work has not been rewarded by any extraordinary results. In the defined territory, however, some good completions are reported. Interest centres in the new Straightsville, Hocking County, district, where a new well has been brought in which bids fair to develop into the gusher type. Additional tankage has been put up, and the pipe line has been extended to the well. Several good wells were brought in in the Cleveland district. In southeastern Ohio several important tests are being drilled and the outcome is waited with much interest. In Richie, Cabel and Clay counties, W. Va., field work continues fairly active.

Prices for refined petroleum remain unchanged at 7.25 cents in barrels and 3.75 cents in bulk at New York. European quotations follow: London, spot, 5¼d an imperial gallon; Antwerp, 19 francs per 100 kilos, and Berlin 6.50 marks for 50 kilos.

THE PRINT CLOTH MARKET.

Fall River, Mass., June 4.—There was quiet trading in the print cloth market last week, owing to the presence of Memorial Day, which had the effect of reducing business to some extent.

The wholesale houses in New York closed on the Saturday preceding Memorial Day and did not reopen until the following Wednesday, and this arrangement upset matters somewhat. Buyers and manufacturers were unable to get together in the matter of price, and therefore business was held down to some degree.

Some mill treasurers are determined not to sell their goods at prevailing prices, notwithstanding the fact that prices are higher now than they have been for some time. Odd constructions and special weaves made up the week's trading. Owing to the extensive curtailment which took place last week it is reported that between 240,000 and 260,000 pieces were taken out of production.

It is generally conceded that curtailment will increase during the summer months, and by so doing it is believed that the market will be benefited. Some will treasurers are complaining because of the high price of cotton, and they say that they cannot make goods out of high priced raw material and dispose of the product at prices which are now prevailing.

Of the total sales about a third are spots. The contracts which were entered into call for deliveries up to August. The quotations are as follows: 28-inch, 64x64, 3⅜; 28-inch, 64x60, 3½; 27-inch, 64x60, 3 5-16; 27-inch, 60x52, 3 1-16; 38-inch, 56x52, 2 15-16; 38½-inch, 64x64, 3½; 39-inch, 68x72, 3¾.

Louisville & Nashville Railroad Company.

ATLANTA, KNOXVILLE AND CINCINNATI DIVISION

FOUR PER CENT GOLD BONDS.

Dated May 1, 1905. Due May 1, 1955.

Interest Payable May 1 and November 1. Principal and Interest Payable in the City of New York

Trustee: UNITED STATES TRUST COMPANY OF NEW YORK.

Coupon bonds in denomination of $1,000 may be registered as to principal only.
Registered bonds in denominations of $1,000, $5,000, $10,000 and $50,000.
Coupon and registered bonds interchangeable.

Application will be made to list these bonds on the New York Stock Exchange.

From the letter of M. H. Smith, President of Louisville and Nashville Railroad Company (copies of which can be obtained at the offices of the undersigned), we summarize the following:

The bonds in question, besides being the direct obligation of the Louisville & Nashville Railroad Company, are secured by a mortgage on its entire main line between Cincinnati and Atlanta. ON 204.67 MILES OF THIS DIVISION THEY ARE A DIRECT FIRST MORTGAGE AND ON 546.15 MILES THEY ARE A MORTGAGE SUBJECT TO PRIOR LIENS OUTSTANDING AT THE RATE OF ONLY ABOUT $15,000 PER MILE.

The mortgage also covers extensive terminal properties at Cincinnati, Ohio, Atlanta, Ga., and Knoxville, Tenn., having not only a large actual present value but also a steadily increasing one.

For the fiscal year ended June 30, 1910, the income of the Atlanta, Knoxville & Cincinnati Division applicable to the payment of interest charges was MORE THAN TWICE THE AMOUNT REQUIRED TO PAY INTEREST ON ALL LIENS PRIOR TO AND INCLUDING THE $23,827,000 BONDS OF THIS ISSUE.

The Louisville & Nashville Railroad Company, of which the Atlanta, Knoxville & Cincinnati Division, as indicated above, is an integral part, has been in continuous and successful operation since 1859, during which period it has at all times promptly met all its obligations. Since July, 1909, it has paid dividends at the rate of seven per cent. per annum.

Having sold a portion of the above described bonds we offer, subject to prior sale and change in price, the balance of the $10,000,000 bonds at 93½ and accrued interest, at which price the bonds yield 4.30%.

The engraved bonds are now ready for delivery.
