WELSH-RITCHIE BOUT MAY SOLVE AN OLD PROBLEM

Willie Irresistible Force That Will Meet Freddie Immovable Body.

BOTH BOXERS WIND UP HARD TRAINING

Confident of Being Well Under Required Weight When Bell Sounds at the Garden.

That dear old problem the professor used to propound in school: "What would be the result should an irresistible force come in contact with an immovable body?" is in a fair way of being answered on Thursday night at Madison Square Garden, if Freddie Welsh and Willie Ritchie are truthful boys.

Freddie and Willie, as all the sporting world knows, are to box ten rounds in the Garden ring on that night, and each professes to believe that he is going to win. Freddie represents the immovable body and Willie the irresistible force. Welsh maintains that he will not be moved from his lightweight championship pedestal on that occasion, and Ritchie has admitted that his assault on Welsh's crown will be irresistible.

Every adult male reader of The Tribune is entitled to one guess as to what the result will be on Thursday night.

Ritchie put in his final day of boxing yesterday at his training quarters in Billy Grupp's gymnasium, in Harlem, and incidentally sparred three rounds with Jimmy Britt, of San Francisco. Britt, before he started to upraise the morals of the stage, once came within an ace of being crowned lightweight champion of the world, and was always up near the top during his prime.

Jimmy, after shaking hands cordially with his townsman, donned the gloves and did his best to knock Ritchie's head off. Willie always slipped or dodged out of anything that looked really wicked, however. Then Ritchie took on Marty Farrell, Patsy Kline, Milton Blair and Sonny Green, in the order named, for three rounds each, and told them to put all they had in their punches. They did, but as Willie was never in the right spot at the right time they did no harm.

An hour's work on the weights, skipping the rope and shadow boxing followed, and then Ritchie stepped on the scales and sent the mark to 135¾ pounds. Between now and Thursday afternoon at 2 o'clock he must separate himself from the fraction in that figure.

Welsh, who is training down at Oceanport, N. J., did his heaviest day's work yesterday, and after his rub-down tipped the beam at just 136½ pounds. He says he will easily make the 135 demanded on the day of the bout.

Harry Thomas and Johnny Dundee will meet in the semi-final bout of ten rounds at the Garden, serving as the entree for the little Welsh-Ritchie thing.

The monster boxing tournament to be held under the direction of "The New York American" and "The Evening Journal" at the 69th Regiment Armory to-night for the relief of destitute families in this city promises to be a great success.

Many of the past and present champions of the ring will appear, including Bob Fitzsimmons and his son, Bob, jr., Johnny Kilbane, Tommy Murphy and others who have made their names famous in ring history. The championship boxing title of the Police and Fire departments will also be settled at this carnival.

This alone should be worth the price of admission.

Willie Catton, whose slamb-bang style of boxing has made a hit with followers of the game in this city, will hook up with Danny Ridge in the star bout at Brown's Gymnasium this evening. Judging from the previous performances of these men, the crowd should see a whirlwind session begin when the gong sounds.

Leach Cross and Harry Pierce will try to reach a definite result to-night, when they face each other in the main bout at the Broadway Sporting Club, of Brooklyn. Pierce, who confesses to the dread title of "Brooklyn's K. O. artist," says he will not allow Leach's stalling tricks to fool him this time, as was the case in their last meeting. Harry promises to be in there trying for a knockout all the time.

The Ghette will settle a grudge tomorrow night, when "Young" Brown and Phil Bloom will go ten rounds at the Long Acre A. A. show. Brown is a native of the East Side, and Bloom, while he hails from Brooklyn, is a big favorite in Brown's bailiwick. A good card of preliminaries will be offered.

BOXING BOUTS RESULTS

"Harlem" Eddie Kelly Outpoints Goldberg at Olympic.

"Harlem" Eddie Kelly cleanly outpointed Joe Goldberg in the star bout at ten rounds at the Olympic A. C. last night. In the last round Kelly fought with whirlwind speed and almost had his man with wicked punches to the jaw. Piney Boyle and "Young" Rector fought ten fast rounds to a draw in the semi-final.

Two knockouts enhanced proceedings at the show of the Vanderbilt A. C., in Brooklyn, where an all-colored set of bouts was staged. In the main set-to Charley Smith outpointed "Wee Wee" Barton in ten rounds. Willie Langford rocked "Frenchy" Robinson to rest in the sixth round and Jack White did a like service for "Ducky" Holmes in the seventh round.

