Northwestern Nebraska has the reputation of being free from cyclones, but a little twister visited the farm of Philip Knapp last Monday, doing some damage in smashing a carriage, wagon, blowing out a bay window, tearing down fence, etc. Mr. Knapp was in the field at the time, but Mrs. Knapp was in the barn yard and when the wind began to blow took hold of a corner post; the fence on both sides of

her was blown down, but the post to which she was holding remained standing after the storm was over, and she was not badly hurt. Another freak of the wind was carrying a sheep about four hundred yards and letting it down without killing it.

Wm. Corey of Hemingford was in Alliance on business the first of the week. He was one of the business men of that place who was so unfortunate as to be burned out in the fire that occurred there a few weeks since. We understand that he will open business again as soon as a building is ready for him.

An omission last week which we regret was a notice of the marriage of Haeckel H. Giles, clerk in the general superintendents office and Ethel J. Sedwick, at the home of the bride on Wednesday morning, Rev. Bogue officiating. This prominent young couple is expected home tomorrow from their wedding trip and will receive the best wishes of their many friends.

The services at Holy Rosary church Easter Sunday were inspiring, and Father McNamara seemed more eloquent in his sermon on this occasion. The number of communicants was very large, and the music at high mass reached the souls of all present, it was indeed inspiring. The altar decorations of natural flowers contributed by the parishioners were elaborate.

W. A. Hood returned today from Omaha where he went several days ago to be with his wife who was operated on for cancer in St. Joseph's hospital last week. The operation was a difficult one and left the patient very weak, but Dr. Allison is confident that she will fully recover. As soon as Mrs. Hood is able to travel she will spend some time in Iowa and Ohio.

A Sunset Marriage

More than fifty years ago Mrs. Fanny G. Parker went to Iowa a happy bride, where she and Mr. Parker lived for thirty years. Now again after these years she returns to old Iowa, a bride, not so young, but happy still, as the wife of Thomas J. Strupper. Each having been widowed for nearly fifteen years thought it meet that two so eminently suited to each other should spend their declining years together.

Mr. and Mrs. Strupper will be at home to their many friends after May 10th, at Salix, Iowa, a suburb of Sioux City, where Mr. Strupper holds a good position with the railroad company.

Her daughter, Mrs. Watson, had thought to have her mother with her always, but a kind loving husband and a home all her own proved too strong an attraction.

The Herald joins with many other friends in wishing that the remaining years of their lives may be filled with unalloyed happiness.

"Queen Esther" Cantata at Alliance

There is no room to doubt that Alliance is coming to the front in matters musical. It affords us much pleasure to announce that the popular cantata, "Queen Esther," will be put on some time in April, probably about the 20th. The cantata will be given by home talent, under the tutorage of Prof. A. G. Bixler of Denver, who arrived in Alliance this morning and will begin work at once. We do not hesitate to predict that it will be a success.

Sale and Supper

The ladies of the First Presbyterian church will hold their annual sale and supper in the church, Wednesday, April 6th. Fancy and useful articles and candy will be on sale; and a hot roast beef supper will be served from 5 till 8 for 35 cents. Fancy articles are to be sent to Mrs. Reubendall on Monday.

Increase in Circulation.

Yes, The Herald's subscription list is growing nicely, thank you. More than sixty names were added in March, which, after deducting the number that were discontinued, leaves a net increase in circulation of about sixty.

A hundred or more new subscriptions is our mark for April.

Medal Contest.

The W. C. T. U. medal contest which was to have been held on last Tuesday evening was postponed on account of the blizzard until Saturday evening of this week, when it is to be held at the Baptist church. There are six contestants. Admission ten cents.

The Weather.

March has been a surprise to us, and perhaps to many others, who had expected a rough month. The weather has been lovely since in February, except a very few days. On Monday evening of this week rain began falling, turning to snow in the night. On Tuesday we had a storm that may be properly called a blizzard, but it was of short duration. Wednesday morning the sun shone brightly, and before night the snow had nearly all melted. Today (Thursday) is an ideal spring day.

City Election

The annual city election will be held next Tuesday. With but one exception there is but one candidate for each office. For the sake of promoting harmony, the "drys," as they are called, did not nominate a ticket this year; so that there will be no opposition to the election of the ticket named by the "wets," except the candidate for city treasurer. A good many people do not think it altogether fair to permit a city election to be entirely one-sided, hence friends of Glen G. Hampton, "wets" as well as "drys," have requested him to permit the use of his name as a candidate for city treasurer, which he has consented to do.

Both candidates for this are, in our opinion, qualified to discharge the duties of the office; the city treasurer has no voice in the question of licensing saloons, and similar matters; hence the contest will turn on the popularity of the two candidates and the question of a division of offices as above suggested.
