 in 1900, a gain of 43.2 per cent, a rate of growth which the Census Bureau pronounces "phenomenally high." Of these fifty-four cities thirty-one show a higher rate of increase for the last decade than for the previous one. So far no decrease is noted in any of the cities.

MAY FIGHT BRICKLAYERS

Builders' Association Likely to Declare Agreement Void.

The trouble between the Mason Builders' Association and the international officers of the bricklayers' unions had reached an acute stage, it was stated yesterday. The union officers have been trying to force recognition in the trade agreement between the association and the New York locals by declaring strikes on the contracts in this city of F. T. Nesbit & Co. This firm reported yesterday that all its contracts have been tied up.

The Mason Builders' Association has called a special meeting for Tuesday, with the intention, it was said, of taking radical action at once to end the trouble, even should work on all buildings in course of construction be stopped. It was the opinion that matters had reached a crisis, and that further delay by the association in the interests of peace would be interpreted as weakness. Should the trade agreement be declared void, it would lead to a general lockout of all the bricklayers.

The bricklayers' unions are not affiliated with the American Federation of Labor or other central bodies. They will not, therefore, in case of a lockout, have the cooperation of the unions in other trades.

SUES POLICE CAPTAIN HENRY

Alleging Malicious Prosecution, Man Is Arrested Asks $10,000 Damages.

A suit for $10,000 damages for malicious prosecution has been brought in the Supreme Court against Police Captain Dominick Henry by Henry George Allen.

The plaintiff alleges that on March 18 Captain Henry, on arresting him, subjected him to violent treatment and charged him with arson. After being held in a cell for five hours at the Mercer street station, of which Captain Henry was then the commander, Allen says that he was taken to the prison of Jefferson Market court and held there for five hours more. He was arraigned in the night court and held in $2,000 bail by Magistrate Harris. Magistrate Herbert discharged him after a hearing on March 21. Allen now asks damages, alleging that he was held up to scorn and ridicule and that the defendant acted maliciously in arresting him.

The plaintiff says that since his arrest he has been unable to get any insurance on his property, and that through the action of Captain Henry he was put to the expense of $600 for counsel fees and for a bail bond.

HELD ON FORGERY CHARGE

Alvarez's Draft on Cuban Bank Is Pronounced Counterfeit in Court.

Magistrate Steinert held in $2,000 bail on a charge of forgery yesterday morning, in Jefferson Market court, the man who presented a check for $14,000 to J. C. Coghlan, a film broker, in payment for films, after having opened an account with the Savoy Trust Company by depositing a draft for $5,000 on the Banco Español de la Isla de Cuba, of Havana.

The draft was signed "Manuel Alvarez," but Leopold Granpero, a hotel proprietor of No. 217 West 14th street, swore that he had known the defendant for fourteen years as Baldamero Menendez.

The foreign manager of the Banco Español de la Isla de Cuba arrived in New York yesterday. His name is Alfredo Morate. He appeared against Alvarez, producing a real draft of the institution. He said that used by Alvarez was a counterfeit, and charged that the latter bore the forged signature of J. Sentinat, a director of the Havana bank, whose name is signed to all drafts.