Irving Margolies, the ex-amateur 125-pound champion, gave Paul Edwards a sound drubbing in the main bout of ten rounds at the Long Acre Athletic Association last night. Margolies scored a knockdown in the second round, and held a substantial lead in almost every round. In the semi-final, Teddy Jacobs knocked out You Lippe in the first round, a right hook to the jaw doing the trick.

FRESHMAN STROKE BACK

Leys Back on Columbia Crew and Rice Rejoices.

Although Jim Rice has hardly more than a baker's dozen candidates for the Columbia freshman crew who are in regular daily training, he found a little silver lining yesterday in the cloud of gloom that has hung over the rowing room. J. L. Leys, the freshman stroke who broke his collar bone during the Christmas holidays, reported for practice, and, although he was not sent back to his old position, Rice was convinced that he would be able to row without danger of further injury.

R. Murphy, who has been stroking the first year combination, has dropped out temporarily because of a boil on his neck, and R. Lahey has taken his place. As soon as Leys gets back into condition he will go into Lahey's seat and there will be a shake-up in the port side of the boat.

COLEMAN WINS WITH CUE

National Class B Champion Defeats Harry Stearns.

The opening games in the 18.2 balkline amateur billiard tournament at Joe Thum's new billiard hall, at 31st Street and Broadway, were held yesterday afternoon and evening. In the afternoon game Hal Coleman, the national Class B champion, defeated Harry Stearns by a score of 300 points to 93 in thirty-three innings. Coleman's high run was 49 and Stearns's 11.

In the evening game H. Lyman defeated J. Allen by a score of 225 points to 169 in fifty-nine innings. Lyman's high run was 21 and Allen's best effort was 12 points.

HUSTON WINS FIRST TILT AT BILLIARDS

Regains Stroke and Defeats Milburn Easily in Class A Championship.

Philadelphia, March 8. — Corwin Huston, of Detroit, won his first game of the Class A amateur billiard tournament for the national championship here this afternoon, defeating E. L. Milburn, Memphis, 400 to 206. Huston made a high run of 71 and averaged 7 43-51. Milburn's highest run was 22 and his average 4 6-50.

Huston's victory gives him a tie with Milburn for sixth place in the tournament, each having lost four games and won one. Milburn's only remaining match is with Lord, the young Chicago player, while Huston has to play Gardner, the present title holder.

The Detroit player dispiayed much better form in this afternoon's match than he has heretofore shown, while the Southern champion was much below his previous performances.

Milburn held the lead with two runs of 14 and 22 in the first twelve innings, when Huston, with a brilliant display of massé, cushion and straight carrom shots, made his run of 71 in the thirteenth inning. He retained the lead then obtained until the end of the game, gathering runs of 42, 39 and 32, all better than his previous high run record.

Milburn, on the other hand, showed a decided slump. In many attempts his direction was good, but his judgment of speed exceedingly poor. In the thirtieth inning he lost a point because he missed both balls.

CORNELL TROUNCES DARTMOUTH FIVE

[By Telegraph to The Tribune.]

Ithaca, N. Y., March 8.—Cornell wound up her basketball season here to-night by defeating Dartmouth by the overwhelming score of 47 to 19, thereby keeping in the race for the intercollegiate championship. Cornell started the first half with a rush and piled up eleven points against one for the visitors. At the close of the half the score was 20 to 9.

Toward the end the game degenerated into a farce, in which scrambling for the ball was the rule rather than trying for baskets. Whitney starred for Dartmouth by his clever goal shooting and quick passing. Of the forty-seven points scored by Cornell seventeen were made by Brown. Sutterby, who has heretofore played somewhat erratically, took a decided brace and displayed splendid skill at long field goals.

The line-up follows:

Charles Heddon, of Dowagiac, Mich., defeated J. F. Poggenburg, of New York, former international champion, by a score of 400 to 385, in the evening game. Heddon's highest run was 64 and his average 10 30-37. Poggenburg had a high run of 74 and averaged 10 25-36.

Tyrer a Winner at English Billiards

In the third match of the round robin tournament at English billiards, played at John Doyle's Forty-second Street academy last night, R. H. Tyrer defeated T. Butler by a score of 200 points to 192. The men were never far apart, and it was anybody's game until the final point had been clicked off. Tyrer scored the high run of the game with a beautiful cluster of 38. Butler's best effort was a pretty 32. The winner of this tournament will play George Hayman, the holder of the Sir Thomas Dewar trophy.

SOME SHOTS OFF THE FIRST TEE

In golf, as in war, there are those who keep constantly busy with problems of attack and defence. "Bunker your courses," advised Harry Vardon as he sailed back home two years ago. We proceeded to bunker, paying special attention to the guarding of the putting greens. With the running-up approach thus reduced and a premium put on the pitch, an inventive Scotchman has devised a club which, it is claimed, will just naturally give the ball sufficient backspin to hold the green.

