ARMY AND NAVY NOTES

Labor Agitation Causing Much Concern to Officials.

Washington, September 11.

NOT ADOPTED IN NAVY.—The labor agitation in navy yards and arsenals against the installation of scientific management is giving the officials much concern. The announced object of the officials is to increase the efficiency of the workmen and to raise the wages correspondingly. Acting Secretary Winthrop said today that, so far as the navy yards are concerned, no attempt has been made to introduce the system, nor is it likely to be adopted, although a board of officers has been studying navy yard methods for several months with a view to improvement along other lines. A conference of workmen to devise plans to oppose the scientific system of shop management has been called by the International Association of Machinists, to be held in Rock Island, Ill., beginning on September 19.

CHANGES IN COMMANDS.—Extensive changes in the commands of the battleships of the Atlantic fleet will take place in the late fall. It is the purpose to relieve most of the captains who have held their commands for more than two years, and no fewer than seven officers are on the list, probably including Captains Fulham of the Mississippi, Usher of the Michigan, Dunn of the Idaho, Gove of the Delaware, Winterhalter of the Louisiana, Rush of the Connecticut and Fechteler of the South Carolina. The changes are subject to the approval of Secretary Meyer on his return from Europe.

COSTLY ESCAPADE.—The escapade of the two young midshipmen, Gaston L. Holmes, of Mississippi, and Charles L. Clifford, of Massachusetts, in quitting the Naval Academy practice squadron at Bergen, Norway, has cost the young men their places in the navy, for after a careful consideration of all the facts Acting Secretary Winthrop has decided that they shall be dropped from the service.

CADETS IN TROUBLE.—The cases of seven cadets of the West Point Military Academy, convicted by court martial of breach of discipline in bringing intoxicants into camp at the summer encampment, are now before Secretary Stimson. Instead of being dismissed, the sentences in some of the cases, it is said, may be reduced, because of extenuating circumstances, to periods of suspension and a reduction in class standing.

SURE IT WAS MATTHEWS.—The Navy Department is satisfied that the body of the man who committed suicide at Pablo Beach, Fla., several weeks ago, is that of the missing Captain Arthur J. Matthews, of the marine corps, who disappeared on February 3 while acting as commandant of the naval prison at Mare Island Navy Yard. The search for the officer has been discontinued, and his name, it is said, will soon be stricken from the marine corps list, the elimination to date from June 17, when the man took his life.
