ARMY AND NAVY NOTES

Important Posts in Navy Department To Be Filled.

[From The Tribune Bureau.]
Washington, November 29.

MANY GOOD BILLETS. — Secretary Meyer has under consideration the filling of a number of important places in the Navy Department. Two of these are the result of the change in the Bureau of Navigation, as chief of which Captain Philip Andrews, aid to the Secretary, succeeds Rear Admiral Reginald F. Nicholson, who becomes commander in chief of the Asiatic fleet. Lieutenant Commander L. C. Palmer has already been designated as the Secretary's aid, leaving a vacancy in the place of director of target practice and engineering competitions, one of the most important places under the Navy Department.

Another place now vacant is that of assistant chief of the Bureau of Navigation, Captain Henry B. Wilson having been relieved to take command of the North Dakota. It is understood that Commander Reginald R. Belknap, who has been on duty as executive officer of the North Dakota, will succeed him.

The tour of duty of Civil Engineer R. C. Hollyday as chief of the Bureau of Yards and Docks will expire in January, and considerable interest is manifested in the appointment of a successor, it being generally understood that Civil Engineer Hollyday will not be redetailed. Several names have been mentioned, including those of Civil Engineers A. C. Cunningham, who is on duty under the aid for inspections in Washington; L. M. Cox, on duty at the Norfolk Navy Yard, and F. R. Harris, now at the New York Navy Yard, who has gained considerable distinction by the completion of the big drydock at that establishment.

Another important place to be filled is that of aid for operations on the retirement of Rear Admiral Richard Wainwright on December 17. The choice for this detail appears to rest between Rear Admiral Charles E. Vreeland, now aid for inspections, and Rear Admiral Hugo Osterhaus, in command of the Atlantic fleet. Rear Admiral W. P. Potter will be retired for age next May, and this will make it necessary to select an aid for personnel. One of the officers named in that connection is Captain T. M. Potts, chief intelligence officer of the navy.

COMMISSIONS FOR CIVILIANS.—As the result of the invitation of the War Department to college graduates to take the examination for appointment as second lieutenants in the army, forty-five civilian candidates who have successfully passed the examination will be appointed to the service. Immediately after receiving their commissions the new officers will go to Fort Leavenworth, Kan., where for a month or more they will be instructed in the manual of arms and field movements.

In the number of candidates to pass the rigid examination New York State leads with five appointments. Massachusetts, Ohio, Maryland and Missouri are next, with three each. Those who passed the examination and received commissions follow:

Andrew G. Gardner, Arkansas; Walter F. Winton, California; John M. Thompson and Leopold J. H. Hedwig, District of Columbia; Lester M. Wheeler, Illinois; James R. Alfonte, Indiana; Lester Gehman, Iowa; Glenn P. Wilhelm, Kansas; Kenneth P. Lord and Sumner Waite, Maine; Ford Richardson, William R. Van Sant and Harrison McAlpine, Maryland; George C. Elsey, Albert M. Jones and Robert S. Barr, Massachusetts; Clyde J. McConkey and Harold C. Lutz, Minnesota; William C. Rose and William E. Brougher, Mississippi; Robert W. Wilson, Lloyd E. Jones and Edwin O'Connor, Missouri; Henry L. C. Jones, Nebraska; Eugene A. Lohman, New Mexico; J. Ambrose O'Brien, Alexander L. P. Johnson, Dexter C. Rumsey, Livingstone Watrous and Augustin G. Rudd, New York; Maxon S. Lough and George M. Halliday, North Dakota; Albert S. Kuegle, Carl M. Deakin and Charles S. Little, Ohio; Thomas Cochran, Pennsylvania; John T. Rhett, South Carolina; George A. Sanford, South Dakota; Newton H. Polk, Tennessee; Norman P. Morrow, Texas; John E. Creed, Vermont; Alexander R. Cooke and Edward A. Millar, jr., Virginia; John P. Wilson, West Virginia, and Wesley F. Ayer, Wisconsin.

ORDERS ISSUED.—The following orders have been issued:

The following officers of cavalry arm assigned to regiments indicated: Major JESSE M. I. CARTER, 9th Cavalry; Major ALONZO GRAY, 11th Cavalry; Captain JAMES E. FECHET, 4th Cavalry.

The following assignments of officers of cavalry arm recently promoted announced: Major ROBERT L. HOWZE, 4th Cavalry; Captain GEORGE A. PURINGTON, 5th Cavalry; First Lieutenant BERKELEY T. MERCHANT, 8th Cavalry.

Captain CONRAD H. LANZA, 24 Field Artillery, to Vancouver Barracks.