Even better than that is the product of a fertile-minded Ohioan, who has brought out a ball covered with a vulcanized rubber paint, and described as a "non-skid" ball. In other words, it is claimed that the ball sticks to the club longer, and it is thus much easier to obtain a backspin.

Although Harvard will lose the services of Edward P. Allis, 2d, in the intercollegiate championship meeting at Apawamis next fall, the title holder will act as captain during the spring season. The loss of Allis through graduation will be felt, but the advent of Gaines Gwathmey, of Apawamis, will help make up for it. Usually freshmen are not put on the teams at once, but exceptions are sometimes made, as in the case of Frank W. Dyer at Pennsylvania.

Reginald S. Worthington, of Shawnee, the North and South champion, who has been spending the winter in New York, will soon go to Pinehurst to defend his title. To repeat, however, it will be necessary to overcome the rising young Francis Ouimet, unless it happens—as it sometimes does—that another fellow is obliging enough to do it for him.

Miss Marion Hollins, former metropolitan champion and newly elected secretary of the Women's Metropolitan Golf Association, will return from California in another week, after which work will be resumed on the spring playing schedule for the women golfers.

PIPING ROCK RACE DRAWS THE BEST

Royally Bred Youngsters Named for the Grab Bag Handicap.

WHITNEY COLORS SURE TO BE REPRESENTED

Four Horses Entered by Owner Whose Prince Henry Won the Fixture Last Year.

"The winner of the 1915 Futurity is right in that field," said Henry J. Morris yesterday when he looked at the entries for the Grab Bag Handicap, to be run at Piping Rock this year.

The big stables of the East have named their best ones for this race, and unless some Western or Canadian owner comes along and captures the Futurity Mr. Morris is likely to prove a true prophet.

The race is to be run at the Locust Valley course of the Piping Rock Association on June 5, and among those who have named one of more two-year-olds are:

H. P. Whitney, Captain E. B. Cassatt, George D. Widener, Gifford A. Cochran, C. K. G. Billings, Frederick Johnson, John G. Agar, Edward F. Whitney, Herbert L. Pratt, J. E. Davis, Paul D. Cravath, J. E. Madden, L. S. Thompson, the Greentree Stable, the Quincy Stable, the Oneck Stable and the Elkwood Stable.

Captain Cassatt has entered Plaintiff, a half-brother to Lawsuit, and Hydroplane, the Bettie Bouncer gelding, a half-brother to that good sprinter, Spring Board.

Bonnie Tess, one of the nominations of the Quincy Stable, is a half-sister to Cherryola and First Cherry. Golden Hours is a half-brother to the good old campaigner, Royal Meteor.

Virginia M., the filly that has been named by Mr. Billings, is a full sister to Luke, one of the best two-year-olds that came out of Kentucky last year.

H. P. Whitney has named four fashionably bred youngsters. Dominant is a half-brother to Earl's Court, Mystify and other good ones. The Broomstick—Artful filly is a full sister to Paintbrush and Sly Boots II, two truly good ones. The Black Venus filly is a half-sister to Dinah Do and Black Broom, while the Miss Hamburg colt is a half-brother to Sixty, which raced with success on both sides of the Atlantic.

L. S. Thompson will be represented by Bromo, the bay son of Broomstick—Lenyonara and a full brother to Leochares, which has won many a good race for John W. Schorr.

Strange to say, James Butler did not make an entry, and there are a few other absentees, but it is doubtful if there will be another race of thirty-three nominations that will carry such a heavy percentage of royally bred ones.

H. P. Whitney's Prince Henry won the race a year ago in a head and head finish with Trial by Jury and Lampoon.

It was worth $5,600 to the winner and the distance was four and a half furlongs.

[By Telegraph to The Tribune.]

GARFIELD TO LEAD FIVE

Williams Picks Football Star as Basketball Captain.

[By Telegraph to The Tribune.]

Williamstown, Mass., March 8.—At a meeting of the Williams basketball squad this noon James Abram Garfield, '16, of West Mentor, Ohio, was elected captain of the team for next season. Garfield has been prominent in athletics at Williams since he entered college.

For the last two seasons he has been a member of the 'varsity five, last year playing centre and this year left forward. Last fall he played a star game at tackle on the football team. He is president of his class.

To Turn Sheepshead Track Into Speedway

The old and famous Sheepshead Bay racetrack will be turned into a park for motor races, automobile shows and athletic contests of various kinds, according to the plans of the new Sheepshead Bay Speedway Corporation. The new company was incorporated at Albany yesterday, with a capital of $250,000. The directors are Louis P. Reeder, of 314 Eighth Avenue, Brooklyn, and G. H. Brevillier and A. M. Fowler, of 32 Broad Street, Manhattan.

