Owners to Guide Association of Ship Officers

Take Over Present Organization to Extend Co-operation Between Companies and Their Crews

Details Are Not Outlined

Wages and Working Conditions May Be Included Later in Scope of Plan

At a full meeting of the American Steamship Owners' Association at 11 Broadway yesterday it was decided to take over and sustain from July 1 to December 31, 1922, the American Steamship Licensed Officers' Association. In a formal statement Winthrop L. Marvin, vice-president of the owners, said that this was done "to ascertain the feasibility of utilizing this organization as the nucleus of a policy of general co-operation, on a basis of mutual benefit, with the seagoing officers and men of the merchant marine."

Mr. Marvin said that "this step was taken without prejudice against any of the existing officers' associations," such as the Neptune Association and the Marine Engineers' Beneficial Association.

In reply to questions, Mr. Marvin said that plans had not yet been formulated as to the expansion of the activities of the officers' organization, but pointed out that at present these were confined largely to sickness, death and legal benefits. It is understood that there is a probability wages and working conditions may be taken up if this is considered advisable.

In spite of the declaration of the shipowners that the new move is not directed against any of the existing organizations, there is a feeling among the leaders of the latter that the American Steamship Licensed Officers' Association is intended to absorb the independent bodies, especially at a time when the open shop prevails on all American ships. This view is shared by J. F. Milliken, secretary of the Neptune Association.

Under the plan agreed upon yesterday the administrative expenses of the licensed officials' association, which previously have been paid by a few West Indian and coastwise lines, will be assumed by the American Steamship Owners' Association, including transoceanic lines. Membership will be opened to engineers, as well as deck officers. Mr. Marvin said yesterday that no obstacles would be interposed against those who wish to join this body and at the same time retain their cards in outside associations.

Captain Richard Nivelle, of the Southern Pacific Company, is president of the American Steamship Licensed Officers' Association. Luther B. Dow is business manager. The association has about 1,300 members.

Alfred Gilbert Smith, president of the New York and Cuban Mail Steamship Company, presided at yesterday's meeting in the absence of President H. H. Raymond. Mrs. Henry Howard, of Cleveland, president of the American Merchant Marine Library Association, which is placing books on American vessels, spoke on her work and obtained the promise of the ship owners for full co-operation.

The Richmond-New York Steamship Company was elected to membership.

Far East Ship Lines Will Meet To-morrow

Take Up $25,000 Forfeit to Maintain Rates; Replies Awaited From Abroad

Legal aspects of the plan for each steamship line to put up a forfeit of $25,000 to maintain rates will be discussed at a meeting of the Far East Conference at the Shipping Board tomorrow. Attorneys are expected to report upon the advisability of having this in the form of cash, a bond or other security, and also what steps must be taken to make the agreement binding.

Officials of the conference said yesterday that final replies from some of the foreign lines probably would not be received for two weeks or more. While all of these have given their approval to the plan in principle, they have to pass upon the details, which were forwarded in the mails.

Reports by Wireless

By United States Naval Service

[Distance is given in miles. Reports are dated at noon unless otherwise specified.]

NOTICE TO OWNERS, AGENTS AND SHIPMASTERS

The Tribune publishes daily reports of the positions of merchant vessels received through the United States Naval Communication Service. Shipmasters of vessels with radio apparatus may, without charge, report their (TR) noon positions through the following naval radio stations in the United States proper: Bar Harbor, Me. (Ottercliffes); Cape Hatteras, N. C.; Jupiter, Fla.; Key West, Fla.; New Orleans, La.

These position (TR) reports should be addressed only to the radio station called, and they will be forwarded to New York. It is important that these reports should be sent promptly at noon each day in order that they may be received in time for publication.

Position reports can also be sent through the stations of the Independent Wireless Telegraph Company, Inc., New York City (WCG), Babylon, L. I. (WSE), Easthampton, L. I. (WSA), New London, Conn. (WST).

No charge made for medical or surgical advice, latest news and weather reports.

The Radio Corporation of America will receive position reports through the following stations: Cape Cod (WCC), Siasconset, Mass. (WSC), New London, Conn. (WLC), Cape May, New York City (WNY).

Medical and surgical advice will be given free through the Radio Corporation of America by the U S Public Health Service.
