Will pay good price for three dozen hens. VAN BOSKIRK.

The editor is in receipt of a very pretty little souvenir from Dr. Seymour, in the form of a neat little book of Nebraska and Dakota views, taken by him last spring. He advises us that he has sent out over fifteen hundred through the northwest just to his patients, who no doubt appreciate the doctor's remembrance very much, in which we join. Bring your kodak every time, Doctor.

C. E. Clough, of Alliance came in this morning with two loads of cows of his own breeding and raising that sold at \$4.05. Mr. Clough raises good grade cattle and finds that it pays. He has one herd of Follad-Angus stock which he keeps in a separate pasture and a big herd of Short-horn and Hereford mixed. Mr. Clough thinks that the Short-horn and Hereford cross is about as good an animal as can be obtained for range purposes. The Whites are the best rustlers and the Short-horns acquire weight. Practically everyone who has tried this combination has found it satisfactory.—South Omaha Journal Stockman—Friday.

Many of our readers who have known Dr. Seymour, the noted eye specialist, for many years, will be glad to know that he will bring with him on his fall trip, a noted specialist in ear nose and throat troubles. See them at Charters hotel October 9 and 10. Consultation free.

### TWO WRECKES ON BURLINGTON.

Passenger and Freight at Broken Bow and Freights at Mullen Collide Sunday.

Sunday was rather an unfortunate day for the Burlington, two wrecks, one at Broken Bow and the other at Mullen, occurring on that day. The wreck at Broken Bow happened about six o'clock in the morning when the west bound passenger, No. 41, and westbound freight, No. 47, crashed into each other. The catastrophe seems to have been due to the freight's switching without having a flagman out.

A negro, Preston H. Higgins, who was riding next the tender, was killed instantly. He was apparently about forty years old. Two ladies on No. 41, were slightly injured, also, and Fireman Charles Tubbs on No. 47, was badly scalded and was taken at once to the Broken Bow hospital for treatment. The engine drawing No. 41 was damaged too badly for use and a freight car between the two engines was smashed. The accident caused about four hours delay. No. 41 was in charge of Conductor Zollinger and Engineer Nolan. Frank Hartson was engineer on No. 47.

Sunday afternoon at Mullen a head end collision of two freight trains occurred, the engines being telescoped and twelve cars of cattle being demolished. No lives were lost, both crews seeing the crash that was coming and jumping from the engines. The trains came together with terrific force. The tender of one of the engines was thrown twenty-five feet high and such a mass of debris was heaped on the track that it was several hours before it was cleared for travel, although the whole wrecking outfit was sent from here to assist in removing it.

### Money Will Not Buy It All.

Money can buy many things, we admit. It can buy place and power. It can corrupt courts and juries, it can oppress the weak and uphold the strong, it can be the means of enabling the rich to hold certain places; but its purchasing power has a limit. It cannot buy everything. It cannot buy an honest man, he be judge, juror or hod carrier. It cannot buy a place that will make an unworthy man honorable. It may oppress the weak, but it cannot buy the wealth of virtue. It may purchase a pew in a wealthy church, but it cannot purchase a guiltless conscience. It cannot secure for broken hearts and sinful souls the only balm that will soothe. It cannot win the heart's affection of any woman or child, it cannot buy a happy home, it cannot buy the dearest thing that life holds; nor can it bribe death or buy a mansion in heaven for the soul's eternal dwelling. No. No! Money cannot buy every thing. Be not deceived. Do not make its pursuit the chief end of life. That course leads to worry and sorrow and disappointment here and untold misery in the life to come.—Contributed.

The play, "Railroad Jack," given at the opera house last Monday evening, was enjoyed very much by those who attended. The play in itself was pretty fair and it made an excellent setting for vaudeville work, in which the company excels. The house was not much more than half filled, principally because a great many did not know it was to be given that night. It had been advertised for Wednesday night, but the company gave up other dates, thinking to catch the circus crowd here, which they doubtless would have done had the play been well advertised for that evening.

### BINGHAM

The Piano and Organ dealer.

On account of an unprincipled dealer in Alliance endeavoring to make capital for himself and injury to my business, by reporting that I was going to quit the business and leave Alliance, I wish to state that I have very flattering offers outside in theming business, which I have been considering and have had for the past year but have concluded to remain in Alliance and will in the near future add a line of small musical instruments in a good location and a full stock of the wonderful and famous New Royal sewing machines, (Ball Bearing) for cash or on time that will make you think of the past and remember some of your so called second hand deals.

The Herald learns from a reliable source that a Seward man will erect a brick block in this city to be occupied by a large firm who will vacate their present quarters on account of the building being considered unsafe.

B. W. Shonquest came up from Scottsbluff Tuesday and after visiting a day with his daughter, Mrs. Albert Johnson, left for his home in Omaha. Mr. Shonquest spent a few weeks with his son Fred in Mitchell valley and says he enjoys ranch life.

Mr. and Mrs. Isaac Rockey and son Emil and Mrs. C. W. Roberts, drove down from Hemingford yesterday and did some trading with our merchants. Mr. and Mrs. Rockey expect to leave next Monday for Claysville, Pa., to attend a family reunion. They will be gone a month.

