GREAT IMPROVEMENT IN SEWING MACHINES. SMITH & O'G'S NEW PATENT FAMILY SEWING MACHINES, 537 BROADWAY, N. Y.

This machine possesses many new and important improvements. It is strongly built, simple in its construction, makes a tight, double lock stitch, is adapted to all kinds of work, from fine Swiss muslin to leather, makes comparatively no noise when running, it is not only equal, but in many respects superior to any other machine in the market. It has been examined by several of the most prominent and competent machinists of this city, and pronounced by them to be perfect in all its parts, and in every respect worthy of their highest commendation.

The great advantage possessed by this machine over all others, is simplicity of construction in such that having neither wheels or springs, it is literally impossible for it to get out of order. Price $20.