It is the plan of the new corporation to spend about $1,000,000 developing the property. For some time there have been rumors that the Sheepshead Bay track had been purchased by a number of wealthy men, who intended making a speedway out of it where the biggest auto races could be held.

Baugh Succeeds Kavanaugh.

Birmingham, Ala., March 8.—Robert H. Baugh, of Birmingham, to-day was elected president of the Southern Baseball Association to succeed the late W. M. Kavanaugh, of Little Rock. Mr. Baugh is president of the Birmingham club.

Hoosiers Arrive in Camp.

Valdosta, Ga., March 8.—The Indianapolis Federal League team arrived here to-day for spring training.

Washburn, '16, of Boston; Charles Weeden, '16, of Boston; Theodore Ivimey, '17, of New York; Theodore Widmayer, '17, of New York, and Edward Maynard, of Northampton, Mass.

LIGGETT & MYERS REPORT

Loss in Earnings Caused by Greater Cost of Leaf Tobacco.

The Liggett & Myers Tobacco Company, in its annual report, issued yesterday, showed total profits for 1914 of $7,231,161, compared with $8,308,666 the previous year. The year's balance after fixed charges and preferred dividends was $4,314,308, equal to 20.07 per cent on $21,496,400 common stock, against 25.04 per cent earned on the same stock in 1913. The balance sheet showed cash on hand on December 31 last equal to $4,137,475, compared with $4,746,703 for the previous year.

C. C. Dula, president of the company, attributed the loss in earnings last year to the increase in the cost of leaf tobacco and other raw materials. Prospects for the current year, however, he said are encouraging.

COTTON QUIET AND LOWER

Price Changes Small and Market Easier Under Foreign and Southern Selling.

The cotton market was less active yesterday, and fluctuations were irregular, with the close steady, at a net decline of from 1 to 3 points. There was some Wall Street and commission house buying early, and after opening unchanged to 4 points lower, active months sold about 2 to 4 points net higher. This advance made new high ground for the movement, with October contracts selling at 9.35c, or $2.50 a bale, above the low level of last week, and within 15 points of the season's high record, established toward the end of January. There was considerable realizing around these figures, while the investment buying appeared to taper off, and the market soon turned easier under Liverpool and Southern selling, part of which seemed to come from the interior. Closing prices were within 4 or 5 points of the best.

The announcement that an understanding had been reached between marine insurance people and the British government which would permit shipment of cotton to neutral ports, contracts for which had been closed before the beginning of March, at a moderate rate of insurance, provided clearances were made by the end of this month, was supposed to mean a continued large export movement for the next three weeks.

Exports for the day were 72,978 bales, making 5,675,440 so far this season, against 7,375,087 last year. More consigned cotton is now arriving at New York, and the New York warehouse stock now amounts to 106,830 bales, against 99,943 at the beginning of the month and 102,873 last year. Southern spot markets were generally unchanged to 5 points higher, and the local market was quiet at 8.75c for middling upland; no sales; deliveries on contract, 1,800 bales. Local contract prices:

SUPPLIES SHOW LIMIT IN WHEAT EXPORTS

Stocks of Grains on Farms a Smaller Percentage of the Crops than in 1914.

Washington, March 8.—Wheat remaining on farms March 1 amounted to 152,903,000 bushels, or 17.2 per cent of the 1914 crop, compared with 19.9 per cent of the 1913, the department announced. About 60.7 per cent of the 1914 crop will be shipped out of counties where grown. These figures, with the visible supply on March 1 of 49,687,000, and a Western authority's figure on supplies in second hands of 115,000,000, make the total available supply 317,590,000 bushels. Home requirements for the balance of the season are estimated at about 177,000,000, and requirements for spring seed 30,000,000, which leaves 110,000,000 for export and carry over during the balance of the season. Last year's carry over was 72,000,000, and it will be seen that if this year's carry over be reduced to an even 50,000,000 it will leave only 60,000,000 for export during the balance of the season, or a weekly average of less than 4,000,000.

Corn remaining on farms was 910,894,000 bushels, or 34.1 per cent of the 1914 crop. About 18.6 per cent of the crop will be shipped out. Merchantable quality of crop, 84.5 per cent.

Oats remaining on farms were 379,369,000 bushels, or 33.2 per cent. About 29.4 per cent will be shipped out. Barley remaining on farms is given as 42,889,000 bushels, or 22 per cent. About 45.1 per cent will be shipped out.