First Lieutenant H. CLAY SUPPLES, 26th Infantry, detailed as inspector-instructor organized militia of Florida, to St Augustine, Fla., December 15.

Leave of absence: Captain JAMES D. WATSON, coast artillery, four months on relief from recruiting duty.

NAVY.

Lieutenant (junior grade) C. C. SLAYTON, commissioned.

Midshipman C. Q. WRIGHT, detached the Hartford; to the Kansas.

Midshipman H. S. M. CLAY, detached the Hartford; to the New Jersey.

MARINE CORPS.

Lieutenant Colonel T. P. KANE, two months' sick leave.

First Lieutenant JOHN POTTS, one month's leave.

First Lieutenant H. F. WIRGMAN, ten days' leave.

Lieutenant Colonel W. C. DAWSON, fourteen days' leave.

Major A. W. CASTLE, twenty-one days' leave.

Second Lieutenant E. A. PERKINS, twenty-three days' leave.

MOVEMENTS OF WRSHIPS.—The following movements of vessels have been reported to the Navy Department:

ARRIVED.

Nov. 27—The Ammen, at Boston.
Nov. 28—The Peoria, at Santiago; the Washington, at St. Thomas; the Nebraska, at Newport; the Patterson, at Boston; the MacDonough and the Wilkes, at Charleston; the California, the South Dakota, the Maryland, the West Virginia and the Colorado, at Honolulu.
Nov. 29—The Abarenda, at Olongapo.

SAILED.

Nov. 27—The New Orleans, from Shanghai for Chefoo.
Nov. 28—The Peoria, from Guantanamo for Santiago; the Preble, from San Diego for Mare Island; the Cincinnati, from Honolulu for Yokohama.
Nov. 29—The Saratoga, from Shanghai for Taku.

The flag of the commander of the fourth division of the Atlantic fleet transferred from the Virginia to the Georgia.

The Yosemite was placed in commission in reserve.

The Castine, in reserve, navy yard, Norfolk.

The San Francisco, ordered placed in commission at navy yard, Norfolk.

"COMMERCE" IMPEDES TRAFFIC

Stover Hangs a Red Lantern on Her and Discusses Her Removal.

"Commerce," being a menace to traffic in Central Park, Commissioner Stover will have her placed in a less dangerous site at once. Until that time, however, he will have hung on her arm a red light.

The statue, which the city received in 1884 from Stephen B. Guion, a merchant in Liverpool, England, but formerly a New Yorker, has been for half a century or more at the intersection of three roads in the park near 59th street and Eighth avenue.

Because a number of automobilists have complained to the Park Commissioner that their lives have been jeopardized by the statue at such a crowded intersection he made a personal investigation yesterday with Charles D. Lay, landscape architect.

MOTOR TRUCK KILLS TWO BOYS.

Cambridge, Mass., Nov. 29.—Walking beside their father and helping him to trundle a cartful of kindling wood homeward, Harry Rouff, fourteen, and his brother John, seven, were struck and killed by a motor truck and the father was badly hurt on the Charles River Esplanade to-night. George Chabol, of Somerville, driver of the truck, was held in $5,000 bail on a charge of manslaughter.

COMMUTERS SOOTHE M'ADOO

Delegates Representing 100,000 Approve 7-Cent Fare.

Harmony was the keynote of a conference last evening between William G. McAdoo and certain commuters of New Jersey. In connection with the seven-cent fare the New Jersey State Commuters' Association and the Commuters' League of New Jersey yesterday sent committees to see Mr. McAdoo in the Hudson Terminal. They said the fare was, considering the circumstances, both reasonable and just.

Roy M. Robinson, secretary of the New Jersey State Commuters' Association, read this resolution:

"After careful examination and consideration of the sworn and public statements filed with the Interstate Commerce Commission and presented by W. G. McAdoo in person, Resolved, That the statement issued November 23 by Howard Marshall, president of the Commuters' League of New Jersey and the New Jersey State Commuters' Association, in regard to the proposed increased fare on the 23d street branch of the McAdoo tunnels as being reasonable and just, be and is hereby approved by the officers of both organizations in joint meeting assembled.

Mr. McAdoo thanked the Jersey delegation and said that when the extension is built to the Grand Central Station, at a cost of $6,000,000, passengers will be carried to that point for the same seven-cent fare.

The delegation that waited upon Mr. McAdoo represented 100,000 commuters. In the delegations were members from twenty-five local associations.

RISE IN BEER THREATENED

Brewers Say Scarcity of Hops and Barley Is a Puzzle.

The brewers of the world are said to be confronted with a condition in their trade that is without precedent, due to a record-breaking drouth in England and Northern Europe last summer that was disastrous to all farm produce and was particularly severe on hops and barley.