It now behooves all mothers of boys to keep a close watch upon their sons until the attack of imitation the circus has inoculated them with wears off. A padded cell with no furnishings would be the safest place for the average boy for three months after attending one.

We make no attempt to mention the names of those who were here from neighboring towns Monday. The task would be too great. In fact, it would be far easier to publish the names of those who stayed at home, as nearly everybody in the country was here that day.

Judge Westover stopped in Alliance Monday to "see the elephants." The Judge had just returned home from Lincoln Saturday when he received a message that his son was ill at Mullen. He drove across the country to Alliance arriving in time to catch No. 42. The boy's condition was not at all serious.

Mr. and Mrs. G. W. Young give a party at their home this evening in honor of their son, Fred, who leaves for Lincoln tomorrow night to attend the State university the coming year. Ralph Smith and Thomas Tillotson also leave for the same place and purpose tomorrow evening.

### CIRCUS DAY GAME.

And "The World and His Wife" Came Also to See the Big Show.

Monday probably saw the biggest crowd of people in Alliance that has ever been here. It is estimated that there were about 10,000 people in the city on that day. Very low excursion rates were made from all points on roads into this city and every train arriving during the night and Monday morning brought in crowds of people. It was a holiday for all this section of country. Everybody had a good time and seemed to desire that everybody else should do likewise. It was an orderly, good natured crowd. No special police were appointed nor special regulations made and only one arrest was made, that being for disorderly conduct, and the offender was a stranger.

The show was all that the management promised, too. Everything was given just as they had advertised and we "guess" their claim to be the greatest show on earth is well founded, perhaps absolutely true. At any rate, all seemed to feel that they got their money's worth. The show is reported to have taken in about \$700, which was not a very good day's business for them, as their expenses are about \$500 daily and they also are obliged to make enough during the show season to keep them during the season of inactivity.

During the time for the performance in the afternoon all the business houses were closed that everyone might attend. Alliance merchants all report doing a good business that day.

### DEMOCRATS CONVENE.

Wm. Mitchell Renominated for Attorney and G. W. Loer for Commissioner.

The democratic county convention held at the court house last Saturday was called to order by County Chairman Mitchell. L. A. Berry was made temporary chairman and S. M. Smyser, secretary. Wm. Mitchell was placed in nomination for county attorney by S. M. Smyser, who in the course of his remarks stated in substance that the administration of Mr. Mitchell during the past two years was one to which the party could point with pride, that there have been several foul murders committed in Box Butte county since its organization and the only case which was successfully prosecuted was by the present county attorney, Mr. Mitchell has collected through foreclosure, taxes for the county amounting to nearly \$6,000. He has always been ready to prosecute a case where a warrant was issued and law breakers realize that he is not a "stick" in office capable only of drawing his salary.

After the county convention adjourned the delegates from the second commissioner district met to nominate a commissioner. Emory F. Abley of Nonpareil precinct was made chairman and F. McCoy of Wright, secretary. G. W. Loer was renominated by acclamation. Mr. Loer has made a splendid official, always working for the best interests of the taxpayers of the county. He is an honest, conscientious man and the record he has made will bear the closest investigation. Mr. Loer will succeed himself by a majority of more than one hundred votes.

Did you notice that Judge Berry is rapidly reducing in avoidpoups? Well it's because of his walking to the depot every day in the hope of meeting Mrs. Berry who has been visiting in Iowa. Sometimes he forgets and goes to meet the freights. The Judge says she will surely be home tomorrow.

### Widows Galore.

In the month of August sixty-two soldiers' widows' applications for homesteads were filed at the Alliance land office. Forty-five of these alleged widows give their residence at Gordon in Sheridan county. Last week's issue of the Gordon Journal states that another consignment of widows arrived there that week to file on homesteads. It looks to us as if Gordon is going to have more than her fair share of widows—more than she can possibly expect to supply with husbands. We don't quite see what inducements she held out in order to get them there, nor how she is going manage taking care of them, but perhaps she does.

The Alliance meat market, one door south of the opera house, phone 28, is now open and ready to serve the public. They keep fresh, complete lines of goods in their business—fresh and cured meats, poultry, fish, oysters, canned goods, etc. They will serve you well and promptly. Your patronage is respectfully solicited.—ALLIANCE MEAT CO., E. S. WILBY, Manager.

**Death from Consumption.** Timothy Kennedy died at his home in this city early yesterday morning from consumption after an illness of several weeks. His father, H. C. Kennedy, died from the same disease about two months ago. The deceased was only seventeen years of age. He was a good boy, a favorite among his associates, and it seems sad indeed that a life that might have been so full of good and of enjoyment was ended so early. The funeral services will be held tomorrow morning at 9 o'clock from the Catholic church, conducted by Rev. Father Galvin.

The young man leaves a brother, Willis, and sister, Miss May, to mourn his death, to whom the Herald extends its deepest sympathy in their affliction.

### Taxes Must Be Paid.

Taxes for 1902 will be due October 1, 1902, and the county commissioners have ordered that 1901 and all previous taxes be collected before that date. The law does not require that any notice be given, so if you would save costs and trouble of collection, call at this office and settle.
