SPEYERS AGREE TO TAKE ISSUE

Receiver of 'Frisco Road Goes to St. Louis to Get Judge's Permission.

James W. Lusk, chairman of the 'Frisco receivers, who have been here since Sunday, left yesterday afternoon for St. Louis with the assurance that if Judge Sanborn should grant the receivers permission to issue $3,000,000 one-year 6 per cent receivers' certificates the entire issue would be taken by Speyer & Co. and associates. Judge Lusk was also told that the issue would be approved by the protective committees for the first and refunding 4 per cent bonds and the general lien 5s.

Opposition to the issuance of the receivers' certificates, however, will be offered by the stockholders' committee, of which Charles H. Sabin, vice-president of the Guaranty Trust Company, is chairman. This committee reasons that it is not proper to borrow money at 6 per cent on receivers' certificates to pay the interest on bonds that are selling below their par value.

The purpose of the proposed issue is to meet the general lien semi-annual interest of about $1,700,000, maturing May 1; car trusts and other interests of $500,000, also maturing May 1, and to provide about $3,000,000 toward later interest maturities. James Speyer will leave to-morrow afternoon for St. Paul, where the merits of the case will be heard. He represents the interests of the general lien 5s.

READJUSTMENT OPPOSED

Kelly-Springfield Tire Co.'s Plan Called Unfair.

Representing stockholders of the Kelly-Springfield Tire Company, A. M. Polack & Co., dealers in inactive securities at No. 25 Broad st., have issued a call for proxies to oppose the company's plan to readjust its capital by exchanging its 4 per cent debenture income bonds for 6 per cent cumulative preferred stock. This plan is characterized by Polack & Co. as "unfair, unfair and one of the worst examples of high finance that has ever been proposed."

Mr. Polack said yesterday that the controlling interests in the tire company had purchased large amounts of the $2,000,000 income bonds outstanding at from 40 to 45 and were consequently anxious to have them changed for a 6 per cent cumulative preferred stock, enhancing the value of their investment. He asserted that adoption of the proposed readjustment plan would place the common stockholders at a disadvantage and prevent them from receiving dividends which are expected soon.

ACADEMY NAMES OFFICERS
