WHEAT SLUMPS 3 1-8 TO 4 1-8 CENTS

Market Affected by Cabinet Split and Reports of Heavy Frosts.

Chicago, June 9. Uncertainty over developments in regard to the relations of the United States with Germany had a decided bearish effect to-day on the wheat market here. The market closed heavy at 3⅛@3¼c to 4⅛c under last night. Corn showed ⅜@½c to ⅝c net decline and oats ⅞c to 1@1⅛c. In provisions the outcome varied from 2½c off to a like advance.

At first the diplomatic outlook seemed to have little, if any, influence on the wheat trade. Attention turned almost wholly to reports of frost and of unseasonable low temperatures throughout the domestic spring crop belt. A quick bulge in prices followed, the bearish government crop report being virtually ignored as having been discounted in advance. Later the receipt of advices that growth in the Northwest was not far enough advanced to be injured by the cold wave led to a change of sentiment, and it was at this juncture that rumors about further Cabinet changes and the exchange of the dispatch of the American note to Germany began to have a disturbing force.

Stop loss orders to sell wheat on the downgrade late in the session found the market in no shape to digest the offerings. Discouragement of holders was made still more complete by the lack of any adequate export demand.

In the corn pit the effect of wheat weakness finally proved more than an offset for adverse crop reports and unfavorable weather. The Iowa State report showed the condition of corn to be the poorest at this time in six years, barring a single instance.

Oats merely reflected the course of other grain. Rural offerings increased to a considerable extent, and especially so tenders of the new crop.

Higher prices for corn and hogs lifted provisions. The bulge, however, failed to last when corn fell with wheat.

COTTON DECLINES 14 TO 20 POINTS

Early Selling Prompted by Political Mixup Partly Offset in Late Rally.

The cotton market was unsettled yesterday, with prices closing easy at a net decline of 14 to 20 points. The Washington news of a split in the Cabinet at a time when there is more or less uneasiness over international politics naturally created increased nervousness and doubtless accounted for
