

## "Sudden pain from over-strain"

Every Housewife or Mother is ever under that Nervous Strain which so often results in Headaches, Dizzy Sensations, Faintness, Depression and other Nervous Disorders.

Dr. Miles' NERVINE

is Highly Recommended in Such Cases.

IF FIRST BOTTLE FAILS TO BENEFIT, YOUR MONEY WILL BE REFUNDED.

**BADLY RUN DOWN.**  
"I had become greatly run down and my nerves were in terrible condition. I had frequent headaches and became very weak and was unable to do anything. I bought a bottle of Dr. Miles' Nervine. I soon began to feel better, my nerves were quieted. I recovered my strength, and have since recommended Dr. Miles' Nervine to many of my friends who have used it with satisfactory results."

**"SPEED UP!"**  
to 60 minutes an hour by taking the "grind" out of typewriting!

AND smile! For here at last is the master machine that makes it easy for any stenographer to turn out MORE letters with LESS effort in the ordinary working day. The new Royal Master-Model "10" speeds up the day's work and sets the pace that pays!

Built for "Big Business" and its Great Army of Expert Operators

These new features of the Royal add to the sensitive fingers of the typist, the one vital thing that the old-style typewriter subtracts—*speed!*

The speed with brains behind it—the all-day speed of the expert typist in the day's work. *Errorless* speed is the kind of speed that counts. Commonsense has punctured the illusion of the other kind.

Get the Facts!

Send for the "Royal man" and ask for a DEMONSTRATION. Or write us direct for our new brochure,—"Better Service," and book of facts on Touch Typing—sent free to typewriter users.

## News From the Exchanges

### BUYERS FROM FIVE STATES AT HORSE SALE

Top Price Brought by Rex, \$900—Thirty-six Animals Auctioned off Bring Total of \$11,585

Hutchinson Gazette.—The largest sale of Percheron horses held in the middle west this season and the best in the history of sales held in Hutchinson, occurred at the Kansas State Fair Grounds yesterday afternoon when a total of thirty-six stallions and mares were auctioned off for a total of \$11,585. The sale was very successful, both from the viewpoint of breeder and purchaser. Prices were good, although not extra high. The lowest bid was \$75, bid for Perfection, a dark gray mare, and the top mark \$900, brought by Rex, a well known Percheron stallion.

The sale was held in the main cattle barn, inside of which a temporary grandstand for visitors had been erected. A show ring gave full view of the horses on sale, and five auctioneers worked at the same time. John D. Snyder, a Hutchinson man, cried the sale. Bidders were present from Nebraska, Oklahoma, Colorado, New Mexico, Texas and from all over Kansas. Despite the fact that a similar sale was held yesterday at Enid, Okla., which kept many away, the sale was a marked success, according to trade paper men, who make all the sales.

### THE TRI-STATE FAIR PLANS SALES PAVILION

Committee Appointed to Investigate Plans for Stock Company to Incorporate for \$4,000

Crawford Tribune.—Last Thursday evening in the Chamber of Commerce rooms, an interesting meeting was held relative to the building of a sales pavilion in connection with the Tri-State Fair association. Stockmen throughout the country are vitally interested in this proposition and local business men are also full of enthusiasm in regard to the matter.

The proposition is to build a large sales pavilion at a cost of between three and four thousand dollars, incorporate a stock company and erect said building immediately so same can be used during the fall fair. Without question the money can be secured to finance the thing as parties in the country are willing to go in half with the town people and it will only be a short time until this building has been realized. It is needed in Crawford.

Monday evening the committee appointed to look into the matter, consisting of Sam Swinbank, Clyde Buffington, Ed McDowell, L. L. Lease and S. M. Knapp, met and drew up tentative plans. F. S. Merritt is also working on plans and as soon as figures are secured the committee can be started at once.

### QUANTITY OF DYNAMITE UNEARTHED ON PLATTE

Two Boys Find 100 Sticks of Explosives Buried on River Bank Near Bridgeport

Bridgeport News-Blade.—Nearly 100 sticks of dynamite were taken last week from two boys, who had unearthed the sticks on the river bank about a half mile from the bridge, and a detective has been busy for the past week trying to locate the source of the explosives and find where it was originally stolen from. Frank Colgrove, aged sixteen, and Charlie Roads, aged eighteen, of this city, learned through some means that the dynamite was buried at the river and they proceeded to dig up the stuff and store it in a barn. Information of the fact was gained through the parents of one of the boys, and the chief of police began an investigation at once. The boys were not storing the dynamite with any malicious intent and evidently were perfectly innocent of any conspiracy. They were arraigned before Judge Steuterville last Saturday and severely reprimanded for their connection in the matter, after which they were dismissed. The dynamite had been buried at the river for several years and has a long history connected with its mysterious appearance and disappearance. An investigation showed that the dynamite had originally been stolen about three years ago from the Union Pacific company at the time of the construction of the branch on the other side of the river.

