Just Three Weeks

Three weeks from tomorrow night will be Christmas eve. Three weeks from Saturday will be Christmas day!

Every minute you put off your shopping lessens your chance of getting the pick of the stocks just that long. We don't want to seem urgent, for we will have a Christmas stock right up until Christmas day, but during the last few days it will be a small one.

But what we do want to impress on you is that you're going to possibly lose out and not get exactly what you had wanted. Perhaps there is some article in the stock that you would like to have, yet you don't want to buy it just now. If this is the case, we will gladly lay it away for you until you're ready for it, on receipt of a small deposit.

We want to facilitate the work all that is possible, both for the customers and for the store help.

And right here we want to emphasize the fact that our stock is new and clean—bright, shiny, substantially built toys; and beautifully-finished, well-made furniture and dishes.

The useful gift is appreciated most nowadays, and that's the kind we have. Become a member of the "SPUG".

- And furthermore we never misrepresent. If we haven't the article you wish in stock we will gladly get it for you, but under no circumstances will we try to persuade you to take something you do not want. This is a firm policy laid down by Miller Bros., and we always intend to stick to it.
- Pick out any article of furniture, make a small deposit, and we will gladly reserve it for you until you are ready for it.
