The Man Who Walks By You

When a man walks by you on the way home to-night with a light, youthful step—don't envy him. Just make up your mind to come down here tomorrow and get the same shoes he wears—the famous Dr. A. Reed Cushion Shoes. Then, you can skip along yourself like a twelve year old.

Reed shoes are the easiest shoes on earth. Nothing else like them—if you have to walk much. No tired, aching feet, then. For the soft cushion insoles support the arches of your feet, distribute your weight evenly—and make walking a delight.

We'd just like to have you try on one pair and see how comfortably they fit the first time. That's convincing enough for everybody. And if you're "finicky" on style or leather—we've a wide variety of both to show you. Come in tomorrow.

The window displays Monday showed that there are some expert window decorators in the Alliance stores. Practically every window in the city was decorated with the prevailing colors, although some of the

BUILDING SPUD CELLAR

Will Be Located Near the Burlington Tracks Near Stockyards—Capacity of 25,000 Bushels

A. P. Miller & Son, Chicago produce dealers, this week let the contract for the building of the potato cellar in Alliance and the excavation work is now under way. The cellar is located near the Burlington tracks, near the stockyards, and will be completed in about two weeks.

This cellar will be 40x102 feet and will be eight feet deep, except at both ends, where there will be driveways for the wagons to go down into the cellar to unload. Extending across the center of the cellar will be an office and sorting room 30x48 feet. The cellar will have a capacity of more than 25,000 bushels. Potatoes are already being purchased by this firm, those coming in now being loaded into the cars direct.

This means much for the country surrounding Alliance, as it is a permanent fixture, and will always mean a ready market for potatoes at good prices. This part of Nebraska is now being recognized as the coming potato country, and this move on the part of some large produce firm has been anticipated for some time. The Miller people are also building a cellar of nearly the same dimensions at Hemingford, and it is probable that they will build another one at that place. They are also building one at Marsland.

A chute will be built from the sorting room down into the cellar, and another from the cellar direct to the railroad track, and a sack elevator will be used in transferring the sacked potatoes from the cellar to the car. Oscar O'Bannon will be the local agent for the Miller people and will have charge of the work.

Sunday closing has forced the Young China Buffet of Chicago's Chinatown out of business. As it employed quite a number of bartenders, the laundry business should now experience a boom.
