NEW YORK GETS THE DAVIS CUP MATCHES

Courts of West Side Tennis Club Again Chosen and Dates Set.

MINOR DETAILS ARRANGED

Australian and American Teams to Have Plenty of Practice Before the Clash in June.

American and Australian lawn tennis teams are to clash in the first of the preliminary matches of the international series for the Dwight F. Davis Cup on the turf courts of the West Side Tennis Club, at 238th street and Broadway. This was decided yesterday at a joint meeting of the international committee, composed of Robert D. Wrenn, Henry W. Slocum and George T. Adee, with Orrin M. Root and Julian S. Myrick, respectively president and vice-president of the West Side organization. It was explained that it still remains for the board of governors of the West Side club to go through the formality of accepting the honor of holding the competitions. The dates set for the matches are Friday, Saturday and Monday, June 6, 7 and 9.

The meeting was held in Mr. Wrenn's office, at No. 24 Broad street, and the decision was unanimous that because of the excellent manner in which the West Side Club had conducted the international matches of 1911 the same courts be chosen. Mr. Wrenn, as chairman of the international committee, at once notified by cable Mr. Hicks, the secretary of the Australian association, and Mr. Sabelli, secretary of the English association. A cable message also was sent to Sydney, requesting that the Australian team play a series of practice exhibition matches on the turf courts of the Longwood Cricket Club, of Boston.

While the meeting was in session the methods of playing the matches and the general scope of the programme were discussed. It was the opinion of the majority that it would be better to play the singles competitions simultaneously on courts parallel to each other than end to end, in tandem fashion, as was done two years ago. The doubles match will probably be played on the second day of the series. It was agreed that if a postponement was necessary because of bad weather in no case would a lawn tennis match be decided on the same day as one of the international polo matches between the English and American teams.

At the close of the meeting Bob Wrenn said: "While we are deciding some minor details the final action will be deferred until the arrival of the Australian team in this city. We are advised that Horace Rice and A. B. Jones will sail from Sydney to arrive in San Francisco on April 25. S. N. Doust is now in London and will arrive in this city about May 1, the same time as the other members of the team.

"Already there is keen interest in the matches, and special invitation tournaments in the way of exhibition matches are being planned by the Tuxedo Racquet and Tennis Club, the Piping Rock Country Club, of Locust Valley, Long Island; the Longwood Cricket Club, of Boston, and others. As the Australians will have the entire month of May to devote to practice in preparation for the international cup matches, all of the leading American players in the vicinity of this city desire to entertain them and afford them every opportunity to tune their game up to its highest pitch. Of course, the courts of the West Side Club will always be at their disposal.

"The American committee will not decide upon the team that will represent this country until after a series of test tournaments have been held. We have sent out the following letter to ten of the foremost players of this country, and will arrange the trial tournament as soon as practicable:

"'The committee appointed to take charge of the Davis cup matches this year have under consideration the formation of a team to represent the United States, and with that in view we are sending this letter to a number of our ranking tennis players:

"'Our preliminary tie against Australia will be played in this country early in June. If we win, the team will play against the winners of France and Germany in England about July 10. The third round must be completed by July 21, and the challenge round against England will be played on July 25, 26 and 28. There will be preliminary practice matches arranged for the team during May.

"'If selected as a member of our team, could you so arrange your plans as to play both here and abroad in these events?

(Signed) "'ROBERT D. WRENN.'"

It was explained that the Australian Association had particularly requested that the matches be early in June, so that the trio from the Antipodes would be able to leave this country in time to compete in the All-England championships, which will begin in London on Monday, June 23. If the Americans should win the series it is not likely that the team will leave this country until July 1. Plans are being made to bring Maurice E. McLoughlin and Thomas C. Bundy, the two Californians, who hold the national singles and doubles titles, East as soon as possible. They will meet the other Americans on the courts of the Knollwood Country Club, at the Crescent Athletic Club and elsewhere. In no case will members of the international teams be allowed to meet until the playing of the cup matches.

ATHLETIC LEAGUE BOWLING

Columbians Make Clean Sweep on Newark Bay Alleys.

As a result of the games in the Athletic Bowling League tournament last night, in which Columbian won all three from Newark Bay, on the latter's alleys, the race for the championship is brought down to the final series.

The New York Athletic Club has a lead of one game each way at present, and on Monday will roll at Montclair. The East Orange five must roll at home against Roseville on Tuesday, the date having been changed.

