

How a Farmer was freed from Misery

WORTHY of a higher recommendation than I can find words to express. This is what Mr. J. H. Plangman (of Sherman, Tex.) says of Doan's Kidney Pills. He tells his experience in the following words: He says, "Sometime in September I was taken with a dull aching pain across the small of my back, directly over the kidneys. I paid small attention to this at first, thinking it would pass off. But instead of getting better it became worse and in a short time the pain centered through my left hip and down my left leg as far as the knee." This is precisely what kidney trouble will do with the body.

It does not always show itself at first, but appears just in this way, when some unusual movement or action brings sharp pains and exhaustive aches, telling of sick kidneys.

So Mr. Plangman's experience bore this out. Continuing, he says: "I did not know the cause of the trouble, but I am led to believe now that it was first brought about by jumping in and out of the wagon and in some way I may have strained my back."

"I was constantly growing worse," he continues, "and I became very much alarmed about my condition. I knew that something had to be done or serious results were sure to follow. I went to a specialist here in Sherman, and underwent a rigid examination."

"Then he relates how the doctor told him that it was a serious case, but that he could cure him for fifty dollars.

However, necessity knows no law and Mr. Plangman paid half down and took the treatment and followed it faithfully for four weeks.

Naturally, he thought that he would soon be rid of the trouble, but in spite of the doctoring he goes on to add, "I was in such misery that it was almost impossible for me to do my work."

"It was at this juncture that Doan's Kidney Pills came to my notice and I procured some from the drug store of C. E. Craycroft. I used these pills according to directions and to my surprise I was considerably relieved on the second day and in a short time completely cured."

This is the universal experience of those who have been sufferers from kidney trouble and who have been fortunate enough to test the merits of Doan's Kidney Pills.

There is nothing wonderful or magical about this remedy, it simply does the work by direct action on the kidneys. Doan's Kidney Pills are for the kidneys only and this accounts for their speedy and certain action.

Early indications of kidney trouble come from two sources, the back and the bladder. The back becomes weak and lame because the kidneys are sick, and relief from backache can only be complete when the kidneys are set right.

Irritation of the bladder shows that the kidneys are out of order. Delay in prompt attention often causes serious complications.

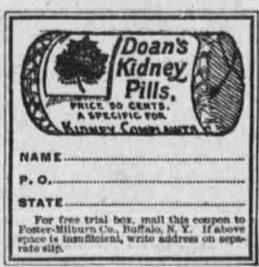

Relieve and cure sick kidneys and ward off dangerous diabetes, dizziness, dropsy and Bright's disease, by using Doan's Kidney Pills.

They begin by heating the delicate membranes and reducing any inflammation of the kidneys, and thus making the action of the kidneys regular and natural.

Aching backs are eased. Hip, back, and loin pains overcome. Swelling of the limbs, rheumatism and dropsy signs vanish.

They correct urine with brick-dust sediment, high-colored, excessive, pain in passing, dribbling, frequency. Doan's Kidney Pills dissolve and remove calculi and gravel. Relieve heart palpitation, sleeplessness, headache, nervousness.

KING CORN TO HAVE A SHOW.

Annual Exhibit Planned for Lincoln to Take Place in January.

The meeting of the Nebraska Corn Improvers' association and winter corn show at Lincoln, January 18 to 23, 1904, offers some very attractive inducements to the corn growers of the state. The premiums will comprise in the aggregate \$900 offered by the Nebraska commission to the Louisiana Purchase exposition and the state board of agriculture. The rules governing the distribution of prizes by the state board of agriculture are in brief:

Each exhibit must consist of ten ears and must have been grown by exhibitor in 1903. All exhibits must be put in place by owner without expense to the association by 12 o'clock noon, January 19. Competition shall be open to the state, but no general seedsmen or contract grower or jobber in seed grains shall compete.

Premiums—Class A: One hundred dollars for named varieties of field corn, prorated to all exhibits scoring above 70 points; \$50 for the best five collections of field corn, any one collection to be grown by exhibitor; number of varieties, amount of corn and general excellence to govern, first, \$15; second, \$12; third, \$10; fourth, \$8; fifth, \$5.

The rules governing the distribution of premiums provided by the Nebraska commission of the Louisiana Purchase exposition are: Each exhibit to consist of thirty ears, grown by exhibitor in 1903, no exhibitor to make more than one entry of any one variety. The other rules are the same as govern the distribution of premiums provided by the state board of agriculture.

Premiums—Seven hundred and fifty dollars will be paid in cash premiums for named varieties of field corn and shall be prorated to all exhibits scoring above 70.

Brewer Attempts Suicide.

CRETE—Frank J. Kobes, proprietor of the Crete brewery, attempted to commit suicide by shooting himself in the right temple. The failure of his attempt at self-destruction was due to the fact that the bullet, instead of penetrating the brain, glanced around to the front of the cranium, lodging somewhere near the nasal bone. The cause for shooting is unknown. The victim, it is thought, will pull through.

Young Man Swallows Poison.

BEATRICE—Because of financial reverses and loss of property a young man named Peterson, who resides with Mr. and Mrs. H. L. South in West Beatrice, attempted suicide by swallowing a dose of some poisonous drug. A doctor was called and restored the young man to consciousness after he had labored with him for several hours. Peterson admits that he tried to kill himself.

Thresher Boiler Explodes.

Gun Fired Accidentally.

DE WITT—While a party of gentlemen were out hunting near here a gun in the hands of one of them was accidentally discharged, the shot striking Harry Stout in the muscle of the left arm, badly lacerating it and tearing a portion of it away. It was a close call and will prove to be a very serious injury, though medical opinion is that the accident will eventually result in nothing more than a permanent weakening of the arm.

A Serious Mishap.

The intuitive faculty is the most valuable mental gift which a civil servant can possess, says the London Daily Chronicle, as his success largely depends upon his ability to repeat official formulas and to write documents in the style of his superior, who will sign them. Negroes are admirable imitators, and they make excellent civil servants. Here is a letter from a Gold Coast postman to his postmaster: "Dear Master—I have the pleasure to bathe today a billow he remove my ure to regret to inform you that when trouser. Dear master, how can I go on duty with only one trouser? If he get loss where am I? Kind write Arre that they send me one more trouser, and so I catch him and go duty. Good day, sir.