Production, it is said, has been decreasing yearly, so that under normal crop conditions the world's supply amounts to little more than the actual requirements. The unusual shortage caused by the drouth in Europe last summer, therefore, is aggravated, and brewers say the situation nonplusses them.

British brewers have bought hops and barley from the Pacific Coast freely, and as the American barley crop was short prices have gone to the highest point that has been reached in more than twenty-five years. The average price of barley malt has ruled during past years at about 70 cents a bushel, whereas to-day it is quoted at $1.40, with an upward tendency. Hops have averaged 15 and 20 cents a pound during past years and are selling to-day at 50 cents.

Brewers affirm that it costs a dollar a barrel more to make beer than in previous years. In many centres brewers have already advanced their beer 50 cents a barrel.

TOBACCO FIRMS ORGANIZE

Two Companies Formed Under Reorganization Elect Officers.

The Liggett & Myers Company and the P. Lorillard Company, the two companies that were formed a few days ago by the American Tobacco Company under the reorganization plan, recently approved by the United States Circuit Court, which called for the splitting up of the "trust" into three separate concerns, yesterday elected their officers and directors.

C. C. Dula was elected president of the Liggett & Myers Company and T. J. Maloney president of the P. Lorillard Company. Both these men have been in the tobacco business practically all their lives and have been connected with the American Tobacco Company for many years. Mr. Dula is vice-president and a director of the American Tobacco Company, but will resign these places, as under the decree of the court the managements of the various companies which result from the dissolution of the "trust" must be entirely separate and distinct.

The other officers and directors of the two companies named were elected as follows:

Liggett & Myers Company—C. W. Toms, E. B. McDonald, H. A. Walker and R. D. Lewis, vice-presidents; E. H. Thurston, secretary; T. P. Anderson, treasurer. The directors include all the officers except Mr. Thurston, and R. B. Dula, J. A. Lewis, W. R. Irby and A. Klein.

P. Lorillard Company—R. K. Smith, D. H. Ball, B. L. Belt, H. D. Kingsbury and G. H. Hummell, vice-presidents; W. B. Rhett, secretary and treasurer. All of the officers and George M. Williams and T. T. Smith are directors.

INTER.-MET. OBTAINS LOAN

Hallgarten & Co. Will Furnish Money for Assessment.

The money needed by the Interborough-Metropolitan Company to pay the assessment of $12.90 a share on its $42,740,000 Metropolitan Street Railway stock, called for in the revised reorganization plan of the latter company, will be furnished, it was learned yesterday by Hallgarten & Co. The exact nature of the financing will not be announced until later, but it is understood that the loan by the bankers will be secured by the deposit of the new stock which the Interborough company will receive in exchange for its old Metropolitan stock upon payment of the assessment.

While the amount of the assessment the Interborough-Metropolitan will have to pay aggregates $5,513,460 the actual cost to the company will be probably not more than about $1,300,000, as it plans, it is understood, to sell on the market the new bonds which it will receive along with new stock under the terms of the reorganization plan. These bonds will consist of $3,778,942 new 4s, and $2,265,229 new adjustment 5s, for which, on the basis of the present bid and asked prices on the curb, the Interborough should realize approximately $1,212,000.

As the Interborough-Metropolitan Company will own $13,210,334 out of the total issue of $17,500,000 new Metropolitan stock, thus giving it control of the system with the right to elect a majority of the board of directors, there is no particular reason, it is pointed out, for the company to keep the bonds, provided it can dispose of them at a fair price.

CHEAPER RATES FOR PARCELS

United States and England Agree Upon Lower Mail Charges.

London, Nov. 29.—Postmaster General Herbert L. Samuel announces that as a result of negotiations with the postal authorities of the United States the rates for parcels from the United Kingdom to that country will be reduced on December 1 as follows:

Up to three pounds, 20 cents; up to seven pounds, 54 cents; up to nine pounds, 78 cents; up to eleven pounds, $1.02. The existing rates are 36, 60, 84 and 108 cents, respectively.

CALL MONEY UP TO 6 PER CENT.

The call money rate rose to 6 per cent yesterday for the first time since January 3. The flurry is ascribed to the fact that loans made yesterday will carry over until to-morrow, when the banks will be engaged with the December 1 disbursements and to the reduction of the surplus reserves of the banks through the recent heavy gold shipments. Another cause operating to advance the call rate is the daily expectation of a call from the Controller of the Currency for statements of condition of the national banks.

SELLS ALL BANK STOCKS

National City Company Meets Objections of Government.