Inside Baseball Keeps the Yankees Hustling

Regular Infielders Work Like Machine in Hard Drill.

NO GAME WITH THE COLTS

Chance Coaches His Men in Batting and Fielding, with Good Results.

[By Cable to The Tribune.]

Hamilton, Bermuda, March 28.—With the Jersey City Skeeters on the bounding deep, the Yankees found themselves without victims here to-day, so that Frank Chance devoted the afternoon to a lively practice on inside baseball, in which the regular infielders worked together for the first time. The manager decided that more could be accomplished in this way than by lining up the regulars against the colts for a game.

Chance was at first base, Chase at second, Derrick at short and Hartzel at third, and this combination worked as smoothly as could be expected—more smoothly, in fact, than the critics had dared to hope. It was slam-bang for a full hour, with Chance coaching, encouraging and setting a good example by his clever and at time brilliant play around first base. Chase was a wonder at second and handled himself in a way to satisfy the most captious that he will do his part, even though handicapped, as some contend, for the position by being left-handed.

Hartzell seems to have settled down and was as steady as a rock, while Claude Derrick left little to be desired by the way he covered short field and took throws at second base from the catcher. His improvement in the last ten days has been remarkable, and, judging from appearances, there will be no weak spot along the line of the inner defences this year.

This work was supplemented by long batting practice. Paddy Green worked for an hour in the box and did not spare his arm in trying to puzzle the players who stood up to the plate, one after another. Chance also drove his catchers, particularly Sterrett and Williams, in an effort to increase the effectiveness of his backstop candidates. All three took part in the fielding practice, and the throwing of Sweeney made Chance repeat his statement of a few days ago, that "Big Ed" would rank with the best in baseball before the season is over.

It begins to look as if the infield problem, which seemed so hard of solution five weeks ago, has been solved. The regulars will take the field against the colts to-morrow and Monday, while on Tuesday the full squad will board the steamer for New York, ready to the last man for the opening of another pennant race.

PLAYS KEEN BILLIARDS

Conklin Beats Collins and Ties for Tourney Lead.

Philadelphia, March 28.—Charles F. Conklin, of Chicago, defeated his fellow townsman, Percy Collins, in the afternoon game of the national 18.2 balkline billiard championship tournament by a score of 400 to 369. Conklin had a high run of 53 and an average of 8. Collins's high run was 51 and his average 7 19-50.

It was the most sensational game of the tournament and was Conklin's second victory. He is now tied for first place with E. W. Gardner, who has also won two games and lost none. Collins, who has lost two and won one, made many brilliant shots and led throughout the early hours of the game. At the close of the twenty-fifth inning he led with a score of 186 to Conklin's 68.

The latter had 24 blank innings in the game and accumulated only 33 points in the first twenty-two. He scored double figures for the first time in the twenty-third inning with a run of 29. Meantime Collins had had runs of 22, 34, 27 and 51.

In the thirtieth inning, with the score 69 to 192 against him, Conklin began a series of high runs which speedily brought him on even terms with his opponent. In three consecutive innings 29, 53 and 52 points were added to his string, followed shortly after by runs of 38, 11, 51 and 27.

Collins made a brilliant attempt to overcome the effect of Conklin's reversal of form. He made many difficult shots, but failed on some apparently simple ones. Several times Conklin was left safe, but the latter finally got the balls together in the fiftieth inning and ran out the eighteen points he needed to win.

The summary follows:

Collins—0, 22, 1, 1, 0, 2, 1, 4, 34, 1, 1, 5, 0, 0, 0, 14, 0, 1, 0, 0, 27, 7, 0, 14, 51, 2, 0, 3, 1, 0, 0, 0, 11, 0, 16, 24, 16, 5, 21, 1, 1, 0, 3, 1, 1, 8, 21, 34, 1, 12. Total, 369. High run, 51. Average, 7 19-50.

Four Fencers Qualify in Fast Championship Bouts.

Dr. J. Ernest Gignoux and J. A. McLaughlin, of the New York Athletic Club, together with A. Van Zile Post and Paul J. Meylan, of the Fencers' Club, qualified for the final bouts of the national championships with foils last night in the preliminary competitions at the Fencers' Club, No. 6 West 45th street. The field of eleven contestants was divided into two sections to expedite the progress of the bouts. Dr. Gignoux, wearing the shield of the American Olympic team, only lost to Post in one of the most spectacular battles of the night. Post met his only defeat at the hands of A. S. Lyon.

