American Prisoner In Germany 3 Years

Comrade of Liebknecht, Seized as Propagandist, Allowed to Leave

AMSTERDAM, Nov. 20.—A dispatch received from Berlin dated Saturday says Edward Holton James, an American lawyer, once editor of the Paris "Liberator," has been released from the military prison at Moabit after more than three years' imprisonment on a charge of carrying on anti-monarchical propaganda in connection with Dr. Karl Liebknecht. The dispatch adds that Mr. James appears to be none the worse because of his confinement and that he is returning to the United States.

Edward Holton James was born at Prairie du Chien, Wis., and was graduated from Harvard in 1896. After practising law in Seattle, he left for Paris in 1906, and a few years later came into national prominence through his association with Edward F. Mylius, a Belgian, in the publication of the Paris "Liberator." Mylius was convicted of libelling King George in the "Liberator."

Prior to his confinement in the German prison camp James had been arrested for socialistic propaganda in Germany, but was released through the efforts of James W. Gerard, the American Ambassador, on condition that he leave the country.

U. S. Bars Junketing To Scene of Battles

Announcement was made by Collector Newton yesterday that no passports will be vised by the customs passport bureau unless the applicants can show beyond the slightest doubt that they have urgent need to cross the Atlantic.

It is the purpose of the government to withold all passenger traffic to Europe until war conditions have become adjusted. Under no circumstances will the authorities permit embarkation of junketing parties to battlefields.

Exceptions will be made in the cases of persons called to Europe to see a dying relative or friend, but proof must be furnished. Urgent business also may be regarded as a sufficient reason.

The Cunarder Carmania went out yesterday with 121 saloon and twenty-six second cabin passengers. The Holland-America liner Nieuw Amsterdam yesterday took abroad only 165 passengers, all of them Dutch government employes on their way home from the Far East.

Over 100,000 persons have applied for passports since November 11, 25,000 being from this city.

Masaryk Sails Away To Lead New Nation

Dr. Thomas G. Masaryk, President-elect of Czecho-Slovakia, sailed yesterday on the Carmania, of the Cunard Line, to take up the duties of his new office. His daughter, Olga, and a few fellow countrymen accompanied him. From Liverpool he will go to Paris and then to Switzerland, reaching Prague, he believes, in about three weeks.

Not many persons were at the pier to see him off and few of his fellow passengers suspected the identity of the elderly, gray-bearded, studious looking man.

Dr. Masaryk declared he was delighted with the kindly feeling evinced in this country toward Czecho-Slovakia and said thanks were due particularly to the newspapers of the United States which had enabled him to bring the political problems of his own and similarly situated nations before the people of the country.

U-Boat Shipping Toll For October 93,000 Tons

LONDON, Nov. 20.—Allied and neutral shipping losses in October totalled 93,000 tons, the British Admiralty announces. The British losses amounted to 84,000 tons.

Sailings of steamships exceeding 500 tons between the United Kingdon and overseas ports, excluding cross-channel traffic, exceeded 7,500,000 tons in October.

Fruit Pit Supply Ample

WASHINGTON, Nov. 20.—Saving of fruit pits and nut shells is no longer necessary. The chemical warfare section of the United States army to-day informed the food administration that the supply of fruit pits and nut shells now on hand is sufficient to meet the requirements for gas masks.

The Weather Report

WASHINGTON, Nov. 20.—There are moderate disturbances off the Southeastern New England coast and over Eastern Texas, but the prevailing pressure is high, especially over the entire West and Northwest, with a marked gradient over the Canadian Northwest. The weather, however, was cloudy, as a rule, east of the Rocky Mountains, except in the Southeast, with light rains.

Light rains are reported from the Missouri Valley eastward and in Texas. There are local rains and snows in Colorado, Wyoming, Utah and Northern Arizona, and light snows in the northern upper lake region. Tem
