Far East Ship Conference Is Re-established

British, Japanese and American Ship Lines Join in Agreement to Fix Rates; Committee Is Appointed

Brazil Agreement Is Near

W. J. Love Says Substantial Progress Has Been Made in Stabilizing Shipping

British, Japanese and American steamship companies, meeting with officials of the Shipping Board at 45 Broadway yesterday, virtually agreed to the reconstruction of the Far East conference on rates, according to W. J. Love, vice-president of the Emergency Fleet Corporation, in charge of traffic. A committee was appointed to fix the schedules which will be observed by all lines operating from the Atlantic and Gulf coasts to the Orient. Similar negotiations are now under way on the Pacific coast.

At another meeting in the afternoon considerable progress was made in re-establishing the conference on northbound rates from Brazil, it was said.

The success of these two meetings marks a long step forward in stabilizing shipping, which will benefit not only the steamship companies but also exporters and importers, Mr. Love declared. He said that the rates to be fixed in each case will be little if any above the prevailing schedules, but that they will prevent uncertainty and form the basis for better conditions.

Negotiations have been started in London to bring together the steamship lines to the Levant. If this is successful it will mark the end of the recent rate wars which have upset the shipping industry and disorganized foreign trade.

Practically all of the steamship companies plying to the Far East participated in the meeting yesterday and pledged their support to the conference, Mr. Love said. Several British lines, represented by proxy at the session, are expected to give their assent later. With one or two unimportant exceptions, it was said, all of the companies are now in the agreement. A further meeting is scheduled shortly at which the rates to be fixed by the committee, composed of Americans, British and Japanese, will be ratified.

The meeting on northbound rates on Brazilian coffee resulted in an understanding to avoid the wide fluctuations that have recently characterized that trade, Mr. Love said. As there is little traffic from Brazil to the United States except in coffee, this amounts to a reconstruction of the conference. Rates have varied between 20 and 80 cents a 100 pounds, with 60 cents about the average charge. The Munson Line and the International Freighting Corporation are the only Shipping Board operators in this run, while there are six foreign lines.

The Shipping Board was represented at the meetings by Mr. Love and W. B. Keene, traffic manager. Chairman A. D. Lasker, J. B. Smull and other officials were in New York yesterday. It was said that they were here on routine business.

Shipping Notes

Proceedings in behalf of the creditors of the United States Mail Steamship Company, which were to have continued yesterday before John J. Townsend, 299 Broadway, referee in bankruptcy, were postponed until January 20, at noon. Negotiations are pending, it is understood, to simplify the status of assets of Francis R. Mayer and his associates, who were at the head of the steamship corporation.

Relief Ships Loading

The Purchasing Commission for Russian Relief announced yesterday that the following ships are being loaded with seed grain for shipment to Russia: At New York: Eastern Breeze, Pier 18, East River; Northern Star, Erie Elevator, Hoboken. At Baltimore: Absaroka, West Neris, Western Maid and Stonewall. At New Orleans: Belvidere, Brave Coeur, Ward and Eastern Exporter. The commission said that the Winnebago cleared from Baltimore on January 4, and the Honolulu on January 12. Purchases of grain made to date include 6,945,000 bushels of corn, 1,370,652 bushels of seed wheat, and 8,800 tons of corn grits. The commission will receive bids until 3 p. m. next Wednesday for corn in quantities and for 2,500 tons of corn grits.

Ship Inspection Rates

The Senate Committee on Commerce will hold a hearing Thursday, January 19, on the bill providing overtime rates to be paid transportation lines for the inspection of arriving officers and crews. Representatives of steamship companies and of railroads crossing the Canadian border are expected to attend.

Ship Anchorage Bill

The bill providing that the Commissioner of Lighthouses shall establish and maintain buoys or other suitable marks for anchorage grounds for vessels, when the grounds have been defined by proper authority, has been reported favorably by the House Committee on Interstate and Foreign Commerce. According to the committee report the bill has the approval of the Secretaries of War, Treasury and Commerce, and the chairman of the Shipping Board.

Fleet Corp. Heads to Settle British Claims Dispute Here

From The Tribune's Washington Bureau

WASHINGTON, Jan. 13.—An amicable settlement of the outstanding claims of the Shipping Board and the Emergency Fleet Corporation against the British government, covering freight charges and the payment of oil, flour and other ship supplies during the war, is expected to result in the conferences scheduled for New York City between Vice-Presidents Smull and Love, of the Fleet Corporation, and Sir Ernest Raeburn, representing the British government.

The claims against the British government total approximately $21,000,000, according to evidence presented to Sir Ernest on his recent visit to Washington. Against this total the British government has advanced a number of claims against the Shipping Board which leaves a difference of $5,000,000 in Great Britain's favor.

Bids on Wheat for Russia

The American Relief Administration announced it would receive bids up to 3 p. m. January 16 on the following commodities: No. 1 Manitoba seed wheat, No. 1 Northern Spring seed wheat grown in the United States for shipment to Russia.

Reports by Wireless

By United States Naval Service

[Distance is given in miles. Reports are dated at noon unless otherwise specified.]

NOTICE TO OWNERS, AGENTS AND SHIPMASTERS

The Tribune publishes daily reports of the positions of merchant vessels received through the United States Naval Communication Service. Shipmasters of vessels with radio apparatus may, without charge, report their (TR) noon positions through the following naval radio stations in the United States proper: Bar Harbor, Me. (Ottercliffe); Amagansett, L. I.; Cape May, N. J.; Norfolk, Va.; Cape Hatteras, N. C.; Jupiter, Fla.; Key West, Fla.; New Orleans, La.

These position (TR) reports should be addressed only to the radio station called, and they will be forwarded to New York. It is important that these reports should be sent promptly at noon each day in order that they may be received in time for publication.

Position reports can also be sent through the stations of the Independent Wireless Telegraph Company, Inc., at New York: East Moriches, L. I., and Easthampton, L. I.