**DAMAGE BY NIOBRARA**  
Gordon Democrat.—Although no loss of life has been reported along the Niobrara the property loss has been very great. Up to date, twenty bridges and twelve houses have been reported as washed away by immense masses of floating ice. The latest news is to the effect that the river is gradually subsiding.

**WILL RAISE BEETS ON RAILROAD RIGHT OF WAY**  
Gering Courier.—R. C. Blane, who is a recent arrival in this valley, has rented about sixty acres of the right-of-way along the Union Pacific tracks on which he will grow sugar beets. This is the first exception so far as we have heard to the company's rules that the right-of-way will only be leased to raise alfalfa. The rental rate is one dollar per acre, and there is now little if any left along the line in this county of good land, at least. Blane gets some both east and west of Gering.

### SIDNEY SCARLET FEVER SITUATION IS SERIOUS

Five New Cases Reported—May Find It Necessary to Close the Public Schools

Sidney Telegraph.—The board of health reports that the scarlet fever situation is assuming graver aspects, not in greater seriousness of cases but in the increasing number. Families quarantined in the past five days are those of August Meyer, on the south limits of town; Chris Livoni and George Thompson, in the southeast part of town; Mr. Canham on the north side, in the A. B. Persinger house; Edwin Bretznitz is ill at the home of his grand parents, E. Lenzen south of town. His mother and the twins are there also. Their rooms and place of business have been thoroughly disinfected by the health board, and as they went to the country before the point of contagion was reached, no trouble can grow from that source. There is but one sick in each family excepting the Canham family, which have six children ill. No cases are severe.

The Board of Health may find it necessary to close the schools, churches and all places of amusement and public gatherings. So far it has been held that the public schools were the best possible means of checking the trouble as teachers are watching carefully and each morning a report is made to the superintendent of all absent ones and of those sent home because of not feeling well. The superintendent reports each morning to the Board of Health who investigates each case. The school houses are disinfected thoroughly at each week end and all around, it would seem that schools are the safest places there are.

### REAL ESTATE ACTIVITY

Many City Lots Changing Hands at Scottsbluff—Anticipate Big Increase in Population

Scottsbluff Republican.—During the past month the city of Scottsbluff has shown an activity which we doubt has been equalled in any other city in the west. Since the New Year there has been a constant advance in real estate in and about the city, and more lots have changed hands than at any time since the sugar factory was located here. The Lincoln Land Co. have practically sold all of their holdings in the city that have been platted, while there have been several additions closed out. If the present rate is continued for the next month and all who are buying should build, there is no question as to the final outcome and that Scottsbluff will be near the ten thousand mark by the time the census is taken in 1920. At any rate these are the figures we have set to reach then, and we will not be surprised if we have a larger number.

### CHAMPION RIDER DEAD

Henry Webb of 1913 Frontier Days Fame Dies from Result of Injuries

Henry Webb of Wheatland, Wyo., who won the rough riding championship at the Frontier days celebration at Cheyenne in 1913 is dead at his home in Wheatland as the result of injuries he suffered when a horse he was riding slipped on the ice and fell upon him. Webb died from concussion of the brain. The attending physician said had he recovered he would have been paralyzed for the remainder of his days.

Webb was 23 years old and during the past few years participated in nearly all rough riding contests throughout the country and was always inside the money, carrying away more first and second places than all the other rough riders combined. He had many narrow escapes from death while riding in bucking contests and also breaking horses on the range.

### GORDON JOURNAL OFFICE FLOODED BY NIOBRARA

Gordon Journal.—With the freshet of Tuesday, Antelope Creek on the rampage and out of its banks, the Journal got about four feet of water in the quarters. Consequently this half sheet is issued from the Democrat office, to whom we are under lasting obligations.

Our entire stock of paper and stationery is a total loss, our plant is damaged to a considerable extent. We hope to have the paper out next week brighter and better than ever.

Bro. Clark kindly offered to allow us the use of two pages of his paper, while we managed to fish out two pages of the Journal from the flood, and under great tribulations we come to you rather beragged but feeling good after the bath.

### CONVENTION OF FARMERS' UNION AT MINATARE

Morrill Mall.—The district convention of the Farmers Union will be held at Minatare Saturday, March 4, commencing at 9 o'clock a. m.

This meeting promises to be the most interesting we have ever held and all members of invited to be present and take their part in the discussion of the important questions that will come before this convention.

Several state speakers will be present.

Your ad in the Herald Want Ad Department will reach hundreds, some of whom surely have what you want or want what you have.

## You Want Good Lath

when you build your house—lath that will hold plaster for a lifetime and never warp and crack the wall surface. Only the best lath will "stand up" and give the sort of service required by the careful builder.

## We Sell That Kind

Come in and see us before you buy building material. We can show you how to get the greatest value for your money and how to avoid waste. Our advice is honest and free, because we want to make business friends and keep them.