Paul J. Meylan came through with a clean line of victories on his strip, in turn disposing of five skilful men. McLoughlin's single defeat was the bout he lost to Meylan by the close score of 5 touches to 3.

The qualifying bouts with the duelling sword and sabre will be decided to-day.

CYCLE RACE TO BE FEATURE.

The annual spring games of the 23d Regiment will be held at the home armory, in Brooklyn, to-night. Fifteen events are on the programme, but of these only one will be open. This will be a special two-mile bicycle race, in which the best riders of the local district will start.

Much interest centres about the special match race between Billy Van den Dries and Eddie Goodwin. These men are bitter rivals, and there has been much speculation as to which is the better man. The struggle for the point trophy promises to be keen, and Company E is a favorite for honors.

SUPERBAS WIN IN THIRD

Pile Up Five Runs, Enough to Beat Indians Easily.

[By Telegraph to The Tribune.]

Savannah, Ga., March 28.—Pat Ragon outpitched both Atchison and Bell in the game here to-day between the Superbas and the Newark Indians. The Brooklyn players piled up five runs in the third inning on the hardest kind of hitting, and finally won by a score of 7 to 2.

Ragon's work, however, was not the only feature of the game. Zach Wheat tripled in the third inning with the bases full. It was hard to tell one team from the other, as the Indians had eight former Superbas in the line-up.

Newark got the first tally, in the second inning, on a base on balls to Dalton, Ragon's wild throw of Zimmerman's grounder and Higgins's single. The Superbas followed up this slight advantage in their portion of the third frame, when they scored more than enough runs to win the game.

Fisher, the first batter, tripled, and Miller beat out a hit to the pitcher's box. Ragon followed this with a single, on which Fisher scored. On Stengel's bunt to Atchison Miller was caught at the plate. Cutshaw was passed, and on Meyers's hit in front of the plate Ragon was tagged by Higgins.

At this point Wheat slammed out his triple to left centre, scoring Stengel, Cutshaw and Meyer, and tallying a moment later himself on a passed ball. Two more runs were scored in the sixth and eighth innings, on hits by Wheat, Daubert, Meyer and Smith.

BUNCHES HITS AND WINS

St. John's Beats Colgate in Its First Game of Season.

St. John's College, of Brooklyn, opened its baseball season yesterday with a clean-cut victory over Colgate College by a score of 5 to 2. Although it was anything but baseball weather, the game was fast and the fielding snappy.

The Brooklyn team, which is being coached by "Doc" Scanlan, the ex-Brooklyn Superba twirler, owed its victory to timely hitting. St. John's scored three runs in the first inning on an error, a double by Burchill and a home run over the left field fence by Tracy.

"Skip" McCarthy, the former star Fordham University catcher, had the index finger of his right hand broken while behind the bat in the fifth inning.

OLD-TIMERS ON THE ICE

Union and Knickerbocker Club Members Play Hockey Game.

FORMER EASILY WINNERS

Lack of Team Work and Wind Noticeable, but Contest May Become Annual Affair.

A small but select crowd gathered at the St. Nicholas Rink last night to see members of the Union Club and the Knickerbocker Club clash in a game of hockey. It was the first offence of the kind for these well known organizations and when the final bell sounded the Union Club forces left the ice with flying colors, the score being 10 goals to 4.

Both victor and vanquished voted the affair a decided success, the sentiment being unanimous in favor of having it an annual occurrence in future. J. M. Wharton, of the Knickerbocker Club, the moving spirit in getting up this first contest, was unable to attend because of illness. On opposing teams were a number of erstwhile athletes who had shown with more or less prominence when at college.

To see Percy Pyne, 2d, tending goal for the Union League, recalled the early days of the Intercollegiate Golf Association, when he won the individual championship tournament while a student at Princeton. He also played hockey while a freshman and he acquitted himself creditably as a guardian of the net last night. Clarence Pell, rover for Union, played real hockey. He was formerly a member of the St. Nicholas Skating Club team. F. N. Bangs, the left wing, is an old Columbia player.

T. Shidell, goal-keeper for Knickerbocker, played hockey years ago at Princeton. Then there were the Hollins brothers, Jack, Harry and McKim. The last two were prominent golfers at Harvard. E. P. Rogers, the coverpoint, is another linksman of more than average ability.