Formal announcement is about to be made by the National City Company that it has sold the last of its holdings of bank stocks, thus meeting the objections originally raised by Attorney General Wickersham and recently concurred in by the Secretary of the Treasury. These objections were based upon the fact that the National City Company is controlled by the National City Bank, its holdings of stock in other banks being construed as being owned in the interest of the National City Bank, with alleged resulting violation of the law prohibiting one national bank from owning, either directly or indirectly, stock of another national bank.

These bank stock holdings, the present market value of which is more than $6,000,000 were acquired from time to time in the course of the last ten or more years by men closely identified with the ownership and management of the National City Bank, partly as investments and largely with the object of obtaining for the City Bank a voice in the direction of other banking institutions and a share in their business. It has been generally supposed that these blocks of stock were transferred by the capitalists directly to the National City Company on its formation a few months ago, but it was learned yesterday from an authoritative source that they had been transferred long before to an investment company which had been organized by these interests and that it was this company which turned over the bank holdings to the National City Company.

The holdings of stock of Western banks have been sold privately to the controlling interests in those institutions, in most cases, little of the stock having been distributed through sale in the open market; and the same course has been pursued with some of the stocks of local banks. In no instance has the National City's holdings of a bank's stock amounted to an actual majority. By far the largest single block acquired by it was that of National Bank of Commerce stock.

In March, it will be remembered, about 45,000 shares of stock of that institution were acquired, at $200 a share, by a syndicate in which were represented the National City and First National Bank interests, J. P. Morgan & Co. and Kuhn, Loeb & Co. Of this block, from 10,000 to 15,000 shares went to the National City Bank interests, and later came into the possession of the National City Company.

Practically this entire block of 10,000 to 15,000 shares, it is learned, has been sold by the National City Company to members of a rich family not closely affiliated with either the Morgan or City Bank interests, and have been acquired by the purchasers as an investment, the remaining part having been taken by large shareholders of the Bank of Commerce.

'PHONE MERGER COMPLETED

New York Company Gets Nine Independents Upstate.

Albany, Nov. 29.—Official announcement was made by the New York Telephone Company to-day that control of the following nine independent telephone companies has been acquired:

The Commercial Union Telephone Company, Troy, Glens Falls, Saratoga, Lake George and other points; the Albany Home Telephone Company and its subsidiary company, the West Shore Home Telephone Company, Catskill; the Cohoes-Waterford Home Telephone Company, Cohoes and Waterford; the Rensselaer Home Telephone Company, Rensselaer; the Schenectady Home Telephone Company, Schenectady; the Citizens' Standard Telephone Company, Kingston and vicinity; the Dutchess County Telephone Company, Poughkeepsie, and the Independent Union Telephone Company, the toll line system connecting those plants.

The total number of telephones involved is approximately 26,000. The price paid was about $3,000,000. As a result of the transaction the American Telephone and Telegraph Company gains about four hundred stockholders.

DECREASE IN ORE SHIPMENTS.

Duluth, Nov. 29.—A decrease of 7,061,202 tons in ore shipments from the docks at the head of the lakes, including those of Two Harbors, for the season of 1911, as compared with the season of 1910, is shown in figures issued to-day. November ore shipments for 1911 also fell short of the 1910 figures for the corresponding month by 107,993 tons. All roads shipping ore report a decrease in tonnage for November, 1911, as compared with the corresponding month of 1910.

FAILS OWING NEW YORK FIRMS.

Boston, Nov. 29.—Listing liabilities at $107,000 and assets at $15,300, Allen T. Nye, of West Brookfield, who has been conducting a mercantile business at No. 185 Summer street, this city, filed a petition in bankruptcy to-day. The unsecured creditors include the Twelfth Ward National Bank, New York $15,000; the C. A. Newcomb Syndicate, New York, $10,000, and the Alvah A. Trowbridge Syndicate, New York, $25,000.

Don't Wear A Truss!

After Thirty Years Experience I Have Produced An Appliance for Men, Women or Children That Cures Rupture.

I Send It On Trial.

If you have tried most everything else, come to me. Where others fail is where I have my greatest success. Send attached coupon

The above is C. E. Brooks of Marshall, Mich., who has been curing Rupture for over 30 years. If Ruptured write him to-day.

to-day and I will send you free my illustrated book on Rupture and its cure, showing my Appliance and giving you prices and names of many people who have tried it and were cured. It is instant relief when all others fail. Remember I use no salves, no harness, no lies.

I send on trial to prove what I say is true. You are the judge, and once having seen my illustrated book and read it you will be as enthusiastic as my hundreds of patients whose letters you can also read. Fill out free coupon below and mail today. It is well worth your time whether you try my Appliance or not.

FREE INFORMATION COUPON
C. E. Brooks, 678 Brooks Bldg., Marshall, Mich.
Please send me by mail in plain wrapper your illustrated book and full information about your Appliance for the cure of rupture.
