Sand Will Do It

I observed a locomotive in the railroad yards one day; it was waiting in the roundhouse where the locomotives stay; it was panting for the journey, it was coaled and fully manned, and it had a box the fireman was filling full of sand.

It appears that locomotives cannot always get a grip. On the slender iron pavement, 'cause the wheels are apt to slip; and when they reach a slippery spot their tactics they command, and to get a grip upon the rail they sprinkle it with sand.

It's about the way with travel along life's slippery track; if your load is rather heavy you're always slipping back; so, if a common locomotive you completely understand, you'll provide yourself in starting with a good supply of sand.

If your track is steep and hilly and you have a heavy grade, if those who've gone before you have the rails quite slippery made, if you ever reach the summit of the upper table land, you'll find you'll have to do it with a liberal use of sand.

If you strike some frigid weather and discover to your cost, that you're liable to slip up on a heavy coat of frost, then some prompt decided action will be called into demand, and you'll slip 'way to the bottom if you haven't any sand.

You can get to any station that is on life's schedule seen if there's fire beneath the boiler of ambition's strong machine, and you'll reach a place called Plustown at a rate of speed that's grand, if for all the slippery places you've a good supply of sand.

"My wife gave a reception yesterday."

"Did you attend?"

"Yes, I played a practical joke on her. I got in line when she was receiving and before she knew it she was smiling and saying she was glad to see me."

Tactful

Clerk—Is the shirt for your husband, ma'am, or do you wish something in a better quality?

"I understand your husband has equipped his factory with a pulmotor, Mrs. Nurich."

"Well, I suppose he had to; they handle so much heavy freight, don't you know?"

"Mister, I'm a stranger in town. I'm lost and can't find my way to the depot."

"Better settle right here, my friend," advised the booster. "You couldn't locate in a better place."

None Got by Him

A young Irishman was sent by his backers to a neighboring city to box an athlete living there.

He was getting the worst of it, as his friends soon realized.

"Come, brace up, Jim," cautioned one of his friends. "Stop more of his blows."

"Stop them!" the unfortunate Jim cried. "Do ye see any'n of thim gettin' by?"

Accomplished

Miss Boss was a settlement worker, and one day she called at the home of the Thompsons. She found no one at home but a girl of about 12 and a smaller brother. After talking with the little mother a few moments, she said:

"And does your little brother help you at all? What does he do all day?"

The little girl gave her younger brother a proud glance, and said:

"Say, kid, smoke a cigarette for de lady, and swallow de stub."

The small daughter was industriously ironing her doll clothes when her mother entered.

"It's wrong to work on Sunday. Have you forgotten the Lord sees you?"

"This isn't work. And if the Lord does see me, he knows perfectly well this iron is cold."

IS IT YOUR KIDNEYS?

Don't Mistake the Cause of Your Troubles

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is where the danger often lies. You should realize that these troubles often lead to dropsy or Bright's disease. An effective remedy for weak or diseased kidneys is Doan's Kidney Pills. Residents of this vicinity are constantly testifying.

Mrs. O. Pearson, Sidney, Nebr., says: "I suffered considerably from weakness and lameness in my back and other symptoms of kidney trouble. Doan's Kidney Pills strengthened my kidneys and relieved the aches and pains. I gladly recommend Doan's Kidney Pills to other kidney sufferers."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Pearson had. Foster-Milburn Co., Props., Buffalo, N. Y. Adv—May 4-11

GLACIER NATIONAL PARK THIS SUMMER WILL DELIGHT THOUSANDS

Now is the time to plan a vacation tour. You will want such a complete change of environment as will drive out every thought of work, and free your system from the torpor of monotony. Glacier Park will give you such deep, high and wide pictures of nature's magnificence as to calm your mind, worn with petty worries.

Glacier is the indescribable climax of the grandeur of the Rockies. Here you penetrate into localities of hidden mountain lakes and into the depth of forests; you reach mysterious sources of cascades and torrents tumbling from melting glaciers. You zig-zag over mountain passes along Government trails that yield to the beholder such glorious perspectives of weird topography in countless hues,—that word painting or any kind of a painting seems cheap and futile.

This is, too, a delightful vacation land. Here are resources for every tourist. "Good management and good nature"—is the Law of the Park. Let me send you Glacier Park publications; they will make to you a strong appeal to renew your energies in that land.