When the teams took the ice William Russell, president of the Amateur Hockey Club of America, appeared as referee. He was assisted by Gus Hornfeck. What both sides needed most as the game progressed were team work and wind. The first was never in evidence, and the other quickly vanished; consequently many were flashing "S O S" signals before the end of the first period. Conditions called for three ten-minute periods, but rumor has it that the timekeeper's watch went wrong toward the end, with the result that the final period was stretched to about a quarter of an hour, a heartless blunder considering the state of physical unfitness of most of the skaters, who hadn't trained an hour.

Falls were numerous, Harry Hollins getting a bad shaking up in the second session, while Rogers was knocked out with a blow from an opponent's stick. Pell scored three goals for Union, as did George Wagstaff. Most of the play was in Knickerbocker's territory, and considering the many shots that came his way Shidell did well. Numerous substitutes were called upon by both sides. For Knickerbocker, Major Henry worked like a Trojan while his breath lasted. He died game.

The line-up follows:

Union Club (10).	Position.	Knickerbocker (4).
Percy Pyne, 2d	G.	T. Shidell
E. Delafield	P.	McKim Hollins
D. Wagstaff	C. P.	E. P. Rogers
C. C. Pell	R.	R. Morgan
Jack Prentice	C.	Jack Hollins
F. N. Bangs	L. W.	F. De Rham
George Wagstaff	R. W.	C. Moss

Substitutes: For Union Club—R. Rives, F. Freilinghuysen and E. Irving. For Knickerbocker—Oliver Iselin. Goals: For Union Club—Pell (3), G. Wagstaff (3), D. Wagstaff, Prentice, Bangs, Henry. For Knickerbocker—Morgan, H. Hollins, McKim Hollins, De Rham. Referee—William Russell, Hockey Club. Assistant referee—Gus Hornfeck, Wanderers. Timekeeper—T. W. Mitchell, Irish-American A. C. Penalty timer—J. Rogers, Irish-American A. C. Goal umpires—William Roach and R. Fennell, Wanderers. Time of game—Three ten-minute periods.

FOLLIET WINS IN A ROUND.

Antoine Polliet, the French Canadian heavyweight, made short work of Jack Fenbrook, a former sparring partner of Jack Johnson, at the New Polo Athletic Club last night. Polliet boxed around his man for about a minute and hooked a right hander into the stomach and Fenbrook went down. He stayed down too, for he evidently believed discretion the better part of valor. Young Libby boxed a slashing ten-round draw with Billy Kramer in the semi-final contest.

Mel Coogan had somewhat the better of a fast bout with "Fighting" Fitzpatrick at the East New York Athletic Club last night.

RACING AT PIPING ROCK

Plans Announced for Rich and Novel Sweepstakes, with $30,000 in Balance.

It is just possible that the directors of the Southern Maryland Fair Association will incur official displeasure if they carry out their present programme of racing at the Marlboro track without first obtaining permission from the National Steeplechase and Hunt Association.

This association is the central governing body for all cross country races in a district that takes in the Marlboro course. No application has been made for a sanction, and the stewards adopted a resolution yesterday that threatens to outlaw the owners, trainers and horses in races through the field at the Maryland track for the last six days of the meeting.

The resolution follows:

"Resolved, That the secretary be and is hereby instructed to send a letter to the Southern Maryland Fair Association in the following form, to wit:

"That the schedule of events as a fair association, including racing, calls for the offering of fair premiums for only the first four days out of the ten days advertised during which racing is to be held.

"'I am further instructed to inform you that any steeplechases conducted during the last six days of the proposed meeting will be in violation of the rules of racing of the National Steeplechase and Hunt Association, Part 2, Section 3 (N. H.), and these six days will necessarily be treated as part of an unrecognized meeting.'"

The committee in charge of the subscription race for two-year-olds, which will be one of the features of the spring meeting of the Piping Rock Racing Association on June 5, 7 and 9, have arranged the details for what will be a truly sporting fixture in every sense of the word. The race grew out of the one last fall, only thoroughbreds have been substituted for range ponies.

A generous response came to the suggestion, and no fewer than fifty subscriptions of $1,000 were made. Out of this total yearlings were purchased by a representative of the association at a cost of close to $20,000, and these were distributed among the subscribers by lot.

This left $30,000 to be distributed in purses, and the committee announced yesterday that a series of three races would be run at the spring meeting—two on the first day as elimination trials, the three placed horses in each to meet in the deciding race on the closing day for a purse of $10,000. The prizes for the elimination races will be $2,500.

The rest of the money will be held over to the fall meeting, when the same horses will be eligible for a race at six furlongs for $5,000 and a race at one mile for $5,000. This will keep alive interest through the summer and lend added zest to what probably is the richest and most novel private sweepstakes ever arranged.

