FEDERAL BANKS SHOW BIG GAINS

Total Earning Assets Increase $3,900,000 in Last Week.

$8,700,000 ADDED TO U. S. DEPOSITS

Gold Holdings Go Up $6,000,000, Says Statement of Reserve Board.

[From The Tribune Bureau.]

Washington, June 24.—Substantial gains in gold and total reserves and considerable increases in the amounts of acceptances on hand and of government deposits of the Federal Reserve banks are indicated by the regular weekly bank statement issued to-day by the Federal Reserve Board.

No changes are shown in the aggregate holdings of United States bonds and notes, only two banks reporting small bond transactions for the week. Municipal warrants on hand show a decrease for the week of $435,000, the Philadelphia bank reporting liquidation on a large scale of its holdings of this class of investments.

Total earning assets of the banks are at present $168,400,000, or $3,900,000 in excess of the total reported at the end of the preceding week, and more than double the total shown about six months previous. Of the aggregate earning assets acceptances constitute at present 41 per cent; United States bonds, 31.4 per cent; warrants, 12.8 per cent; discounts, 12.3 per cent, and Treasury notes, 2.5 per cent.

Government deposits show an increase of $8,700,000, all the banks except Minneapolis reporting considerable gains for the week. Net bank deposits decreased about $4,700,000, all the banks except Cleveland, Minneapolis and Kansas City reporting smaller figures than the week before. Of the total net deposits the amount standing to the credit of the government is now about 12 per cent, these percentages being much larger in the case of the three Southern banks.

Practically no change is shown in the total of Federal Reserve Bank notes in circulation. Federal Reserve agents report a total of $176,955,000 net of Federal Reserve notes issued to the banks, or $2,847,000 less than the week before. Against the total outstanding they hold $166,823,000 of gold and $10,578,000 of paper. The banks report a total of $153,038,000 of Federal Reserve notes in actual circulation and aggregate net liabilities of $9,228,000 on notes issued to them by the agents.

The total gold reserve of the Federal Reserve system increased about six million dollars during the week ended June 23, according to a statement of the bank's condition issued to-day.

The statement follows:

RESOURCES.

Gold coin and certificates in vault	$285,843,000
Gold settlement fund	106,101,000
Gold redemption fund with U. S. Treas.	1,934,000

Legal tender notes, silver, etc.	14,925,000
Total reserve	$387,664,000
Fire per cent redemption fund against Federal Reserve banknotes	630,000
Bills discounted and bought:	
Maturities within 10 days	14,451,000
From 11 to 30 days	12,215,000
From 31 to 60 days	31,695,000
From 61 to 90 days	21,600,000
Over 90 days	4,818,000
Total	$89,640,000
INVESTMENTS.	
United States bonds	$32,975,000
Municipal warrants	1,100,000
United States Treasury notes	21,600,000
Total earning assets	168,400,000
Federal Reserve notes, net	23,922,000
Due from Federal Reserve banks, net	10,287,000
All other resources	4,587,000
Total resources	$660,501,000
LIABILITIES	
Capital paid in	$34,863,000
Government deposits	44,800,000
Reserve deposits, net	472,812,000
Federal Reserve notes, net	153,127,000
Federal Reserve notes in circulation	1,828,000
All other liabilities	275,000
Total liabilities	$660,501,000

Ratio of total reserves to deposit and note liabilities combined, 61.7 per cent.

Ratio of gold reserve against net deposit and note liabilities, 74.8 per cent.

Ratio of gold reserve against net deposit liabilities after setting aside 35 per cent gold reserve against aggregate net liabilities on Federal Reserve notes in circulation, 74.2 per cent.

HOPE TO SETTLE ROCK ISLAND SUIT

Negotiations Under Way for an Agreement Out of Court.

Efforts are being made, with prospects of success, to settle out of court the $7,000,000 suit against old directors of the Rock Island, who were charged with having lost approximately that sum in negotiating the sale of the Frisco system to B. F. Yoakum and his associates in 1909. The directors named in the suit were Daniel G. Reid, William H. Moore, Richard A. Jackson, Francis L. Hine, Ogden Mills, William T. Graham, Edward S. Moore and H. U. Mudge.

The plan of settlement contemplates that these directors turn over to the Chicago, Rock Island & Pacific Railway Company approximately $5,000,000, in return for which they will receive a similar amount of the new 5 per cent cumulative preferred stock proposed in the plan of reorganization. In other words, par will be paid by these men for the stock.

Intertests closely identified with the reorganization proceedings said yesterday that they were heartily in favor of compromising the litigation, which was originally filed by N. I. Amster, as chairman of the minority stockholders' committee in the Supreme Court on February 2, 1915. September 29 of the same year Receiver Jacob M. Dickinson, by order of the Federal Court at Chicago, took up the action.

The former directors were charged with having unlawfully diverted, "in their own interest," the sum of $7,500,000 from the treasury of the railway company into the treasury of one of the holding companies then existing.

IRVING NATIONAL BANK, NEW YORK
New York, June 20th, 1916.
The Board of Directors has this day declared a quarterly dividend of Two Per Centum (2%) on the capital stock of this Bank, payable July 1st, 1916. Transfer books will remain closed from 3 o'clock P. M. June 20th, to 10 o'clock A. M., July 1st, 1916.
J. F. Bouker, Cashier.

GOLD STILL COMING

$20,000,000 Has Been Shipped to Philadelphia to Swell Total.

The end of the gold movement to this country from Canada is not yet in sight. Yesterday's shipment amounted to $3,500,000, bringing the total deposited by J. P. Morgan & Co. at the Assay Office on the present movement up to $77,500,000.

In addition there has been received by the Morgan firm's agents at Philadelphia $20,000,000, of which $10,000,000 was shipped last week. Including the gold sent to both New York and Philadelphia the imports have now almost reached the $100,000,000 mark. The explanation for the shipments to the Quaker City was that the facilities of the local Assay Office have already been taxed to capacity, making it necessary to forward some of the gold elsewhere.

CURB MARKET TRANSACTIONS

Trading Quiet, with Changes of Fractions — Automobile Stocks Neglected.

Little interest was displayed in outside securities yesterday, and the volume of business was small compared with recent days. Again the motor stocks were almost entirely neglected. Chevrolet opened 3 points off, but on small purchases made up the loss. United Motors and White moved fractionally and closed higher. Atlantic, Gulf and West Indies rose 1⅝ and the preferred ½. Cuba Cane Sugar was quiet and firm.

In the oil stocks Cosden Oil and Gas made a gain of ¾ on the day. Standard Oil issues were dull.