Among the subscribers were Harry Payne Whitney, F. Ambrose Clark, W. Harding Cocks, H. K. Knapp, Paul D. Cravath, Harvey S. Ladew, Mortimer L. Schiff, F. R. Hitchcock, Charles L. Appleton, August Belmont, Mrs. J. E. Davis, Clarence H. Mackay, W. R. Coe, Tyler Morse, Fred Johnson, C. K. G. Billings and W. R. Grace.

Charles H. Ebbets, president of the Brooklyn club of the National League, was back at his desk yesterday at Ebbets Field after a short vacation in a trip by water to New Orleans. He said that he felt refreshed and invigorated and was now ready for the rush and bustle which will come in what amounts to a double dedication of the new home of the Superbas—on April 5 with the Yankees and on April 9 with the Phillies.

The baseball team of the 7th Regiment, which will play in the Amateur Baseball League for the first time this season, will play its opening game against the Manhattan College nine at Lenox Oval, 19th street and Lenox avenue, this afternoon. A game between Morris High School and Manhattan Prep. will be a curtain raiser.

Baldomero Acosta, the sixteen-year-old Cuban who is getting a trial with the Washington Senators, is being heralded as a second Ty Cobb. "Born to baseball" is the way one critic puts it, while another good judge says: "This lad is sure to develop into one of the greatest players in the history of the game. He thinks fast, acts fast, throws hard and bats hard." This Acosta must be watched.

P. J. Noonan, coach of the Wesleyan baseball team, arrived at Middletown on Wednesday to take up his work in building a nine. He says Bacon, the football star, and Lanning, a southpaw from Chicago, are likely to earn fame in the college world as pitchers, and that the outlook is bright. Nine of last year's squad are back, which makes a strong nucleus. The first game of the season is with Yale, on April 12.

It was too cold for baseball, anyway, said the "fans" last night and this morning. Well, twelve days is not so long to wait.

GIANTS DEFEAT MOBILE

Score Three Runs and Shut Out Southern League Team.

Mobile, Ala., March 28.—John J. McGraw and his Giants arrived here to-day from New Orleans and defeated the Mobile club of the Southern League by a score of 3 to 0.

The above bulletin was the only news which came over the wires from the Giants up to a late hour last night on account of the pressure of business from the flood districts in the West.

THE POLICE AND BOXING

Powers of Commission Not as Broad as Indicated.

Albany, March 28.—A police officer in a city has full power to prevent the continuance of a sparring exhibition if he believes such continuance may result in injury to a participant or a violation of law, according to an opinion given today to the New York State Athletic Commission by Attorney General Carmody.

The general power given the athletic commission, Mr. Carmody holds, cannot be considered so broad as to supersede the powers of a police officer.

The question was raised in Schenectady, where a sergeant of police entered the ring and stopped a boxing contest. The right of the police officer to interfere was questioned, because the athletic commission had made a rule making the referee "the sole authority to stop a contest when it became one-sided or brutal," and providing that "no person other than the contestants and the referees shall, during the progress of the contest, enter the ring."

"We cannot understand," said the athletic commission in a letter to Mr. Carmody, "how it is possible for a police official to substitute his judgment for the judgment of a licensed referee in stopping this contest."

"The granting of a license to hold a sparring exhibition," says Mr. Carmody's opinion, "does not create, within the confines of the inclosure where such exhibition is held, a freedom from proper police supervision.

"This opinion is based upon the broad ground that even if a regulation prohibiting police interference were enacted it would be ineffective in law."

LORENTZ NOSES OUT GERTZ

Wins Second Run at Columbia for Van Amringe Cup.

M. M. Lorentz, a junior, was the winner in the second handicap run for the Van Amringe cross-country cup at Columbia University yesterday afternoon. He covered the distance, about four miles over Morningside avenue and Riverside Drive, in the actual time of 27 minutes 55 seconds, finishing only a few yards ahead of M. Gertz, a freshman, who won the first run two weeks ago.

Gertz and Lorentz are now tied for the lead in the contest for the cup, which goes to the man scoring the fewest points in the series. Lorentz was second in the first run.

The summary follows:

1	M. M. Lorentz, '14	2:10	27:55

The competition on the parallel bars and the club swinging was the closest, with one-fourth of a point deciding in the former and three-tenths in the latter. Moffatt did some phenomenal tumbling and Miller and Wolfe featured the flying rings.
